Pond Technologies Holdings Inc. Announces Filing of 2024 Audited Financial Statements and MD&A

Markham, Ontario June 30, 2025 - Pond Technologies Holdings Inc. (the “**Company**” or “**Pond**”) (TSX.V: POND) announces the filing of the audited consolidated financial statements of the Company for the year ended December 31, 2024 and the related management’s discussion and analysis which have been filed and are available for review on SEDAR+ at www.sedarplus.ca and on the Company’s website at www.pondtech.com.

About Pond Technologies Holdings Inc.

Located in Markham, Ontario, Pond is a technology leader in controlled environment cultivation of microalgae. In over ten years of R&D, Pond has developed a robust disruptive technology platform based on artificial intelligence, proprietary LED lights, and patented CO₂-Management. The use of concentrated CO₂ from industrial waste streams enables Pond to boost the productivity of microalgae well beyond the capacity of outdoor algae growers and allows industrial emitters to abate and ultimately recycle CO₂. Pond is currently selling microalgae-derived antioxidant astaxanthin under its Regenurex brand. As micro-algae are becoming increasingly important in pharmaceuticals and cosmetics, nutraceuticals, human nutrition, aqua farming, bioplastics and biofuels, Pond has begun to license its technology to third parties for ongoing license fees and royalties. Pond recently added a Biotech division focused on the growth of unique strains of micro-algae to be used as a reproductive medium for the expression of human anti-bodies and proteins.
