Condensed Notes to the Interim Consolidated Financial Statements

(Unaudited, in millions of Canadian dollars, except for per share amounts and where otherwise stated. All amounts stated in U.S. dollars are in millions.)

1. General Information

Description of Business

Sun Life Financial Inc. ("SLF Inc.") is a publicly traded company domiciled in Canada and is the holding company of Sun Life Assurance Company of Canada ("Sun Life Assurance"). SLF Inc. and its subsidiaries are collectively referred to as "us", "our", "ours", "we", or "the Company".

Our Interim Consolidated Financial Statements have been prepared in accordance with International Accounting Standard ("IAS") 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board ("IASB"). We have used accounting policies which are consistent with our accounting policies in our 2024 Annual Consolidated Financial Statements, except as updated in Note 2 below. Our Interim Consolidated Financial Statements should be read in conjunction with our 2024 Annual Consolidated Financial Statements, as interim financial statements do not include all the information incorporated in annual consolidated financial statements prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the IASB.

2. Changes in Accounting Policies

Our material accounting policies and future changes in accounting policies that are not yet effective for us are disclosed in Notes 1 and 2 of our 2024 Annual Consolidated Financial Statements.

Other Changes in Accounting Policy

We have changed our accounting policy for certain joint ventures to disaggregate insurance finance income or expenses between net income and other comprehensive income ("OCI"). For these joint ventures, insurance finance income or expenses were previously recorded through net income, while the corresponding invested assets have historically been recorded at fair value through OCI ("FVOCI"). These invested assets and insurance liabilities are managed together and presenting insurance finance income or expense changes for both items through OCI reduces accounting mismatch. We account for these joint ventures using the equity method of accounting, whereby we recognize our share of net income in investment income in our Consolidated Statements of Operations and our share of OCI in our Consolidated Statements of Comprehensive Income (Loss). The impact of this change is not material to our share of net income or OCI in any individual prior period. We have processed an adjustment to increase opening Retained earnings by \$213 and decrease Accumulated other comprehensive income by \$213 retroactively to January 1, 2024.

3. Segmented Information

We have five reportable business segments: Canada, United States ("U.S."), Asset Management, Asia, and Corporate. These business segments operate in the financial services industry and reflect our management structure and internal financial reporting. Asset Management includes the results of our MFS Investment Management and SLC Management business units. Corporate primarily includes our Corporate Support operations, such as investment income, expenses, capital, and other items not allocated to our other business groups.

Revenues from our business segments are derived primarily from life and health insurance, investment management and annuities, and mutual funds. Revenues not attributed to the strategic business units are derived primarily from Corporate investments and earnings on capital.

The expenses in each business segment may include costs or services directly incurred or provided on their behalf at the enterprise level. For other costs not directly attributable to one of our business segments, we use a management reporting framework that uses assumptions, judgments, and methodologies for allocating overhead costs and indirect expenses to our business segments.

Intersegment transactions consist primarily of internal financing agreements which are measured at fair values prevailing when the arrangements are negotiated. Intersegment investment income consists primarily of interest paid by U.S. to Corporate. Intersegment fee income is primarily asset management fees paid by our business segments to Asset Management. SLC Management collects fee income and incurs the operational expenses associated with the management of the general fund assets. Intersegment transactions are eliminated in the Consolidation adjustments column in the following tables.

Management considers its external Clients to be individuals and corporations. We are not reliant on any individual Client as none is individually significant to our operations.

⁽¹⁾ Includes primarily debt securities that are designated at fair value through profit or loss ("FVTPL").

⁽²⁾ Includes primarily mortgages and loans that are designated at FVTPL.

⁽³⁾ Certain mortgages and loans are carried at amortized cost. The fair value of these mortgages and loans, for disclosure purposes, is determined based on the methodology and assumptions described in Note 4.A.iii. As at June 30, 2025, \$1,699 and \$19 are categorized in Level 2 and Level 3, respectively, of the fair value hierarchy described in this Note (December 31, 2024 — \$1,787 and \$27, respectively).

⁽⁴⁾ Other financial invested assets include our investments in segregated funds, mutual funds, and limited partnerships.

⁽⁵⁾ Invested assets on our Consolidated Statements of Financial Position of \$189,191 (December 31, 2024 — \$189,817) includes Total financial assets in this table, Investment properties of \$9,230 (December 31, 2024 — \$9,290), and Other non-financial invested assets of \$1,882 (December 31, 2024 — \$1,829). Other non-financial invested assets consist of investment in associates, subsidiaries and joint ventures which are not consolidated.

⁽⁶⁾ Amount reflects the obligations to purchase outstanding shares of certain SLC Management subsidiaries.

⁽⁷⁾ See below for details on Collateralized Loan Obligations ("CLOs").

⁽⁸⁾ Total financial liabilities excluding Senior debentures and Subordinated debt.

Collateralized Loan Obligations Structure

Crescent, a subsidiary within our Asset Management business segment, issues and manages CLOs. Each CLO is a special purpose vehicle that owns a portfolio of investments, consisting primarily of senior secured loans, and issues various tranches of senior and subordinated notes to third parties for the purpose of financing the purchase of those investments. Assets of the special purpose vehicle, the senior secured loans, are included in Other financial invested assets and the associated liabilities, the senior and subordinated notes issued to third parties, are included in Other liabilities in our Consolidated Statements of Financial Position.

As at June 30, 2025, the carrying value of the assets related to CLOs are \$5,403 (December 31, 2024 — \$5,356), which consists of cash and accounts receivable of \$510 (December 31, 2024 — \$679) and loans of \$4,893 (December 31, 2024 — \$4,677). These underlying loans are mainly below investment grade.

As at June 30, 2025, the carrying value of the liabilities related to CLOs are \$5,057 (December 31, 2024 — \$5,028). Our maximum contractual exposure to loss related to the CLOs is limited to our investment of \$282 (December 31, 2024 — \$263) in the most subordinated tranche. The net unrealized loss incurred to date is \$90.

4.A.ii Non-Financial Invested Assets

Non-financial invested assets consist of investment properties, investment in associates, subsidiaries and joint ventures which are not consolidated. As at June 30, 2025, the carrying value and fair value of investment properties was \$9,230 (December 31, 2024 — \$9,290) and \$9,230 (December 31, 2024 — \$9,290), respectively. The carrying value of other non-financial invested assets which were measured using the equity method of accounting was \$1,882 as at June 30, 2025 (December 31, 2024 — \$1,829).

4.A.iii Fair Value Hierarchy

(1) Included in Net investment income (loss) in our Consolidated Statements of Operations for Total invested assets measured at fair value.

(2) Total gains and losses in net income (loss) and OCI are calculated assuming transfers into or out of Level 3 occur at the beginning of the period. For an asset or liability that transfers into Level 3 during the reporting period, the entire change in fair value for the period is included in the table above. For transfers out of Level 3 during the reporting period, the change in fair value for the period is excluded from the table above.

(3) Investment properties included in net income is comprised of fair value changes on investment properties of \$(52) and \$(47) for the three and six months ended June 30, 2025, respectively (June 30, 2024 — \$(111) and \$(268), respectively), net of amortization of leasing commissions and tenant inducements of \$8 and \$19 for the three and six months ended June 30, 2025, respectively (June 30, 2024 — \$10 and \$19, respectively). As at June 30, 2025, we have used assumptions that reflect known changes in the property values including changes in expected future cash flows.

(4) Transfers into Level 3 occur when the inputs used to price the assets and liabilities lack observable market data, and as a result, no longer meet the Level 1 or 2 definitions at the reporting date. Transfers out of Level 3 occur when the pricing inputs become more transparent and satisfy the Level 1 or 2 criteria and are primarily the result of observable market data being available at the reporting date, thus removing the requirement to rely on inputs that lack observability.

(5) Foreign currency translation relates to the foreign exchange impact of translating Level 3 assets and liabilities of foreign subsidiaries from their functional currencies to Canadian dollars.

8. Income Taxes

The Company's effective income tax rate is generally lower than our statutory income tax rate of 27.8% due to various tax benefits, such as lower taxes on income subject to tax in foreign jurisdictions and a range of tax-exempt or low-taxed investment income.

Our effective income tax rate for the three and six months ended June 30, 2025 was 20.3% and 19.8% compared to 21.1% and 21.5% for the three and six months ended June 30, 2024. The effective income tax rate for the three and six months ended June 30, 2025 was lower than the effective income tax rate for the three and six months ended June 30, 2024, primarily due to lower Global Minimum Tax expense and higher income in jurisdictions with lower tax rates in 2025.

In our Consolidated Statements of Operations, Income tax expense (benefit) has the following components:

	For the three months ended		For the six months ended	
	June 30, 2025	June 30, 2024	June 30, 2025	June 30, 2024
Current income tax expense (benefit)	\$ 220	\$ 206	\$ 490	\$ 513
Deferred income tax expense (benefit)	(22)	(14)	(50)	(60)
Total income tax expense (benefit)	\$ 198	\$ 192	\$ 440	\$ 453

The IASB issued amendments to IAS 12 *Income Taxes* in May 2023, which provided a mandatory temporary exception to the recognition and disclosure of information about deferred taxes relating to Global Minimum Tax ("GMT"), and we have applied this temporary exception. Our deferred taxes will not reflect impacts of GMT while the mandatory exception is applicable. The GMT rules applied to us effective January 1, 2024. The Canadian GMT legislation requires the ultimate parent entity of a group to pay top-up tax, on a jurisdiction-by-jurisdiction basis, on profits of its subsidiaries that are taxed below 15%. Some jurisdictions have enacted a Qualifying Domestic Minimum Top-Up Tax ("QDMTT") which requires the GMT top-up tax to be paid in the local jurisdiction rather than to the ultimate parent entity's jurisdiction. In response to the GMT rules, Bermuda enacted a Corporate Income Tax ("CIT") regime, including a corporate income tax rate of 15%, which applies to us effective January 1, 2025. The Bermuda CIT is not a QDMTT for the purposes of GMT. Our other subsidiaries that are

currently subject to a statutory tax rate or to a tax regime that could result in taxing profits at a rate below 15% include those in Hong Kong and Ireland, which have both enacted a QDMTT. Current income tax expense (benefit) for the three and six months ended June 30, 2025 includes GMT income tax benefit of \$(4) and \$(7), due to prior year GMT adjustments (June 30, 2024 — \$28 and \$30).

9. Capital Management

9.A Capital

Our capital base is structured to exceed minimum regulatory and internal capital targets and maintain strong credit and financial strength ratings, while maintaining a capital efficient structure. We strive to achieve an optimal capital structure by balancing the use of debt and equity financing. Capital is managed both on a consolidated basis under the principles that consider all the risks associated with the business, as well as at the business group level under the principles appropriate to the jurisdiction in which each operates. We manage the capital for all of our international subsidiaries on a local statutory basis in a manner commensurate with their individual risk profiles. Further details on our capital, and how it is managed, are included in Note 20 of our 2024 Annual Consolidated Financial Statements.

In the U.S., Sun Life Assurance operates through a branch which is subject to U.S. regulatory supervision and it exceeded the levels under which regulatory action would be required as at June 30, 2025. In addition, other subsidiaries of SLF Inc. that must comply with local capital or solvency requirements in the jurisdiction in which they operate maintained capital levels above minimum local requirements as at June 30, 2025.

Under the automatic repurchase plan, our designated broker is able to purchase common shares pursuant to the NCIBs at times when we ordinarily would not be active in the market due to applicable securities laws or self-imposed blackout periods. Any common shares purchased by us pursuant to the NCIBs will be cancelled or used in connection with certain equity settled incentive arrangements.

For the six months ended June 30, 2025, we purchased and cancelled an aggregate of approximately 11.2 million common shares (June 30, 2024 — 6.5 million common shares) at an average price per share of \$81.71 (June 30, 2024 — \$70.76) for a total amount of \$918 (June 30, 2024 — \$460) under the NCIBs and incurred tax on net repurchases of equity of \$17 (June 30, 2024 — \$9). The total amount paid to purchase the shares pursuant to the NCIBs and the tax incurred is recorded in our Consolidated Statements of Changes in Equity. The amount allocated to Common shares is based on the average cost per common share and amounts paid above the average cost are allocated to Retained earnings.

14. Legal and Regulatory Proceedings

We are regularly involved in legal actions, both as a defendant and as a plaintiff. Legal actions naming us as a defendant ordinarily involve our activities as a provider of insurance protection and wealth management products, as an investor and investment advisor, and as an employer. In addition, government and regulatory bodies in Canada, the U.S., the UK, and Asia, including federal, provincial, and state securities and insurance regulators, tax authorities, and other government authorities, from time to time, make inquiries and require the production of information or conduct examinations or investigations concerning our compliance with tax, insurance, securities, and other laws.

Provisions for legal proceedings related to insurance contracts, such as for disability and life insurance claims and the cost of litigation, are included in Insurance contract liabilities in our Consolidated Statements of Financial Position. Other provisions are established outside of the Insurance contract liabilities if, in the opinion of management, it is both probable that a payment will be required and a reliable estimate can be made of the amount of the obligation. Management reviews the status of all proceedings on an ongoing basis and exercises judgment in resolving them in such manner as management believes to be in our best interest.

Our significant legal proceedings and regulatory matters are disclosed in Note 22.G of our 2024 Annual Consolidated Financial Statements. There have been no significant updates to such legal and regulatory proceedings.

15. Subsequent Event
