## Gatekeeper Announces \$1M of Full-Fleet School Bus Video and Subscriptions Contracts in California

**Abbotsford, BC – August 8, 2025** – Gatekeeper Systems Inc. (“Gatekeeper” or the “Company”) (TSX-V:GSI) (OTC:GKPRF), a leader in video and data solutions for school buses, public transit and smart cities, is pleased to announce three full-fleet school bus video and subscriptions contracts in California.

The first contract is with an existing student transportation provider customer who is adding video solutions and subscriptions relating to a school district who is a new customer to the Company.

The second contract is directly with a school district, who is a new customer to the Company, for Mobile Data Collectors, AI-Dash Cams, 360 Surround Vision, and video management subscriptions for their vehicle fleet.

The third contract is directly with an existing school district customer for a full-fleet upgrade to newer video technology on their school buses.

The three contracts have an aggregate value of approximately US\$710,000 (approximately C\$975,000), plus hosted services subscriptions on approximately 145 buses.

Doug Dymont, Gatekeeper's President and CEO commented, "We continue to gain solid traction in California, where we have over 350 existing school district customers. These three contracts exemplify our sales approach. We work with school bus transportation providers to leverage a broader customer reach, we sell directly to new school districts, and we work with existing customers who value our customer service and choose our innovative new offerings."

The Company also clarifies that further to its news release dated July 23, 2025, the 6% cash commission paid to the underwriters of the Company's brokered private placement equaled \$690,138.

### **About Gatekeeper Systems Inc.**

Gatekeeper is a leading provider of video and data solutions for a safer transportation environment for children, passengers, and drivers on public transportation fleets. Gatekeeper has provided solutions to more than 60 transit agencies and 3,500 school districts throughout North America and has installed more than 57,000 Mobile Data Collectors for customers which record video and data daily from over 200,000 onboard devices. The Company's hosted software applications facilitate AI-assisted video analytics for incident management and storage. The Company's Platform-as-a-Service (PaaS) business model is centered around the Mobile Data Collectors, which are the cornerstone of its data company transformation.
