TORONTO, December 30, 2022 -- Avicanna Inc. (“**Avicanna**” or the “**Company**”) (TSX: AVCN) (OTCQX: AVCNF) (FSE: 0NN), a commercial stage, international biopharmaceutical company focused on the development advancement, and commercialization of evidence-based, cannabinoid-based products, announces an organizational change in Avicanna LATAM S.A.S. with Lucas Nosiglia stepping down as President of Avicanna LATAM S.A.S. effective January 31, 2023 and transitioning to another role within the Company.

About Avicanna Inc.

Avicanna is a commercial-stage international biopharmaceutical company focused on the advancement and commercialization of evidence-based cannabinoid-based products for the global medical and pharmaceutical market segments. Avicanna has an established scientific platform including R&D and clinical development that has led to the commercialization of more than thirty products across various market segments:

Medical Cannabis & Wellness Products: Marketed under the RHO Phyto™ brand these medical and wellness products are a line of pharmaceutical-grade cannabinoid products containing varying ratios of cannabidiol (“CBD”) and tetrahydrocannabinol (“THC”). The product portfolio contains a full formulary of products including oral, sublingual, topical, and transdermal deliveries that have controlled dosing, enhanced absorption and stability studies supported by pre-clinical data. The formulary is marketed with consumer, patient and medical-community education and training.

Pharmaceutical Pipeline: Leveraging Avicanna’s scientific platform, vertical integration, and real-world evidence, Avicanna has created a pipeline of patent-pending drug candidates that are indication-specific and in various stages of clinical development and commercialization. These cannabinoid-based drug candidates look to address unmet medical needs in the areas of dermatology, chronic pain, and various neurological disorders. Avicanna’s first pharmaceutical preparation (Trunerox™) is in the drug registration stage in South America.
