

AISIX Solutions Inc. Announces Wildfire Risk Intelligence Pilot With an Insurance Company

Vancouver, British Columbia--(Newsfile Corp. - November 4, 2025) - [AISIX Solutions Inc.](#), (TSXV: AISX) (FSE: QT7) ("**AISIX**" or "the **Company**"), a wildfire risk assessment and analytics solutions provider, is pleased to announce that it has entered into a Memorandum of Understanding (MOU) with a global provider of specialty insurance, engineering and risk management solutions, to conduct a 30-day pilot program evaluating [Climate Genius](#), AISIX's wildfire risk intelligence platform. The MOU was signed Tuesday, October 28, 2025.

The insurance company is part of an international reinsurance group with the mission of preventing business losses and increasing resilience. It specializes in safeguarding infrastructure and critical systems.

Under the terms of the pilot, the insurance team will be granted full access to AISIX's wildfire dashboard to assess its data quality, operational utility, and potential for broader enterprise deployment. The program will include up to six users and the evaluation of up to 500 locations to test property-level wildfire risk and burn probability scoring.

The pilot will measure the performance of AISIX's wildfire analytics platform across seven key areas, including:

- Data relevance and operational value for underwriting and risk assessment
- Compatibility with internal analytics systems
- User experience and satisfaction
- Customer support responsiveness
- Overall fit and confidence in future adoption potential

If the pilot meets success thresholds, both parties intend to advance discussions toward a paid engagement under AISIX's scalable, volume-based pricing model.

"This pilot project represents another important step in expanding access to wildfire risk intelligence for Canada's insurance sector," said Dr. Gio Roberti, CEO of AISIX Solutions. "Our goal is to help insurers better understand and manage wildfire risk through advanced data analytics, reducing risk exposure and losses."

Forward-Looking Statements

Certain information in this news release constitutes forward-looking statements and forward-looking information (collectively, the "**forward-looking statements**") within the meaning of Canadian securities laws, and is subject to numerous risks, uncertainties, and assumptions, many of which are beyond the Company's control. This forward-looking information includes, among other things, information with respect to the Company's beliefs, plans, expectations, anticipations, estimates and intentions. The words "may", "could", "should", "would", "suspect", "outlook", "believe", "anticipate", "estimate", "expect", "intend", "plan", "target" and similar words and expressions are used to identify forward-looking information, including the Company's expected product offerings, the functionalities of the Company's products and the Company's expected growth opportunities. The forward-looking information in this news release describes the Company's expectations as of the date of this news release.

The results or events anticipated or predicted in such forward-looking information may differ materially from actual results or events. Material factors which could cause actual results or events to differ materially from such forward-looking information include, among others, the Company's ability to engage and retain qualified key personnel, employees and affiliates, the Company's ability to obtain capital and credit on reasonable terms, the Company's ability to compete and the Company's ability protect its intellectual property rights.

The Company cautions that the foregoing list of material factors is not exhaustive. When relying on the Company's forward-looking information to make decisions, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. The Company has assumed a certain progression, which may not be realized. It has also been assumed that the material factors referred to in the previous paragraph will not cause such forward-looking information to differ materially from actual results or events. However, the list of these factors is not exhaustive and is subject to change and there can be no assurance that such assumptions will reflect the actual outcome of such items or factors.

The forward-looking statements contained in this news release represent the expectations of the Company as of the date of this news release and, accordingly, are subject to change after such date. Readers should not place undue importance on forward-looking information and should not rely upon this information as of any other date. While the Company may elect to, it does not undertake to update this information at any particular time.
