Vancouver, B.C. – Latin Metals Inc. ("Latin Metals" or the "Company") - (TSXV: LMS) (OTCQB: LMSQF) announces a non-brokered private placement (the "Financing") of up to 9,090,090 units (each, a "Unit") for a subscription price of \$0.11 per Unit, to raise total gross proceeds of up to \$1.0 million. Each Unit will consist of one common share in the capital of Latin Metals (each, a "Share") and one common share purchase warrant (each a "Warrant"), each entitling the holder thereof to purchase one Share at a price of \$0.20 per Share for a period of 36 months from the closing of the Financing. The proceeds of the Financing are intended to fund exploration, generative work, and for general working capital.

The Company may pay finder's fees on all or a portion of the Financing, consisting of a cash commission equal to up to 7% of the total gross proceeds raised and finder's warrants equal to up to 7% of the total number of Units issued, where each finder's warrant will entitle the holder thereof to purchase one Share at a price of \$0.11 per Share for a period of 12 months from the closing of the Financing.

All securities issued in connection with the Financing will be subject to a hold period of four-months and one day in Canada. The Financing is subject to the receipt of all necessary approvals including acceptance for filing of the Financing by the TSX Venture Exchange (the "TSXV") and any applicable securities regulatory authorities. The related party transaction will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101, as neither the fair market value of the securities to be issued under the Financing nor the consideration to be paid by the directors and officers will exceed 25% of the Company's market capitalization.
