- (1) The 6.50% Notes due 2038, 6.80% Notes due 2038, 6.00% Notes due 2042, 5.35% Notes due 2033 and 5.95% Notes due 2035 are referred to herein as the “US\$ Notes.” The 3.10% Series 6 Medium Term Notes due 2029, 3.00% Series 5 Medium Term Notes due 2026, 5.00% Series 7 Medium Term Notes due 2030 and 5.39% Series 4 Medium Term Notes due 2037 are referred to herein as the “C\$ Notes.”
- (2) Subject to the Maximum Amounts and proration, if applicable, the principal amount of each series of Notes that is purchased in each Tender Offer will be determined in accordance with the applicable Acceptance Priority Level (in numerical priority order) specified in this column in the manner described in the Offer to Purchase (as defined below).
- (3) The calculation of the applicable U.S. Total Consideration (as defined below) for each series of US\$ Notes and the calculation of the applicable Canadian Total Consideration (as defined below) for each series of C\$ Notes was performed taking into account such par call date, if any, or maturity date, in accordance with market practice.
- (4) The applicable consideration for each series of US\$ Notes (the “U.S. Total Consideration”) offered per each US\$1,000 principal amount of each series of US\$ Notes validly tendered prior to or at the Early Tender Date and accepted for purchase pursuant to the applicable Tender Offer was determined in the manner described in the Offer to Purchase by reference to the applicable fixed spread for such Notes (the “Fixed Spread”) specified in the table above, plus the applicable yield based on the bid-side price of the applicable U.S. reference security specified in the table above as displayed on the applicable Bloomberg Reference Page at 11:00 a.m., New York City time, on the date hereof. The applicable consideration for each series of C\$ Notes (the “Canadian Total Consideration” and, together with the U.S. Total Consideration, the “Total Consideration”) offered per C\$1,000 principal amount of each series of C\$ Notes validly tendered prior to or at the Early Tender Date and accepted for purchase pursuant to the applicable Tender Offer was determined in the manner described in

the Offer to Purchase by reference to the applicable Fixed Spread specified in the table above, plus the applicable yield based on the bid-side price of the applicable Canadian reference security specified in the table above as displayed on the applicable Bloomberg Reference Page at 11:00 a.m., New York City time, on the date hereof. The Total Consideration for each series of Notes is inclusive of the applicable early tender payment, being the amount in cash equal to US\$30 and C\$30 per US\$1,000 and C\$1,000, respectively, principal amount of Notes validly tendered prior to or at the Early Tender Date and accepted for purchase. The Total Consideration for each series of Notes does not include the applicable accrued and unpaid interest, which will be payable in addition to the applicable Total Consideration.

- (5) Such Notes were issued by Petro-Canada; Suncor assumed the obligations for such Notes in 2009.
- (6) Such Notes were issued by Canadian Oil Sands Limited; Suncor assumed the obligations for such Notes in 2016.

The Tender Offers are being made upon the terms, and subject to the conditions, previously described in the offer to purchase dated September 19, 2024, as amended and supplemented by Suncor's news release on October 2, 2024 (as so amended, the "Offer to Purchase"). Suncor refers investors to the Offer to Purchase for the complete terms and conditions of the Tender Offers.

Withdrawal rights for the Notes expired at 5:00 p.m., New York City time, on the Early Tender Date. The Tender Offers for the Notes will expire at 5:00 p.m., New York City time, on October 18, 2024, or any other date and time to which Suncor extends the applicable Tender Offer, unless earlier terminated. As previously announced, Suncor expects to elect to exercise its right to make payment on October 7, 2024 (the "Early Settlement Date") for Notes that were validly tendered prior to or at the Early Tender Date and that are accepted for purchase. Suncor intends to fund the purchase of validly tendered and accepted Notes on the Early Settlement Date with cash on hand.

For purposes of calculating the portion of the Maximum Amounts attributable to each series of US\$ Notes, the aggregate principal amount of US\$ Notes tendered in the applicable Tender Offer shall be converted to Canadian dollars based on the exchange rate of one U.S. dollar for 1.3540 Canadian dollars, as shown on the FXC page displayed on the Bloomberg Pricing Monitor at 11:00 a.m., New York City time, on the date hereof.

Because the Pool 1 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date have an aggregate principal amount that exceeds the Pool 1 Maximum Amount, Suncor does not expect to accept for purchase all Pool 1 Notes that have been validly tendered and not validly withdrawn prior to or at the Early Tender Date. Rather, subject to the Pool 1 Maximum Amount and the Acceptance Priority Levels set forth in the table above, in each case as further described in the Offer to Purchase, Suncor expects to accept for purchase all of the 6.50% Notes due 2038 validly tendered and not validly withdrawn prior to or at the Early Tender Date. Suncor expects to accept for purchase the 6.80% Notes due 2038 validly tendered and not validly withdrawn prior to or at the Early Tender Date on a prorated basis using a proration factor of approximately 45.7%. As described further in the Offer to Purchase, Notes tendered and not accepted for purchase will be promptly credited to the tendering holder's account. Additionally, because the Pool 1 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date have an aggregate principal amount that exceeds the Pool 1 Maximum Amount, Suncor does not expect to accept for purchase any Pool 1 Notes tendered after the Early Tender Date on a subsequent settlement date.

Because the Pool 2 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date have an aggregate principal amount that exceeds the Pool 2 Maximum Amount, Suncor does not expect to accept for purchase all Pool 2 Notes that have been validly tendered and not validly withdrawn prior to or at the Early Tender Date. Rather, subject to the Pool 2 Maximum Amount and the Acceptance Priority Levels set forth in the table above, in each case as further described in the Offer to Purchase, Suncor expects to accept for purchase all of the 3.10% Series 6 Medium Term Notes due 2029, 3.00% Series 5 Medium Term Notes due 2026 and 5.35% Notes due 2033 validly tendered and not validly withdrawn prior to or at the Early Tender Date. Suncor expects to accept for purchase

the 5.95% Notes due 2035 validly tendered and not validly withdrawn prior to or at the Early Tender Date on a prorated basis using a proration factor of approximately 30.6%. Suncor does not expect to accept for purchase any 5.00% Series 7 Medium Term Notes due 2030 or 5.39% Series 4 Medium Term Notes due 2037. As described further in the Offer to Purchase, Notes tendered and not accepted for purchase will be promptly credited to the tendering holder's account. Additionally, because the Pool 2 Notes validly tendered and not validly withdrawn prior to or at the Early Tender Date have an aggregate principal amount that exceeds the Pool 2 Maximum Amount, Suncor does not expect to accept for purchase any Pool 2 Notes tendered after the Early Tender Date on a subsequent settlement date.

The applicable Total Consideration listed in the table above will be paid per US\$1,000 or C\$1,000, as applicable, principal amount of each series of Notes validly tendered and accepted for purchase pursuant to the applicable Tender Offer on the Early Settlement Date. Only holders of Notes who validly tendered and did not validly withdraw their Notes prior to or at the Early Tender Date are eligible to receive the applicable Total Consideration for Notes accepted for purchase. Holders will also receive accrued and unpaid interest on Notes validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the Early Settlement Date.

All Notes accepted for purchase will be retired and cancelled and will no longer remain outstanding obligations of Suncor.

The Tender Offers are subject to the satisfaction or waiver of certain conditions, which are specified in the Offer to Purchase. The Tender Offers are not conditioned on any minimum principal amount of Notes being tendered.
