This *Annual Information Form* is dated December 10, 2012 and, unless specifically stated otherwise, all information disclosed in this form is provided as at September 30, 2012, the end of CGI's most recently completed fiscal year. All dollar amounts are in Canadian dollars, unless otherwise stated.

INCORPORATION AND DESCRIPTION OF CAPITAL STOCK

Corporate Structure

CGI Group Inc. (the "Company", "CGI", "we", "us" or "our") was incorporated on September 29, 1981 under Part IA of the *Companies Act* (Quebec), predecessor to the *Business Corporations Act* (Quebec), which came into force on February 14, 2011 and which now governs the Company. The Company continued the activities of *Conseillers en gestion et informatique CGI inc.*, which was originally founded in 1976. The executive and registered offices of the Company, as of September 30, 2012, were situated at 1130 Sherbrooke Street West, 7th floor, Montreal, Quebec, Canada, H3A 2M8, and as November 27, 2012, the executive and registered offices of the Company are situated at 1350 boul. René-Lévesque Blvd. West, 15th Floor, Montreal, Quebec Canada H3G 1T4. CGI became a public company on December 17, 1986, upon completing an initial public offering of its Class A subordinate voting shares ("Class A subordinate voting shares").

The following chart shows the direct and indirect subsidiaries of CGI (i) whose total assets represented more than 10% of CGI's consolidated assets as at September 30, 2012, or (ii) whose revenues represented more than 10% of CGI's consolidated revenues for the year ended September 30, 2012. Each subsidiary is 100% owned by its immediate parent company.

In addition to its principal operating subsidiaries, CGI has a number of other subsidiaries that serve specific markets, serve as holding companies, or serve other corporate purposes.

Capital Structure

The Company's authorized share capital consists of an unlimited number of Class A subordinate voting shares carrying one vote per share and an unlimited number of Class B shares (multiple voting) ("Class B shares") carrying 10 votes per share, all without par value, of which, as of December 10, 2012, 274,100,984 Class A subordinate voting shares and 33,608,159 Class B shares, were issued and outstanding. These shares represent respectively 44.9% and 55.1% of the aggregate voting rights attached to the outstanding Class A subordinate voting shares and Class B shares. Two classes of preferred shares also form part of CGI's authorized capital: an unlimited number of First Preferred Shares, issuable in series, and an unlimited number of Second Preferred Shares, also issuable in series. As of December 10, 2012 there were no preferred shares outstanding.

The Company incorporates by reference the disclosure contained under the headings "*Class A Subordinate Voting Shares and Class B Shares*" on page 2, and "*First Preferred Shares*" and "*Second Preferred Shares*" on page 5 of CGI's *Management Proxy Circular* dated December 10, 2012 which was filed with Canadian securities regulatory authorities and which is available at www.sedar.com and on CGI's web site at www.cgi.com. A copy of the *Management Proxy Circular* will be provided promptly to shareholders upon request.

Stock Splits

As of December 10, 2012, the Company had proceeded with four subdivisions of its issued and outstanding Class A subordinate voting shares as follows:

- August 12, 1997 on a two for one basis;
- December 15, 1997 on a two for one basis;
- May 21, 1998 on a two for one basis; and
- January 7, 2000 on a two for one basis.

Market for Securities, Trading Price and Volume

CGI's Class A subordinate voting shares are listed for trading on the *Toronto Stock Exchange* under the symbol GIB.A and on the *New York Stock Exchange*, under the symbol GIB. A total of 171,980,784 Class A subordinate voting shares were traded on the *Toronto Stock Exchange* during the year ended September 30, 2012 as follows:

Month	High ^(a) (\$)	Low ^(a) (\$)	Volume
October 2011	20.82	17.92	18,642,886
November 2011	20.95	18.32	15,753,205
December 2011	19.61	18.20	9,900,701
January 2012	20.45	17.88	11,718,642
February 2012	21.41	20.00	15,362,488
March 2012	22.40	20.01	14,988,216
April 2012	22.30	20.31	10,471,632
May 2012	25.03	20.35	19,915,832
June 2012	24.47	22.65	13,393,082
July 2012	24.93	22.78	15,258,000
August 2012	25.98	23.33	14,830,500
September 2012	27.00	25.65	11,775,600

(a) The high and low prices reflect the highest and lowest prices at which a board lot trade was executed in a trading session during the month.

Normal Course Issuer Bid and Share Repurchases

On February 1, 2012, CGI announced that it was renewing its normal course issuer bid to repurchase up to 10% of the public float of its issued and outstanding Class A subordinate voting shares during the next year. See *Description of CGI's Business – Significant developments of the Three Most Recent Fiscal Years – Fiscal Year ended September 30, 2012 – Share Repurchase Program* later in this document.

CORPORATE GOVERNANCE

Board and Standing Committee Charters and Codes of Ethics

CGI's Code of Ethics and Business Conduct, its Executive Code of Conduct, the charter of the Board of Directors and the charters of the standing committees of the Board of Directors, including the charter of the *Audit and Risk Management Committee*, are set out in CGI's *Fundamental Texts* which are annexed as Appendix A to this *Annual Information Form*.

Audit Committee Information

The Company incorporates by reference the disclosure contained under the heading *Expertise and financial and operational literacy* on page 42 and following and the disclosure under the heading *Report of the Audit and Risk Management Committee* on page 51 and following of CGI's *Management Proxy Circular* dated December 10, 2012 which was filed with Canadian securities regulatory authorities and which is available at www.sedar.com and on CGI's web site at www.cgi.com. A copy of the *Management Proxy Circular* will be provided promptly to shareholders upon request.

Directors and Officers

Directors

The Company incorporates by reference the disclosure under the heading *Nominees for Election as Directors* relating to the Company's directors contained on pages 8 to 15, and the table on Board of Directors committee membership on page 40 of CGI's *Management Proxy Circular* dated December 10, 2012 which was filed with Canadian securities regulatory authorities and which is available at www.sedar.com and on CGI's web site at www.cgi.com. A copy of the *Management Proxy Circular* will be provided promptly to shareholders upon request.

Officers

The following table states the names of CGI's senior officers, their place of residence and their principal occupation:

Name and place of residence	Principal occupation
R. David Anderson Montreal, Quebec Canada	Executive Vice-President and Chief Financial Officer
João Baptista London, United Kingdom	President, Nordics, Southern Europe and South America
François Boulanger Brossard, Quebec Canada	Senior Vice-President and Corporate Controller
Benoit Dubé St-Lambert, Quebec Canada	Executive Vice-President, Chief Legal Officer and Assistant Corporate Secretary
Serge Dubrana Asnières sur Seine France	President, Central and Eastern Europe

Name and place of residence	Principal occupation
Julie Godin Verdun (Ile-des-Soeurs), Quebec Canada	Executive Vice-President, Human Resources and Strategic Planning
Serge Godin Westmount, Quebec Canada	Founder and Executive Chairman of the Board
Timothy W. Gregory Chislehurst, Kent England	President, United Kingdom
Colin Holgate Pymble, Sydney Australia	President, Asia Pacific
André Imbeau Beloeil, Quebec Canada	Founder, Vice-Chairman of the Board and Corporate Secretary
Jean-Marc Lazzari Saint-Rémy-l'Honoré France	President, France
Eva Maglis Montreal, Quebec Canada	Executive Vice-President and Global Chief Information Officer
Claude Marcoux Sainte-Foy, Quebec Canada	Chief Operations Officer, Canada
Douglas McCuaig Toronto, Ontario Canada	President, Canada
Luc Pinard St-Lambert, Quebec Canada	Executive Vice-President, Corporate Performance and Knowledge Management
Michael E. Roach Outremont, Quebec Canada	President and Chief Executive Officer
Daniel Rocheleau Longueuil, Quebec Canada	Executive Vice-President and Chief Business Engineering Officer
Jacques Roy Boucherville, Quebec Canada	Senior Vice-President, Finance and Treasury
Donna Ryan Watroo, South Carolina USA	President, CGI Federal
Claude Séguin Montreal, Quebec Canada	Senior Vice-President, Corporate Development and Strategic Investments
George Schindler Fairfax, Virginia USA	President, United States

João Baptista was appointed President, Nordics, Southern Europe and South America on August 20, 2012. Prior to his appointment as President, Nordics, Southern Europe and South America with the Company, Mr. Baptista was Chief Executive Officer Northern and Central Europe (2010-2012) and Chief Executive of International (2008-2009) with Logica plc. Before serving in these positions with Logica plc, Mr. Baptista held concurrently the following executive positions with subsidiaries Portugal Telecom, SGPS: Chairman and Chief Executive Officer of PT Investimentos Internacionais; Chairman and Chief

Executive Officer of PT Investimentos Internacionais; Chairman of PT Asia, Chief Executive Officer of Africatel Holdings; and Vice Chairman of VIVO.

Benoit Dubé was appointed Executive Vice-President, Chief Legal Officer and Assistant Corporate Secretary on June 4, 2010 and prior to his appointment was a Vice-President in the Company's Legal Department.

Serge Dubrana was appointed President, Central and Eastern Europe on August 20, 2012 and prior to his appointment was Chief Executive Officer Technology & Alliances (2008-2009), Chief Executive Officer Global operations & International (2010-2011) and Group Chief Operating Officer (2012) at Logica plc.

Prior to joining the Company in August of 2009, Julie Godin was President of *Oxygène Santé Corporative Inc.*, which was acquired by the Company on August 13, 2009. Ms. Godin joined CGI as Administrative Vice-President and was appointed Senior Vice-President, Human Resources and Strategic Planning on July 26, 2010. Ms. Godin was appointed Executive Vice-President, Human Resources and Strategic Planning, on September 1, 2012.

Timothy W. Gregory was appointed President, United Kingdom on August 20, 2012 and prior to his appointment was President, Europe and Australia with the Company (2011-2012), Business Unit Leader UK (2009-2011) and Head, United Kingdom Insurance Practice and Outsourcing (2007-2009).

Colin Holgate was appointed President, Asia-Pacific on August 20, 2012 and prior to his appointment was Chief Executive Officer Australia at Logica CMG (2007-2010), Chief Executive officer Asia Pacific (2010-2011) and Managing Director, Asia Pacific, Middle East and Africa (2011-2012) at Logica plc.

Jean-Marc Lazzari was appointed President, France on August 20, 2012 and prior to his appointment was Chief Executive Officer Outsourcing Services (2008-2010), President France (2010-2011), and Chief Client Officer and Chief Executive Officer France (2012) at Logica plc. Prior to joining Logia plc, Mr. Lazzari was Vice-President and General Manager Continental Europe at Unysis Corporation (2004-2008).

Eva Maglis was appointed as an officer of the Company on July 26, 2010 and became responsible, in her capacity as Senior Vice-President and General Manager, for CGI's global infrastructure services, solutions and consulting on October 1, 2010. She was appointed President, Global Infrastructure Services on May 27, 2011. Ms. Maglis was appointed Executive Vice-President and Global Information Officer on June 1, 2012.

Prior to his appointment as President, Canada on June 4, 2010, Doug McCuaig was a Senior Vice-President of the Company.

Luc Pinard was Executive Vice-President, Chief Technology and Quality Officer prior to being appointed Executive Vice-President, Corporate Performance and Knowledge Management on August 3, 2011.

Donna Ryan held the position of Senior Vice-President prior to being appointed President, CGI Federal on September 28, 2011.

Prior to his appointment as Chief Operations Officer, Canada on August 17, 2012, Mr. Claude Marcoux was Senior Vice-President and General Manager.

George Schindler was appointed President, CGI Federal on July 26, 2010, and President, United States on September 28, 2011.

Except as noted above, all of the officers named in the table have either held the position set out opposite their names, or other executive or equivalent management functions in the Company or its subsidiaries during the last five years.

Ownership of Securities on the Part of Directors and Officers

The Company incorporates by reference the disclosure under the heading *Principal Holders of Class A Subordinate Voting Shares and Class B Shares* on page 5 of CGI's *Management Proxy Circular* dated December 10, 2012 which was filed with Canadian securities regulatory authorities and which is available at www.sedar.com and on CGI's web site at www.cgi.com. A copy of the *Management Proxy Circular* will be provided promptly to shareholders upon request.

DESCRIPTION OF CGI'S BUSINESS

Mission and Vision

The mission of CGI is to help its clients with professional services of outstanding quality, competence and objectivity, delivering the best solutions to fully satisfy client objectives in information technology ("IT"), business processes and management. In all we do, we foster a culture of partnership, intrapreneurship and integrity, building a global IT and business process services ("BPS") company. CGI's vision is to be a world class IT and BPS leader helping our clients win and succeed.

CGI's *Mission, Vision, Dream and Values* are explained in the Company's *Fundamental Texts*, which are annexed as Appendix A, and are posted on the Company's web site at www.cgi.com.

Business Structure

In 2012, we modified our basis of reporting such that the growth and profitability of the India activities were reallocated from our previously combined U.S. and India segment to each reporting segment, namely: Global Infrastructure Services ("GIS"), Canada, United States, and Europe & Asia Pacific. This view reflects each segment's utilization of our delivery centres in India; the segmented results for the year and three months ended September 30, 2011 were therefore retrospectively revised. The GIS segment incorporates all services we provide to our clients globally for the management of their technology infrastructure. In the fourth quarter of fiscal 2012, our acquisition of *Logica plc* ("Logica") became effective six weeks before our fiscal year end; see *Description of CGI's Business – Significant Developments of the Three Most Recent Fiscal Years – Acquisition of Logica plc* later in this document. Logica's results for these six weeks are reported in a separate segment. We are currently integrating Logica's operations into CGI's business structure and we will finalize its integration into our reporting segments in the first quarter of fiscal 2013.

The following table shows the revenue for each of the segments in fiscal 2012 and 2011:

In '000s of dollars

Segment	2012	2011
GIS revenue	684,870	816,663
Canada revenue	1,212,615	1,287,056
U.S. revenue	2,091,112	1,896,002
Europe and Asia Pacific revenue	215,982	224,221
Logica revenue	567,875	--
Total	4,772,454	4,223,942

Services Offered by CGI

CGI provides high-end IT consulting, systems integration, IT outsourcing and business solutions. The Company's delivery model provides for work to be carried out onsite at client premises, or through one of its centers of excellence located throughout the world.

In addition, CGI has a wide range of proprietary business solutions which help shape opportunities and drive value for our clients and shareholders, including the following:

- *Momentum™* is an integrated enterprise resource planning suite in use by over 85 federal organizations across the three branches of the U.S. federal government, including 16 agencies subject to the *Chief Financial Officer and Federal Financial Reform Act of 1990*.
- CGI's leading enterprise resource planning solution, *CGI Advantage™*, helps state and local governments improve their back office operations and better serve their citizens with a full suite of built-for-government tools, including financial management, payroll, budgeting, human resources management, procurement and grants management. The *CGI Advantage™* client organizations include 22 states, two of the five largest cities, and three of the five largest counties.
- CGI's Credit Services Solutions, including *CACS™*, *CACS-G™*, *Bureaulink™*, *Strata™* and other components, are in use by hundreds of businesses around the world to improve their customer and small business credit operations.

Management of IT and Business Functions - Outsourcing

Clients delegate entire or partial responsibility for their IT or business functions to CGI to achieve significant savings and access the best suited technology, while retaining control over strategic IT and business functions. As part of such agreements, we implement our quality processes and proven practices to improve the efficiency of the client's operations. We also integrate clients' operations into our technology network. Finally, we may take on specialized professionals from our clients, enabling our clients to focus on key operations. Services provided as part of an outsourcing contract may include development and integration of new projects and applications; applications maintenance and support; technology management (enterprise and end-user computing and network services); transaction and business processing such as payroll, insurance processing and document management services. Outsourcing contracts typically have terms of up to ten years.

Consulting and Systems Integration

CGI provides a full range of IT and business consulting services, including business transformation, IT strategic planning, business process engineering and systems architecture.

CGI integrates and customizes leading technologies and software applications to create IT systems that respond to clients' strategic needs.

Markets for CGI's Services

CGI offers its end-to-end services to a focused set of industry vertical markets ("verticals") where we have developed extensive and deep subject matter expertise. This allows us to fully understand our clients' business realities and to have the knowledge and solutions needed to advance their business goals. Our targeted verticals include government, financial services, manufacturing retail and distribution, telecommunications and utilities, and health.

Client Base

CGI works with more than 10,000 large and medium sized businesses in the private and public sectors worldwide. The Company's clientele is well balanced in terms of quality, quantity, stability and diversity.

Human Resources

As of December 10, 2012, CGI had approximately 72,000 employees whom we call members.

In order to encourage the high degree of commitment necessary to ensure the quality and continuity of client service, CGI has had a member share purchase plan in place for several years. From the beginning, the Company has had a *Profit Participation Plan* which, from 1990 onwards, has been based on the performance of its business units and overall corporate results.

CGI Offices and Global Delivery Model

CGI and its affiliated companies operate from more than 400 offices. CGI also serves its clients from global delivery centers located on four continents. These delivery centers enable CGI to provide its clients with the right mix of onshore, nearshore and offshore IT services that best suits their business needs.

CGI's delivery centers and its main offices are listed below:

Canada			
Burnaby, BC	Halifax, NS [‡]	Montréal, QC [‡]	Sherbrooke, QC [‡]
Calgary, AB	Laval, QC	Ottawa, ON	Toronto, ON
Charlottetown, PEI [‡]	Markham, ON	Quebec City, QC [‡]	Victoria, BC
Edmonton, AB	Mississauga, ON	Regina, SK	
Fredericton, NB [‡]	Moncton, NB [‡]	Saguenay, QC [‡]	
United States			
Albany, NY	Cleveland, OH	Lebanon, VA [‡]	Richmond, VA
Annapolis Junction, MD	Columbia, SC	Lexington, KY	Sacramento, CA
Arlington, VA	Columbus, OH	Los Angeles, CA	San Antonio, TX
Atlanta, GA	Dallas / Fort Worth, TX	Manassas, VA	San Diego, CA
Austin, TX	Denver, CO	Miami, FL	Sarasota, FL
Baltimore, MD	Fairfax, VA	New Orleans, LA	Sierra Vista, AZ
Bellevue, WA	Fairview Heights, IL	New York, NY	St. Louis, MO
Belton, TX [‡]	Honolulu, HI	Norfolk, VA	Tampa, FL
Birmingham, AL	Hot Springs, AR	Norman, OK	Troy, AL [‡]
Boston, MA	Houston, TX	Oakland, CA	Tucson, AZ
Buffalo, NY	Huntsville, AL	Oklahoma City, OK	Washington, DC
Charleston, SC	Jacksonville, FL	Phoenix, AZ	
Chicago, IL	Juneau, AK	Pittsburgh, PA	
Clarksville, TN	Lawton, OK	Raleigh, NC	
Europe, Asia Pacific and Africa			
Amsterdam, Netherlands	Cairo, Egypt [‡]	Lyon, France	Rabat, Morocco [‡]
Bangalore, India [‡]	Düsseldorf, Germany	Madrid, Spain	Reading, U.K.
Basingstoke, U.K.	Frankfurt, Germany	Malaga, Spain	Rotterdam, Netherlands

Cairo, Egypt [‡]	Leinfelden-Echterdingen, Germany	Munich, Germany	Tartu, Estonia [‡]
Canberra, Australia	Lisbon, Portugal [‡]	Oslo, Norway	Tallinn, Estonia [‡]
Casablanca, Morocco [‡]	London, U.K.	Paris, France	Utrecht, Netherlands
Chennai, India [‡]	Luxembourg, Luxembourg	Prague, Czech Republic [‡]	Warsaw, Poland [‡]

[‡] indicates cities where CGI operates global delivery centres.

All of CGI's offices are located in rented premises with the exception of the following properties, which are owned by CGI: one property in Montreal, Quebec where one of our data centres is located; two properties in Mississauga, Ontario, one of which is a data centre and the other of which is an office building; one property in Santiago, Chile; one property in Riihimäki, Finland; one property in Mumbai, India consisting of an office building, but that is built on land that we lease; one property in Odivelas, Portugal; one property in Bromölla, Sweden; two properties in Bridgend, United Kingdom, one of which is an office building and the other of which is a parcel of land; and one property in Caracas, Venezuela.

Commercial Alliances

CGI currently has commercial alliance agreements with various business partners. These non-exclusive commercial agreements with hardware and software providers allow the Company to provide its clients

with high quality technology, often on advantageous commercial terms. CGI's business partners include prominent hardware and software providers.

Quality Processes

CGI's ISO 9001 certified operations that are reflected in its management frameworks ensure that its clients' objectives are clearly defined, that projects are properly scoped and that the necessary resources are applied to meet objectives. These processes ensure that clients' requirements drive CGI's solutions. Clients are constantly kept informed; their degree of satisfaction is regularly measured and part of the incentive remuneration of CGI managers is linked to the results.

In 1993, the Company began working towards obtaining ISO 9001 certification for the portion of its operations covered by its *Project Management Framework*. CGI's Quebec City office was granted ISO 9001 certification in June 1994, which allowed CGI to become North America's first organization in the IT consulting field to receive ISO 9001 certification for the way in which it managed projects. Since 1995, CGI expanded the ISO 9001 certification throughout its Canadian, U.S. and international offices as well as its corporate headquarters. Over the past several years, in the context of CGI's high growth rate, its ISO certified quality system has been a key ingredient in spreading its culture, in part because it helps to integrate new members successfully.

Extending the ISO 9001 certification to the operations resulting from the Logica acquisition is a key ingredient in CGI's integration program.

As clients grow and IT projects become increasingly complex, CGI strives to further refine its quality processes while allowing them to branch out across all its activities. CGI's enhanced quality system of which the *Client Partnership Management Framework* ("CPMF") forms part, is simpler and provides the Company's business units with greater autonomy in a context of decentralized activities. One of CGI's key focus areas remains the successful management of client relationships, leading to long-term partnerships. CGI applications development centres in Mumbai, Hyderabad, Chennai and Bangalore in India, have achieved SEI CMMi Level 5 quality certification and ISO 27001 security management system certification.

CGI also obtained ISO 9001 certification for the application of its *Member Partnership Management Framework* in its operations and, in 2004, we similarly obtained ISO 9001 certification for the portion of our operations covered by our *Shareholder Partnership Management Framework* ("SPMF"). The SPMF structures the processes and information flows between CGI and its shareholders as well as with the investment community.

CGI now holds ISO quality certification for the management of its partnerships with each of its three major stakeholder groups, namely customers, members and shareholders.

The IT Services Industry

Size, Structure and Recent Developments

Although the current state of the economy makes it difficult to predict future trends in IT spending, CGI intends to continue its *Build and Buy* profitable growth strategy. Most businesses and governments still require IT services in challenging market conditions and clients are expected to be looking for increased value and lower costs, thereby presenting opportunities that the Company has successfully exploited in the past. With respect to IT and business process services outsourcing, we believe that the potential remains enormous. CGI has from time to time commissioned a study from *International Data Corp.* ("IDC") which provides CGI with insight as to spending on IT and business process services in Canada, the United States and Europe.

According to IDC's research conducted in 2011, the potential business opportunity for IT outsourcing was estimated to be US\$607 billion in the U.S., US\$606 billion in Europe and US\$53 billion in Canada. These numbers exclude the value of services already outsourced and indicate a large untapped potential market.

Industry Trends and Outlook

Our industry continues to evolve rapidly. In the early to mid-1990s, 75% of the industry's revenue came from per diem services, i.e. from specialized assistance within specific projects. Such services did not require a large or complex organization nor did they allow for much differentiation between firms, which resulted in fierce competition.

Today, large IT firms' revenues are generated by systems integration or outsourcing projects aimed at comprehensive business solutions. Both public and private sector organizations are looking for new ways to provide better services at lower cost. For organizations, the emergence of internet applications and web based business models have shortened implementation time for solutions while increasing pressure to retain scarce professional resources. Their need to concentrate on core competencies and to increase flexibility explains why companies increasingly turn to externally sourced professionals for the development and management of some of their specialized functions, including information systems. They are demanding proven technological solutions implemented rapidly at a lower total cost of ownership and operation.

Prospective clients continue to place significant emphasis on cost reductions and are therefore inclined to consider outsourcing part or all of their IT services. These factors help to explain the popularity of global outsourcing services.

Vision and Strategy

The first two pillars of our strategy focus on organic growth. The first pillar focusses on contract wins in the area of consulting and systems integration as well as outsourcing renewals and extensions. The second involves the pursuit of new large long-term outsourcing contracts, leveraging our end-to-end services, global delivery model and critical mass.

The third pillar of our growth strategy focuses on the acquisition of smaller firms or niche players. We identify niche acquisitions through a strategic mapping program that systematically searches for targets that will strengthen our vertical market knowledge or increase the richness of our service offerings.

The fourth pillar involves the pursuit of transformational acquisitions focused on expanding our geographic presence and critical mass. This approach further enables us to strengthen our qualifications to compete for large outsourcing contracts. CGI continues to be a consolidator in the IT services industry.

Throughout its history, CGI has been highly disciplined in following this four-pillar growth strategy, with an emphasis on earnings accretion and maximizing shareholder value.

Competitive Environment

As a global provider of end-to-end information technology and business process services, CGI operates in a highly competitive and rapidly evolving global industry. Our competition comprises a variety of global players, from niche companies providing specialized services to other end-to-end service providers, mainly in the U.S., Europe and India, all of whom are competing to deliver some or all of the services we provide. Recent merger and acquisition activity has resulted in CGI being positioned as one of the few remaining IT services firms that operates independently of any hardware or software vendor. This independence allows CGI to deliver the best-suited technology available globally to our clients.

CGI offers its end-to-end services to a select set of targeted vertical markets in which we have deep business and technical expertise covering 90% of global IT spend. These vertical markets are: government, financial services, manufacturing retail and distribution, telecommunications and utilities, and health. To compete effectively, CGI focuses on high-end systems integration, consulting and outsourcing where vertical market industry knowledge and expertise are required.

Our client proximity metro markets business model combined with our global delivery model results in highly responsive and cost competitive delivery. CGI's global delivery model provides clients with a unique blend of onshore, nearshore and offshore delivery options that caters to their strategic and cost

requirements. CGI also has a number of leading business solutions that support long-term client relationships. Moreover, all of CGI's business operations are executed based on the same management foundation, ensuring consistency and cohesion across the Company.

There are many factors involved in winning and retaining IT and BPS contracts, including the following: total cost of services; ability to deliver; track record; vertical market expertise; investment in business solutions; local presence; global delivery capability; and the strength of client relationships.

Significant Developments of the Three Most Recent Fiscal Years

Key Performance Measures

All financial information for the fiscal year ended September 30, 2012 is presented in accordance with *International Financial Reporting Standards*. Financial information for the fiscal years ended September 30, 2010 and 2011 is presented in accordance with Canadian *Generally Accepted Accounting Principles*.

We use a combination of financial measures, ratios, and non-GAAP measures to assess the Company's performance. The table below summarizes our most relevant key performance measures:

Profitability	<i>Adjusted EBIT</i> – is a measure of earnings before acquisition-related and integration costs, finance costs, finance income, other income, share of profit on joint venture, and income tax expense. Management believes this measure best reflects the profitability of our operations. <i>Diluted earnings per share</i> – is a measure of earnings generated for shareholders on a per share basis, assuming all dilutive elements are exercised.
Liquidity	<i>Cash provided by operating activities</i> – is a measure of cash generated from managing our day-to-day business operations. We believe strong operating cash flow is indicative of financial flexibility, allowing us to execute our corporate strategy. <i>Days sales outstanding</i> – is the average number of days to convert our trade receivables and work in progress into cash. Management tracks this metric closely to ensure timely collection, healthy liquidity, and is committed to maintaining a DSO target of 45 days.
Growth	<i>Constant currency growth</i> – is a measure of revenue growth before foreign currency impacts. This growth is calculated by translating current period results in local currency using the conversion rates in the equivalent period from the prior year. We believe that it is helpful to adjust revenue to exclude the impact of currency fluctuations to facilitate period-to-period comparisons of business performance. <i>Backlog</i> – represents management's best estimate of revenue to be realized in the future based on the terms of respective client agreements in effect at a point in time. <i>Book-to-Bill ratio</i> – is a measure of the proportion of contract wins to our revenue in the period. This metric allows management to monitor the company's business development efforts to ensure we grow our backlog and our business over time. Management remains committed to maintaining a target ratio greater than 100% over a 12-month period. Management believes that the longer period is a more effective measure as the size and timing of bookings could cause this measurement to fluctuate significantly if taken for only a three-month period. Information regarding our bookings is a key indicator of the volume of our business over time. However, due to the timing and transition period associated with outsourcing contracts, the realization of revenue related to these bookings may fluctuate from period to period. The values initially booked may change over time due to their variable attributes, including demand-driven usage, modifications in the scope of work to be performed caused by changes in client requirements as well as termination clauses at the option of the client. As such, information regarding our

bookings is not comparable to, nor should it be substituted for an analysis of our revenue; it is instead a key indicator of our future revenue used by the Company's management to measure growth.

Capital Structure *Net Debt to Capitalization ratio* – is a measure of our level of financial leverage net of our cash and cash equivalents and short-term investments and marketable long-term investments. Management uses this metric to monitor the proportion of debt versus capital used to finance our operations and it provides insight into our financial strength.

Return on Equity – is a measure of the rate of return on the ownership interest of our shareholders. Management looks at ROE to measure its efficiency at generating profits for the Company's shareholders and how well the Company uses the invested funds to generate earnings growth.

Return on Invested Capital – is a measure of the Company's efficiency at allocating the capital under its control to profitable investments. Management examines this ratio to assess how well it is using its money to generate returns.

Fiscal Year ended September 30, 2012

Significant Developments

The Company continued to grow year-over-year and our adjusted EBIT margin continues to remain strong, providing necessary cash from operations to pay down our long-term debt and to increase the return to our shareholders. The highlights are below:

- Revenue of \$4.8 billion, increase of 12.1% year-over-year on a constant currency basis;
- Bookings of \$5.2 billion resulting in a book-to-bill ratio of 109%;
- Backlog of \$17.6 billion;
- Strong underlying profitability delivered across legacy CGI operations;
- Accelerating profitable growth and bookings in U.S. operations; and
- Cash from operations of \$613.3 million, or \$2.24 per share.

Acquisition of Logica plc

On August 20, 2012, CGI completed the recommended cash acquisition of Logica for 105 pence (C\$1.63) per ordinary share, equivalent to a total purchase price of £1.7 billion (C\$2.7 billion as at August 20, 2012) plus the assumption of Logica's net debt of £571.0 million (C\$866.7 million). The cash acquisition of all the issued and to be issued ordinary shares of Logica was effected by means of a Court-sanctioned scheme of arrangement in the United Kingdom. Our results for the year incorporate the operations of Logica subsequent to August 20, 2012. CGI has incurred \$255.0 million in acquisition-related and integration costs over the last half of fiscal 2012.

Logica is a business and technology services company, employing 41,000 people. It provides business consulting, systems integration and outsourcing services to clients around the world, including many of Europe's largest business.

Logica and the Company entered into a cooperation agreement dated May 31, 2012 (the "Cooperation Agreement") in connection with the acquisition. Pursuant to the Cooperation Agreement, Logica and the Company each agreed to cooperate in relation to the obtaining of any and all regulatory consents, clearances, permissions and waivers as may be necessary, and the making of all regulatory filings as may be necessary, in connection with the acquisition, and Logica and the Company each agreed to work together to implement certain appropriate proposals in relation to Logica share schemes and employment benefits.

The consideration paid under the Logica acquisition was funded through a combination of:

- cash proceeds of C\$1.0 billion from the issuance of 46,707,146 subscription receipts exchangeable for new Class A subordinate voting shares in the Company to *Caisse de dépôt et placement du Québec* (the “Caisse”) at \$21.41 per subscription receipt pursuant to a subscription agreement entered into by the Caisse and the Company on May 31, 2012 (the “Subscription Agreement”), a subscription receipt agreement entered into by the Caisse, the Company and *Computershare Trust Company of Canada* as subscription receipt agent, on May 31, 2012 (the “Subscription Receipt Agreement”);
- debt funding from a syndicate of lenders pursuant to £1.245 billion (C\$1.9 billion) senior unsecured term loan credit facilities under a credit agreement dated May 31, 2012 (the “Term Loan Credit Agreement”), a fee letter dated May 31, 2012 (the “Fee Letter”) and a syndication letter dated May 31, 2012 (the “Syndication Letter”); and
- debt funding from a syndicate of lenders pursuant to a revolving credit facility under the Company’s existing \$1.5 billion credit agreement.

Under the Subscription Receipt Agreement, the 46,707,146 subscription receipts that were issued to the Caisse on May 31, 2012 were automatically exchanged into new Class A subordinate voting shares as a result of the completion of the Logica acquisition on August 20, 2012.

The Subscription Agreement contains among its terms and conditions:

- customary representations and warranties by the Company to the Caisse; and
- an indemnity from the Company in favour of the Caisse in respect of breaches of covenants or representations and warranties by the Company and in respect of orders, investigations or other proceedings prohibiting, restricting or materially affecting the trading or distribution of the subscription receipts or underlying shares. The representations, warranties and indemnities will be in effect until August 20, 2014, except for customary exceptions for tax matters and in the case of fraud.

As contemplated in the Subscription Agreement, the Company and the Caisse entered into a registration rights agreement dated August 20, 2012 (the “Registration Rights Agreement”) which provides, among other terms and conditions:

- The Caisse will have the right, as long as it beneficially owns or exercises control or direction over 15% or more of the outstanding Class A subordinate voting shares, to recommend to the Company one nominee to be part of any slate proposed by the Company and included in a proxy circular relating to the election of directors of the Company, provided that the nominee shall have no material relationship with the Company or the Caisse, shall be eligible to serve as a director under the Company’s articles and laws of incorporation and that the nomination shall be subject to a favourable recommendation of the Company’s Corporate Governance Committee. CGI has no shareholder’s agreement with the Caisse and the Caisse has not yet exercised its board nomination right;
- The Registration Rights Agreement also provides that the Caisse is entitled, at any time and from time to time, as long as it beneficially owns or exercises control or direction over 20% or more of all outstanding Class A subordinate voting shares, to require CGI to file a Canadian prospectus and take such other steps as may be reasonably necessary to facilitate a secondary offering in Canada, at the Caisse’s expense, on the terms and conditions set out in the Registration Rights Agreement;
- In addition, if the Company proposes to make a distribution in Canada for its own account or if an existing shareholder proposes to make a distribution in Canada through a secondary offering, the Company will be required, at that time, upon request by the Caisse, provided that it beneficially owns or exercises control or direction over 15% of the outstanding Class A subordinate voting shares, use commercially reasonable efforts to cause to be included in the distribution the shares that the Caisse has requested to be included, up to a maximum of 15% of the shares to be offered

in the distribution, with expenses to be shared on a pro rata basis, and otherwise upon the terms and conditions set out in the Registration Rights Agreement;

- In connection with any prospectus-exempt sale by the Caisse in Canada or in the U.S., the Company will be required to use commercially reasonable efforts, at the Caisse's expense, to assist the Caisse and its representatives in the preparation of the required documentation and to allow any prospective buyer to conduct reasonable due diligence on the Company. If the Company proposes to file a registration statement for the distribution of shares to the public in the U.S., the Caisse and the Company will, prior to such distribution taking place, supplement the Registration Rights Agreement so as to provide the Caisse with registration rights enabling the distribution of shares to the public in the U.S. that are substantially equivalent to the registration rights provided under the Registration Rights Agreement.

We filed a Business Acquisition Report in relation to our acquisition of Logica on November 5, 2012.

Credit Facility and Private Debt Placement

On December 7, 2011, the Company renewed its unsecured revolving credit facility of \$1.5 billion for an additional five years, through December 2016. The facility, which can be extended annually, includes an accordion feature in support of acquisitions providing for an additional \$750.0 million, bringing the facility's potential capacity to \$2.25 billion. In addition, during the first quarter of fiscal 2012, the Company received the proceeds of the US\$475.0 million private debt placement with US institutional investors that was entered into during the fourth quarter of fiscal 2011.

Bookings and Book-to-Bill Ratio

The Company achieved a book-to-bill ratio of 109% for the year. Of the \$5.2 billion in bookings signed during the year, 56% came from new business, while 44% came from extensions and renewals.

Our largest verticals for bookings were government and financial services, making up approximately 45% and 22% of total bookings, respectively. From a geographical perspective, the U.S. accounted for 58% of total bookings, followed by Canada at 27% and Europe at 15%.

Share Repurchase Program

On February 1, 2012, the Company's Board of Directors authorized and received the approval from the *Toronto Stock Exchange* for the renewal of the Normal Course Issuer Bid ("NCIB") to purchase up to 10% of the public float of the Company's Class A subordinate voting shares over the next twelve months. The NCIB enables CGI to purchase, on the open market, up to 22,064,163 Class A subordinate voting shares for cancellation. The Class A subordinate shares may be purchased under the NCIB commencing February 9, 2012 and ending on the earlier of February 8, 2013, or the date on which the Company either acquired the maximum number of Class A subordinate voting shares allowable under the NCIB, or elected to terminate the NCIB.

During fiscal 2012, the Company repurchased 5,368,000 of its Class A subordinate voting shares for \$102.8 million at an average price of \$19.16, under the current and previous NCIB. As at September 30, 2012, the Company could purchase up to an additional 21.0 million shares under the current NCIB.

Foreign currency impact

Foreign currency rate fluctuations favourably impacted our revenue by 0.9%. This compares with an unfavourable impact of 3.1% in fiscal 2011, and a favourable impact of 5.8% in fiscal 2010. The foreign currency impact in 2012 was mainly due to the weakening of the U.S. dollar.

Fiscal Year ended September 30, 2011

Significant Developments

The Company continued to grow year-over-year and our adjusted EBIT margin continued to remain strong, providing necessary cash from operations to pay down our long-term debt and to increase the return to our shareholders. The highlights below include the impacts of the Performance Improvement Plan as explained below under *Performance Improvement Plan*:

- Bookings of \$4.9 billion;
- Book-to-bill ratio of 113%;
- Constant currency revenue growth of 18.9% over the prior fiscal year;
- Adjusted EBIT margin remained high at 13.0%;
- Basic and diluted EPS grew by 29.1% and 27.4% respectively compared to the prior fiscal year;
- Return on equity reached 19.5%;
- Cash provided by continuing operating activities remained strong, representing 13.2% of revenue; and
- Repurchased 16.4 million Class A subordinate voting shares of the Company.

Conseillers en informatique d'affaires CIA Inc.

On April 4, 2011, CGI concluded a transaction whereby *Conseillers en informatique d'affaires CIA inc.* ("CIA") repurchased its shares held by CGI. CGI simultaneously purchased the operations carried out in CIA's Paris office. The sale and acquisition did not have a material impact on the Company's net earnings or financial position. The revenue reported in Canada decreased by approximately \$17.3 million during the year from fiscal 2010.

Private Debt Placement

During the fourth quarter, the Company entered into a US\$475.0 million private debt placement financing with large U.S. institutional investors. The private placement is comprised of three tranches of senior U.S. unsecured notes, with a weighted average maturity of 8.2 years and a weighted average fixed coupon of 4.57%. The Company drew the proceeds during the fourth quarter of fiscal 2012, and executed interest rate swaps subject to favourable market conditions in order to reduce its financing costs and maximize flexibility. The Company used the proceeds of the private placement to pay down part of the Company's existing revolving term facility.

Performance Improvement Plan

During the fourth quarter, the Company accelerated the on-going optimization of its cost structure in light of the current economic environment and outlook. Technological advancements enabled our workforce to become increasingly mobile. This increased mobility of our workforce along with the growth in our global delivery centres evolved our real estate needs. As a result, and in order to remain competitive, a total pre-tax charge of \$45.4 million was taken mainly comprised of provisions on excess real estate, related leasehold improvements and severance costs in the amount of \$33.7 million. Also, through a review of the Company's business solutions portfolio and following the deferral of investments by some of our clients, management decided to lower the outlook for certain of the Company's business solution investments resulting in the impairment of two business solutions. An impairment charge of \$11.7 million was taken on these solutions primarily for the financial services market. Of the \$45.4 million charge, \$29.6 million is included in "Cost of services, selling and administrative", while the \$11.7 million impairment charge and \$4.1 million of leasehold improvements write-off was included in "Amortization" on the consolidated statement of earnings in the financial booklet of the *2011 Annual Report* entitled *Numbers*. Please see Section 7 – Fourth Quarter Results of the *2011 Management's Discussion & Analysis* for more information.

Bookings and Book-to-Bill Ratio

The Company achieved a book-to-bill ratio of 113% for the year. Of the \$4.9 billion in bookings signed during the year, 63% came from new business, while 37% came from extensions and renewals.

Our largest verticals for bookings were government and financial services, making up approximately 54% and 24% of total bookings, respectively. From a geographical perspective, the U.S. accounted for 64% of total bookings, followed by Canada at 31% and Europe at 5%.

Significant Bookings in the Year

Announcement Date	Client	Duration	Value
October 21, 2010	U.S. General Services Administration	Five years	US\$76.0 million
	CGI was selected as one of the 11 companies awarded a five-year, government-wide Blanket Purchase Agreement for Infrastructure as a Service by the U.S. General Services Administration. During this contract CGI offers government agencies virtual machines and Web hosting services in a cloud environment.		
November 5, 2010	SaskEnergy	Seven years	Not released
	CGI's work includes the replacement of SaskEnergy's legacy customer and billing information system utilizing Oracle's Customer Care and Billing application to manage critical business functions including customer service, billing, collections and meter management.		
November 17, 2010	U.S. Defense Information Technology Contracting Organization	Five years	US\$28.0 million
	CGI supports the Kyrgyzstan Border Service's efforts to better coordinate control of their border as well as provide IT support to the U.S. Army Communications-Electronics Command's counter narcotics efforts.		
January 11, 2011	U.S. Department of Housing and Urban Development ("HUD")	Until Sept 30, 2011	US\$40.3 million
	In conjunction with state and local housing agencies, CGI administered HUD's multi-family housing programs in California, Florida, New York, Ohio, and Washington, DC. CGI's contract was performance-based and, since its award 10 years earlier, the company demonstrated a strong track record of performance on behalf of its partner housing agencies.		

Announcement Date	Client	Duration	Value
January 12, 2011	Industrial Alliance Insurance and Financial Services, Inc.	Ten year extension and expansion	\$137.0 million
	CGI continues to support the strategic growth of Industrial Alliance, the fourth largest life and health insurance firm in Canada, by having become its preferred IT vendor delivering a wide range of IT services.		
January 12, 2011	Centers for Medicare & Medicaid Services	Five years	US\$55.0 million
	CGI continues software development and operational support services for the Provider Enrolment Chain Ownership System including Health Information Technology for Economic and Clinical Health registration and attestation functionality.		
January 18, 2011	Société Générale Corporate & Investment Banking ("SG CIB")	Three years	Not released
	CGI provides application development and support services using its global delivery centres to SG CIB locations in Paris, London, New York, Singapore and Hong Kong.		
March 2, 2011	Highmark Blue Cross Blue Shield	Five year renewal	Not released
	CGI provides comprehensive claims audit services to identify provider overpayments and coding errors on claims submitted from providers throughout the Commonwealth of Pennsylvania. The work is performed by consultants, claims investigators, clinicians, and coding specialists using the company's proprietary Customized Audit System software, an enterprise-wide solution designed to support the prediction, identification, management, and analysis of claims.		
April 26, 2011	State of California Franchise Tax Board ("FTB")	Five and a half years	US\$399.0 million
	CGI's innovative solution supports fundamental changes in FTB's tax processing that will generate an estimated US\$2.8 billion in additional revenue for the State by 2016-2017, helping to narrow its substantial tax revenue gap. The Enterprise Data to Revenue project is a performance-based, benefits-funded contract where CGI is paid from a percentage of the increased revenues generated. The contract includes a five-year option for maintenance and operation valued at an additional US\$139 million.		

Announcement Date	Client	Duration	Value
May 17, 2011	Space and Naval Warfare Systems Center	Not Released	US\$49.0 million
	CGI continues to provide production execution, testing, and technical support for U.S. military Command, Control, Communications, Computers, Combat Systems, Intelligence, Surveillance and Reconnaissance (C5ISR) mission modules.		
May 18, 2011	Environmental Protection Agency ("EPA")	Seven years	US\$34.0 million
	Under the multi-vendor ITS-EPA II Program Blanket Purchase Agreement, CGI partners with EPA to develop and implement a new cyber security approach focused on strengthening the internal security posture, streamlining processes, re-engineering operations, and enhancing service tracking.		
May 19, 2011	Evraz	Until 2016	Not released
	CGI provides IT services support to its North American operations.		
May 31, 2011	Commonwealth of Pennsylvania, Department of Public Welfare	Four year renewal	US\$44.9 million
	CGI helps prevent, detect, deter and correct provider improper payments within Pennsylvania's Medicaid Medical Assistance program. CGI uses its proprietary data mining software, the Customized Audit System, to conduct reviews of claims and records, identify over and underpayments for recovery, and provide support for appeals activities.		
June 7, 2011	University Health Network	Seven years	\$50.0 million
	CGI's solution provides a secure, shared repository for storage, retrieval and viewing of diagnostic images such as X-rays and MRIs, and associated documents across multiple hospital sites in greater Toronto and central Ontario.		
July 22, 2011	State of Alaska's Department of Administration	Seven years	US\$54.0 million
	CGI provides services for project management, business process redesign, system configuration and development, data conversion and training. The State subscribes to CGI's managed services offering, Managed Advantage, for application maintenance, technical upgrades and help desk support.		
July 22, 2011	Encana Corporation	Five years	Not released
	CGI manages over 370 custom applications Encana requires to run its business. CGI is leveraging its near-shore delivery capabilities and predictive cost model to minimize risk and reduce cost.		

Announcement Date	Client	Duration	Value
August 10, 2011	Scotiabank	Seven years	Not released
	CGI replaces multiple legacy trade and supply chain applications at Scotiabank with a single, integrated platform to enhance service to clients, reduce costs, and provide greater visibility and transparency into its North America, Latin America, Caribbean and Asia operations.		
September 13, 2011	Environmental Protection Agency	Six year renewal	US\$207.0 million
	CGI continues to support EPA's Central Data Exchange through a wide range of technology services, including information assurance/cyber security, web application and systems development, program management, user support, and operations and maintenance services.		
September 15, 2011	Wake County, North Carolina	Twelve years	US\$30.5 million
	CGI hosts the system and securely manages day-to-day operations under its Managed Advantage program, which includes application maintenance, technical upgrades, disaster recovery services, and client support. The County benefits from a single point of accountability for software, services, and hosting as well as a predictable cost over the contract term for product upgrades, infrastructure, and maintenance.		
October 3, 2011	Environmental Protection Agency	Five years	US\$64.5 million
	CGI provides production application platform management to support EPA's primary data center, the National Computing Center, including support for application deployment checklist process, management of numerous applications platforms, and delivery of technical consulting services. This contract was signed prior to but announced subsequent to September 30, 2011.		
October 5, 2011	Wyoming State Auditor's Office	Five year renewal	US\$28.7 million
	CGI continues to provide secure day-to-day ERP operations management, including application maintenance, technical upgrades, disaster recovery services, and client support. This contract was signed prior to but announced subsequent to September 30, 2011.		

Significant Contract Vehicles

In addition to the significant bookings outlined above, CGI also participates in a number of contract vehicles that simplify and streamline the procurement process. Ordering against these vehicles meets U.S. federal requirements for full and open competition, and assures that our past performance credentials have been thoroughly validated. These contract vehicles offer CGI the flexibility to respond to broad agency requirements in a quick and efficient manner. Bookings are registered only when a specific task order is awarded from the contract vehicles. The key vehicles are outlined below along with their term and total value.

Contract Vehicles	Term	Vehicle US\$ Ceiling*
US Army AMCOM EXPRESS	March 1, 2005 to January 31, 2012	Not released
GSA Alliant	May 1, 2009 to April 30, 2014	\$50.0 billion
Navy Seaport-e	April 5, 2004 to April 4, 2014 <i>With five option years</i>	\$39.0 billion
NIH CIOSP2	December 20, 2000 to December 20, 2011	\$19.5 billion
DISA ENCORE	Ending May 31, 2013 <i>Includes five one-year options</i>	\$12.2 billion
US Army FIRST	January 1, 2007 to January 1, 2014	\$9.0 billion
CMS-ESD	September 14, 2007 to September 13, 2017	\$4.0 billion
EPA-ITS	July 1, 2009 to September 30, 2016	\$955.0 million
US Marine Corps CEOs	September 5, 2006 to September 30, 2016	\$500.0 million
Awarded in FY 2011:		
VA T-4	Five years	\$12.0 billion
CDC CIMS	Two years <i>With four two-year options</i>	\$4.0 billion
Treasury TIPSS 4	December 28, 2010 to December 27, 2020 <i>With nine option years</i>	\$4.0 billion
US Army OPTARSS II	March 1, 2011 to March 1, 2016	\$2.5 billion
GSA Infrastructure (IaaS)	Years 2010 to 2015	\$76.0 million

* Vehicle dollar amount ceilings are for all awarded vendors including CGI.

Share Repurchase Program

On January 26, 2011, the Company's Board of Directors authorized and received the approval from the *Toronto Stock Exchange* for the renewal of the NCIB to purchase up to 10% of the public float of the Company's Class A subordinate voting shares during the next year. The NCIB enabled CGI to purchase, on the open market, up to 23,006,547 Class A subordinate voting shares for cancellation. The Class A subordinate voting shares could be purchased under the NCIB commencing February 9, 2011 and ending on the earlier of February 8, 2012, or the date on which the Company either acquired the maximum number of Class A subordinate voting shares allowable under the NCIB, or elected to terminate the NCIB.

During fiscal 2011, the Company repurchased 16,373,400 of its Class A subordinate voting shares for \$305.0 million at an average price of \$18.63, under the then-current and previous NCIB.

Foreign currency impact

The impact of foreign currency during fiscal 2011 decreased revenues by 3.1%. This compared with a decrease of 5.8% in fiscal 2010, and an increase of 5.1% in fiscal 2009. The foreign currency impact in 2011 was mainly due to the weakening of the U.S. dollar.

Fiscal Year ended September 30, 2010

Significant Developments

As a result of the restructuring initiatives implemented in fiscal 2009, we positioned ourselves to compete strategically and seize opportunities as our economy emerged from the recession. Over the course of fiscal 2010, we returned to positive constant currency growth, enjoyed record high earnings margins, and continued to improve on our key indicators. Clients slowly regained confidence in the economy and increased their willingness to reinvest in their IT initiatives. On the buy side of our strategy, we acquired Stanley, Inc. ("Stanley") to expand our U.S. presence and to give CGI an entry into the U.S. federal defence market. Highlights for fiscal 2010 were:

- Bookings of \$4.6 billion;
- Book-to-bill ratio of 124%;
- Constant currency growth of 3.4%;
- Adjusted EBIT margin remained strong at 13.7%;
- Basic and diluted EPS from continuing operations grew by 23.3% and 21.6% respectively;
- Return on equity reached 16.4%;
- Return on invested capital remains high at 16.3%;
- Cash provided by continuing operating activities remained strong, representing 14.8% of revenue; and
- Repurchased 35.6 million Class A subordinate voting shares of the Company.

Acquisition of Stanley Inc.

On May 7, 2010, CGI announced a definitive merger agreement with Stanley, a provider of IT services and solutions to U.S. defense, intelligence and federal civilian government agencies. Under the terms of the merger agreement, CGI, through an indirect wholly-owned subsidiary, CGI Fairfax Corporation ("CGI Fairfax"), commenced a cash tender offer to acquire all of Stanley's outstanding shares of common stock at US\$37.50 per share. As a condition to CGI entering into the merger agreement, certain executive officers of Stanley, who held approximately 13% of the Stanley shares, entered into a stockholders agreement with CGI pursuant to which they agreed, among other things, to tender their shares pursuant to the offer.

On August 17, 2010, CGI completed its cash tender offer and accepted for purchase approximately 95% of the Stanley shares. CGI Fairfax subsequently effected a "short-form" merger under Delaware law, and Stanley became an indirect wholly-owned subsidiary of CGI. As a result of the merger, all then-outstanding Stanley shares, other than those held by CGI Fairfax, were cancelled and converted into the right to receive \$37.50 per share in cash.

Total cash consideration for this transaction was \$923.2 million, and was funded from CGI's cash on hand and existing credit facilities.

We filed copies of the merger agreement and the stockholders agreement as "material documents" on SEDAR on May 7, 2010. We also filed a Business Acquisition Report in relation to our acquisition of Stanley on SEDAR on October 29, 2010.

Our results for the year incorporated the operations of Stanley subsequent to August 17, 2010. Since the completion of the transaction, we focused on the integration of Stanley into CGI and for fiscal 2010 and fiscal 2011, total acquisition-related and integration costs incurred were \$20.9 million.

Bookings and Book-to-Bill Ratio

The Company achieved a book-to-bill ratio of 124% for fiscal 2010. Of the \$4.6 billion in bookings signed during the year, 51% came from new business, while 49% came from extensions and renewals.

Our largest verticals for bookings were government & healthcare and financial services, making up approximately 45% and 36% of total bookings, respectively. From a geographical perspective, Canada accounted for 53% of total bookings, followed by the U.S. at 42% and Europe at 5%.

Significant Bookings in the Year

Announcement Date	Client	Duration	Value
October 5, 2009	U.S. Environmental Protection Agency ("EPA")	Seven years	Not released
	CGI Federal delivers IT infrastructure support services to the EPA under the ITS-EPA II program and assists the Office of Environmental Information in achieving more innovative, agile, and scalable IT services for the ITS-EPA II program. The seven-year agreement, awarded to seven vendors includes a US\$955 million ceiling value over the BPA's period of performance and positions.		
November 3, 2009	Yellow Pages Group	10-year extension	\$100 million
	CGI manages the applications and infrastructure of Yellow Pages Group's computer network, as well as other projects, namely business intelligence and the optimization of the company's research tools.		
November 5, 2009	U.S. Department of Housing and Urban Development ("HUD")	One year renewal	US\$58.1 million
	CGI administered HUD multi-family housing programs in California, Florida, New York, Ohio and Washington, DC, in conjunction with its state and local housing agency partners.		
December 15, 2009	North American financial institutions	New contracts & renewals	\$1.1 billion
	CGI signed new contracts and renewals with North American financial institutions totalling \$1.1 billion during its fiscal 2010 first quarter (October-December). Services provided under these new deals include systems integration, application maintenance, IP-based solutions as well as long term, multi-year managed services contracts.		
January 19, 2010	U.S. Department of State and U.S. Agency for International Development	10 years	US\$395 million
	CGI provides systems integration, consulting services, and operational support for more than 5,000 Joint Financial Management System users in more than 300 posts and missions around the world.		
April 6, 2010	Telekomunikacja Polska Group	Three years	Not released
	CGI frameworks were deployed to help TP Group consolidate its current multi application, multi vendor environment to improve overall time to market and total cost of ownership.		
May 4, 2010	California Department of Health Care Services	10 years	US\$168 million
	CGI partners with ACS to deliver enhanced fiscal intermediary administrative services and an advanced Medicaid Management Information System for California's Department of Health Care Services.		

Announcement Date	Client	Duration	Value
May 18, 2010	Centers for Medicare & Medicaid Services	Five years	US\$73.2 million
	CGI continues the modernization, application management, and maintenance efforts on three external websites that provide information to 44 million beneficiaries and millions more healthcare providers and other stakeholders.		
June 17, 2010	State of Maine	11 years	Not released
	CGI delivers managed application services for the State's AMS Advantage® enterprise resource planning system which supports financial management and procurement operations. CGI hosts the State's AMS Advantage ERP system and provide disaster recovery services. CGI also manages operations of all technical aspects of the system during the term of the contract.		
June 29, 2010	Atlantic Lottery Corporation	Seven years	\$125 million
	CGI manages Atlantic Lottery's data center and provides related application support and development.		
July 7, 2010	The Beer Store	Seven years	Not released
	This agreement establishes CGI as the infrastructure IT supplier for The Beer Store, and also encompasses infrastructure services for Brewers Distributor Ltd. (BDL), a wholesale distributor of beer and the collector of returnable, refillable and recyclable beer containers within the four Western Canadian Provinces, as well as Northwest Territories and the Yukon.		
July 20, 2010	Rexel Group	Six years	\$50 million
	This agreement, which supports productivity improvements, established CGI as not only one of the preferred IT suppliers for Rexel's Canadian operations, but also for Rexel's U.S. operations.		
July 29, 2010	Manulife Financial	Until 2013	Not released
	Under the contract renewal, CGI continues to leverage its Halifax delivery center to provide systems development, maintenance and integration services to Manulife Financial.		
August 11, 2010	Plexxus	Five years	\$34 million
	CGI supported Plexxus in the design, build, implementation and management of on-going IT services including SAP supply chain and finance systems for Plexxus, a not-for-profit organization and its 12 member hospitals.		
September 30, 2010	U.S. General Administration	Services Five years	US\$46 million
	Under the Data.gov Dataset Hosting Services BPA, CGI provides hosting services for this important government information, as well as technology tools for dataset analysis, and professional services.		

Announcement Date	Client	Duration	Value
October 5, 2010	Bombardier Aerospace	Five years	US\$160 million

CGI is responsible for delivering various types of IT infrastructure services to Bombardier Aerospace, including end-user device support, service desk, telephony and local area network. CGI is also responsible for Canadian legacy application support. This contract was signed prior to but announced subsequent to our year-end.

Share Repurchase Program

On January 27, 2010, the Company's Board of Directors authorized and received the approval from the *Toronto Stock Exchange* for the renewal of the NCIB to purchase up to 10% of the public float of the Company's Class A subordinate voting shares during the next year. The NCIB enabled CGI to purchase, on the open market, up to 25,151,058 Class A subordinate voting shares for cancellation. The Class A subordinate voting shares could have been purchased under the NCIB commencing February 9, 2010 and ending on the earlier of February 8, 2011, or the date on which the Company either acquired the maximum number of Class A subordinate voting shares allowable under the NCIB, or elected to terminate the NCIB.

During fiscal 2010, the Company repurchased 35,602,085 of its Class A subordinate voting shares for \$516.7 million at an average price including commissions of \$14.51, under the then-current and previous NCIB.

Foreign currency impact

The impact of foreign currency during fiscal 2010 decreased revenues by 5.8%. This compared with an increase of 5.1% in fiscal 2009, and a reduction of 3.3% in fiscal 2008. The foreign currency impact in 2010 was mainly due to the weakening of the U.S. dollar.

FORWARD LOOKING INFORMATION AND RISKS AND UNCERTAINTIES

Forward-Looking Information

All statements in this *Annual Information Form* that do not directly and exclusively relate to historical facts constitute "forward-looking statements" within the meaning of that term in Section 27A of the United States *Securities Act of 1933*, as amended, and Section 21E of the United States *Securities Exchange Act of 1934*, as amended, and are "forward-looking information" within the meaning of applicable Canadian securities legislation. These statements and this information represent CGI's intentions, plans, expectations and beliefs, and are subject to risks, uncertainties and other factors, of which many are beyond the control of the Company. These factors could cause actual results to differ materially from such forward-looking statements or forward-looking information.

These factors include and are not restricted to the timing and size of new contracts, acquisitions and other corporate developments; the ability to attract and retain qualified members; market competition in the rapidly-evolving IT industry; general economic and business conditions, foreign exchange and other risks identified in this *Annual Information Form*, in the *Management's Discussion & Analysis* filed with Canadian securities authorities (filed on SEDAR at www.sedar.com), and in CGI's *Annual Report* on Form 40-F filed with the U.S. *Securities and Exchange Commission* (filed on EDGAR at www.sec.gov) as well as assumptions regarding the foregoing.

The words "believe," "estimate," "expect," "intend," "anticipate," "foresee," "plan," and similar expressions and variations thereof, identify certain of such forward-looking statements or forward-looking information, which speak only as of the date on which they are made. In particular, statements relating to future performance are forward-looking statements and forward-looking information. CGI disclaims any intention or obligation to publicly update or revise any forward-looking statements or forward-looking information,

whether as a result of new information, future events or otherwise, except as required by applicable law. Readers are cautioned not to place undue reliance on these forward-looking statements or on this forward-looking information.

Risks and Uncertainties

While we are confident about our long-term prospects, the following risks and uncertainties could affect our ability to achieve our strategic vision and objectives for growth and should be considered when evaluating our potential as an investment.

Risks Related to the Market

Economic risk

The level of business activity of our clients, which is affected by economic conditions, has a bearing upon the results of our operations. We can neither predict the impact that current economic conditions will have on our future revenue, nor predict when economic conditions will show meaningful improvement. During an economic downturn, our clients and potential clients may cancel, reduce or defer existing contracts and delay entering into new engagements. In general, companies also decide to undertake fewer IT systems projects during difficult economic times, resulting in limited implementation of new technology and smaller engagements. Since there are fewer engagements in a downturn, competition usually increases and pricing for services may decline as competitors, particularly companies with significant financial resources, decrease rates to maintain or increase their market share in our industry and this may trigger pricing adjustments related to the benchmarking obligations within our contracts. Our pricing, revenue and profitability could be negatively impacted as a result of these factors.

Risks Related to our Industry

The competition for contracts

CGI operates in a global marketplace in which competition among providers of IT services is vigorous. Some of our competitors possess greater financial, marketing, sales resources, and larger geographic scope in certain parts of the world than we do, which, in turn, provides them with additional leverage in the competition for contracts. In certain niche, regional or metropolitan markets, we face smaller competitors with specialized capabilities who may be able to provide competing services with greater economic efficiency. Some of our competitors have more significant operations than we do in lower cost countries that can serve as a platform from which to provide services worldwide on terms that may be more favourable. Increased competition among IT services firms often results in corresponding pressure on prices. There can be no assurance that we will succeed in providing competitively priced services at levels of service and quality that will enable us to maintain and grow our market share.

The availability and retention of qualified IT professionals

There is strong demand for qualified individuals in the IT industry. Hiring and retaining a sufficient amount of individuals with the desired knowledge and skill set may be difficult. Therefore, it is important that we remain able to successfully attract and retain highly qualified professionals and establish an effective succession plan. If our comprehensive programs aimed at attracting and retaining qualified and dedicated professionals do not ensure that we have staff in sufficient numbers and with the appropriate training, expertise and suitable government security clearances required to serve the needs of our clients, we may have to rely on subcontractors or transfers of staff to fill resulting gaps. This might result in lost revenue or increased costs, thereby putting pressure on our earnings.

The ability to continue developing and expanding service offerings to address emerging business demands and technology trends

The rapid pace of change in all aspects of IT and the continually declining costs of acquiring and maintaining IT infrastructure mean that we must anticipate changes in our clients' needs. To do so, we must adapt our services and our solutions so that we maintain and improve our competitive advantage

and remain able to provide cost effective services. The market for the services and solutions we offer is extremely competitive and there can be no assurance that we will succeed in developing and adapting our business in a timely manner. If we do not keep pace, our ability to retain existing clients and gain new business may be adversely affected. This may result in pressure on our revenue, profit margin and resulting cash flows from operations.

Infringing on the intellectual property rights of others

Despite our efforts, the steps we take to ensure that our services and offerings do not infringe on the intellectual property rights of third parties may not be adequate to prevent infringement and, as a result, claims may be asserted against us or our clients. We enter into licensing agreements for the right to use intellectual property and may otherwise offer indemnities against liability and damages arising from third-party claims of patent, copyright, trademark or trade secret infringement in respect of our own intellectual property or software or other solutions developed for our clients. In some instances, the amount of these indemnity claims could be greater than the revenue we receive from the client. Intellectual property claims or litigation could be time-consuming and costly, harm our reputation, require us to enter into additional royalty or licensing arrangements, or prevent us from providing some solutions or services. Any limitation on our ability to sell or use solutions or services that incorporate software or technologies that are the subject of a claim could cause us to lose revenue-generating opportunities or require us to incur additional expenses to modify solutions for future projects.

Benchmarking provisions within certain contracts

Some of our outsourcing contracts contain clauses allowing our clients to externally benchmark the pricing of agreed upon services against those offered by other providers in an appropriate peer comparison group. The uniqueness of the client environment is factored in and, if results indicate a difference outside the agreed upon tolerance, we may be required to work with clients to reset the pricing for their services.

Protecting our intellectual property rights

Our success depends, in part, on our ability to protect our proprietary methodologies, processes, know-how, tools, techniques and other intellectual property that we use to provide our services. CGI's business solutions will generally benefit from available copyright protection and, in some cases, patent protection. Although CGI takes reasonable steps to protect and enforce its intellectual property rights, there is no assurance that such measures will be enforceable or adequate. The cost of enforcing our rights can be substantial and, in certain cases, may prove to be uneconomic. In addition, the laws of some countries in which we conduct business may offer only limited intellectual property rights protection. Despite our efforts, the steps taken to protect our intellectual property may not be adequate to prevent or deter infringement or other misappropriation of intellectual property, and we may not be able to detect unauthorized use of our intellectual property, or take appropriate steps to enforce our intellectual property rights.

Risks Related to our Business

Risks associated with our growth strategy

CGI's *Build and Buy* strategy is founded on four pillars of growth: first, organic growth through contract wins, renewals and extensions in the areas of outsourcing and system integration; second, the pursuit of new large outsourcing contracts; third, acquisitions of smaller firms or niche players; and fourth, transformational acquisitions.

Our ability to grow through organic growth and new large outsourcing transactions is affected by a number of factors outside of our control, including a lengthening of our sales cycle for major outsourcing contracts.

Our ability to grow through niche and transformational acquisitions requires that we identify suitable acquisition targets and that we correctly evaluate their potential as transactions that will meet our financial and operational objectives. There can be no assurance that we will be able to identify suitable acquisition candidates and consummate additional acquisitions that meet our economic thresholds, or that future

acquisitions will be successfully integrated into our operations and yield the tangible accretive value that had been expected.

If we are unable to implement our *Build and Buy* strategy, we will likely be unable to maintain our historic or expected growth rates.

The variability of financial results

Our ability to maintain and increase our revenues is affected not only by our success in implementing our *Build and Buy* strategy, but also by a number of other factors, including: our ability to introduce and deliver new services and products; a lengthened sales cycle; the cyclical nature of purchases of technology services and products; the nature of a customer's business; and the structure of agreements with customers. For example, clients are increasingly demanding extended terms of payment, often stretching for more than a year. These, and other factors, make it difficult to predict financial results for any given period.

Business mix variations

The proportion of revenue that we generate from shorter-term systems integration and consulting ("SI&C") projects, versus revenue from long-term outsourcing contracts, will fluctuate at times, affected by acquisitions or other transactions. An increased exposure to revenue from SI&C projects may result in greater quarterly revenue variations.

The financial and operational risks inherent in worldwide operations

We manage operations in numerous countries around the world. The scope of our operations subjects us to various issues that can negatively impact our operations: currency fluctuations; the burden of complying with a wide variety of national and local laws; the differences in and uncertainties arising from local business culture and practices; political, social and economic instability including the threats of terrorism, civil unrest, war, natural disasters and pandemic illnesses. Any or all of these risks could impact our global business operations and cause our profitability to decline.

Organizational challenges associated with our size

With the acquisition of Logica, our organization has doubled in size with expanded operations in both Europe and Asia. Our culture, standards, core values, and our policies need to be instilled across the newly acquired businesses as well as maintained within our existing operations. To effectively communicate and manage these standards throughout a large global organization is both challenging and time consuming. Newly acquired businesses may be resistant to change and may remain attached to past methods, standards and practices which may compromise our business agility in pursuing opportunities. Cultural differences in various countries may also present barriers to introducing new ideas or aligning our vision and strategy with the rest of the organization. If we cannot overcome these obstacles in maintaining a strategic bond throughout the Company worldwide, we may not be able to achieve our growth and profitability objectives.

Taxes

In estimating our income tax payable, management uses accounting principles to determine income tax positions that are likely to be sustained by applicable tax authorities. However, there is no assurance that our tax benefits or tax liability will not materially differ from our estimates or expectations. The tax legislation, regulation and interpretation that apply to our operations are continually changing. In addition, future tax benefits and liabilities are dependent on factors that are inherently uncertain and subject to change, including future earnings, future tax rates, and anticipated business mix in the various jurisdictions in which we operate. Moreover, our tax returns are continually subject to review by applicable tax authorities; it is these tax authorities that will make the final determination of the actual amounts of taxes payable or receivable, of any future tax benefits or liabilities and of income tax expense that we may ultimately recognize. Any of the above factors could have a material adverse effect on our net income or cash flows by affecting our operations and profitability, the availability of tax credits, the cost of the

services we provide, and the availability of deductions for operating losses as we develop our international service delivery capabilities.

Credit risk with respect to accounts receivable

In order to sustain our cash flows and net earnings from operations, we must collect the amounts owed to us in an efficient and timely manner. Although we maintain provisions to account for anticipated shortfalls in amounts collected, the provisions we take are based on management estimates and on our assessment of our clients' creditworthiness which may prove to be inadequate in the light of actual results. To the extent that we fail to perform our services in accordance with our contracts and our clients' reasonable expectations, and to the extent that we fail to invoice clients for our services correctly in a timely manner, our collections could suffer resulting in a direct and adverse impact to our revenue, net earnings and cash flows. In addition, a prolonged economic downturn may cause clients to curtail or defer projects, impair their ability to pay for services already provided, and ultimately cause them to default on existing contracts, in each case, causing a shortfall in revenue and impairing our future prospects.

Material developments regarding major commercial clients resulting from such causes as changes in financial condition, mergers or business acquisitions

Consolidation among our clients resulting from mergers and acquisitions may result in loss or reduction of business when the successor business' IT needs are served by another service provider or are provided by the successor company's own personnel. Growth in a client's IT needs resulting from acquisitions or operations may mean that we no longer have a sufficient geographic scope or the critical mass to serve the client's needs efficiently, resulting in the loss of the client's business and impairing our future prospects. There can be no assurance that we will be able to achieve the objectives of our growth strategy in order to maintain and increase our geographic scope and critical mass in our targeted markets.

Early termination risk

If we should fail to deliver our services according to contractual agreements, some of our clients could elect to terminate contracts before their agreed expiry date, which would result in a reduction of our earnings and cash flow and may impact the value of our backlog. In addition, a number of our outsourcing contractual agreements have termination for convenience and change of control clauses according to which a change in the client's intentions or a change in control of CGI could lead to a termination of the said agreements. Early contract termination can also result from the exercise of a legal right or when circumstances that are beyond our control or beyond the control of our client prevent the contract from continuing. In cases of early termination, we may not be able to recover capitalized contract costs and we may not be able to eliminate ongoing costs incurred to support the contract.

Cost estimation risks

In order to generate acceptable margins, our pricing for services is dependent on our ability to accurately estimate the costs and timing for completing projects or long-term outsourcing contracts. In addition, a significant portion of our project-oriented contracts are performed on a fixed-price basis. Billing for fixed-price engagements is carried out in accordance with the contract terms agreed upon with our client, and revenue is recognized based on the percentage of effort incurred to date in relation to the total estimated costs to be incurred over the duration of the respective contract. These estimates reflect our best judgment regarding the efficiencies of our methodologies and members as we plan to apply them to the contracts in accordance with the CGI Client Partnership Management Framework ("CPMF"), a process framework which helps ensure that all contracts are managed according to the same high standards throughout the organization. If we fail to apply the CPMF correctly or if we are unsuccessful in accurately estimating the time or resources required to fulfil our obligations under a contract, or if unexpected factors, including those outside of our control, arise, there may be an impact on costs or the delivery schedule which could have an adverse impact on our expected profit margins.

Risks related to teaming agreements and subcontracts

We derive substantial revenues from contracts where we enter into teaming agreements with other providers. In some teaming agreements we are the prime contractor whereas in others we act as a subcontractor. In both cases, we rely on our relationships with other providers to generate business and we expect to do so in the foreseeable future. Where we act as prime contractor, if we fail to maintain our relationships with other providers, we may have difficulty attracting suitable participants in our teaming agreements. Similarly, where we act as subcontractor, if our relationships are impaired, other providers might reduce the work they award to us, award that work to our competitors, or choose to offer the services directly to the client in order to compete with our business. In either case, our business, prospects, financial condition and operating results could be harmed.

Our partners' ability to deliver on their commitments

Increasingly large and complex contracts may require that we rely on third party subcontractors including software and hardware vendors to help us fulfil our commitments. Under such circumstances, our success depends on the ability of the third parties to perform their obligations within agreed upon budgets and timeframes. If our partners fail to deliver, our ability to complete the contract may be adversely affected, which may have an unfavourable impact on our profitability.

Guarantees risk

In the normal course of business, we enter into agreements that may provide for indemnification and guarantees to counterparties in transactions such as consulting and outsourcing services, business divestitures, lease agreements and financial obligations. These indemnification undertakings and guarantees may require us to compensate counterparties for costs and losses incurred as a result of various events, including breaches of representations and warranties, intellectual property right infringement, claims that may arise while providing services or as a result of litigation that may be suffered by counterparties.

Risk related to human resources utilization rates

In order to maintain our profit margin, it is important that we maintain the appropriate availability of professional resources in each of our geographies by having a high utilization rate while still being able to assign additional resources to new work. Maintaining an efficient utilization rate requires us to forecast our need for professional resources accurately and to manage recruitment activities, professional training programs, attrition rates and restructuring programs appropriately. To the extent that we fail to do so, or to the extent that laws and regulations, particularly those in Europe, restrict our ability to do so, our utilization rates may be reduced; thereby having an impact on our revenue and profitability. Conversely, we may find that we do not have sufficient resources to deploy against new business opportunities in which case our ability to grow our revenue would suffer.

Client concentration risk

We derive a substantial portion of our revenue from the services we provide to the U.S. federal government and its agencies, and we expect that this will continue for the foreseeable future. In the event that a major U.S. federal government agency were to limit, reduce, or eliminate the business it awards to us, we might be unable to recover the lost revenue with work from other agencies or other clients, and our business, prospects, financial condition and operating results could be materially and adversely affected. Although International Financial Reporting Standards considers a national government and its agencies as a single client, our client base in the U.S. government economic sector is in fact diversified with contracts from many different departments and agencies.

Government business risk

Changes in government spending policies or budget priorities could directly affect our financial performance. Among the factors that could harm our government contracting business are the curtailment of governments' use of consulting and IT services firms; a significant decline in spending by governments

in general, or by specific departments or agencies in particular; the adoption of new legislation and/or actions affecting companies that provide services to governments; delays in the payment of our invoices by government payment offices; and general economic and political conditions. These or other factors could cause government agencies and departments to reduce their purchases under contracts, to exercise their right to terminate contracts, to issue temporary stop work orders, or not to exercise options to renew contracts, any of which would cause us to lose future revenue. Government spending reductions or budget cutbacks at these departments or agencies could harm our continued performance under these contracts, or limit the awarding of additional contracts from these agencies.

Regulatory risk

Our global operations require us to be compliant with laws in many jurisdictions on matters such as: anticorruption, trade restrictions, immigration, taxation, securities regulation, anti-competition, data privacy and labour relations, amongst others. Complying with these diverse requirements worldwide is a challenge and consumes significant resources. Some of these laws may impose conflicting requirements; we may face the absence in some jurisdictions of effective laws to protect our intellectual property rights; there may be restrictions on the movement of cash and other assets; or restrictions on the import and export of certain technologies; or restrictions on the repatriation of earnings and reduce our earnings, all of which may expose us to penalties for non-compliance and harm our reputation.

Our business with the U.S. federal government and its agencies requires that we comply with complex laws and regulations relating to government contracts. These laws relate to the integrity of the procurement process, impose disclosure requirements, and address national security concerns, among others matters. For instance, we are routinely subject to audits by U.S. government agencies with respect to compliance with these rules. If we fail to comply with these requirements we may incur penalties and sanctions, including contract termination, suspension of payments, suspension or debarment from doing business with the federal government, and fines.

Legal claims made against our work

We create, implement and maintain IT solutions that are often critical to the operations of our clients' business. Our ability to complete large projects as expected could be adversely affected by unanticipated delays, renegotiations, and changing client requirements or project delays. Also, our solutions may suffer from defects that adversely affect their performance; they may not meet our clients' requirements or may fail to perform in accordance with applicable service levels. Such problems could subject us to legal liability, which could adversely impact our business, operating results and financial condition, and may negatively affect our professional reputation. We typically include provisions in our contracts which are designed to limit our exposure to legal claims relating to our services and the applications we develop. These provisions may not protect us adequately or may not be enforceable under some circumstances or under the laws of some jurisdictions.

Information and infrastructure risks

Our business often requires that our clients' applications and information, which may include their proprietary information, be processed and stored on our networks and systems, and in data centres that we manage. Digital information and equipment is subject to loss, theft or destruction, and services that we provide may become temporarily unavailable as a result thereof or upon an equipment or system malfunction. Failures can arise from human error in the course of normal operations, maintenance and upgrading activities, or from hacking, vandalism (including denial of service attacks and computer viruses), theft and unauthorized access by third parties, as well as from power outages or surges, floods, fires, natural disasters or from any other causes. The measures that we take to protect information and software, including both physical and logical controls on access to premises and information and backup systems may prove in some circumstances to be inadequate to prevent the loss, theft or destruction of client information or service interruptions. Such events may expose the Company to financial loss or damages.

Risk of harm to our reputation

CGI's reputation as a capable and trustworthy service provider and long term business partner is key to our ability to compete effectively in the market for IT services. The nature of our operations exposes us to the potential loss, unauthorized access to, or destruction of our clients' information, as well as temporary service interruptions. Depending on the nature of the information or services, such events may have a negative impact on how the Company is perceived in the marketplace. Under such circumstances, our ability to obtain new clients and retain existing clients could suffer with a resulting impact on our revenue and profit.

Risks associated with the integration of new operations

The successful integration of new operations that arise from our acquisitions strategy or from large outsourcing contracts requires that a substantial amount of management time and attention be focused on integration tasks. Management time that is devoted to integration activities may detract from management's normal operations focus with resulting pressure on the revenues and earnings from our existing operations. In addition, we may face complex and potentially time-consuming challenges in implementing the uniform standards, controls, procedures and policies across new operations to harmonize their activities with those of our existing business units. Integration activities can result in unanticipated operational problems, expenses and liabilities. If we are not successful in executing our integration strategies in a timely and cost-effective manner, we will have difficulty achieving our growth and profitability objectives.

Liquidity and funding risks

The Company's future growth is contingent on the execution of its business strategy, which, in turn, is dependent on its ability to grow the business organically as well as conclude large outsourcing contracts and business acquisitions. By its nature, our growth strategy requires us to fund the investments required to be made using a mix of cash generated from our existing operations, money borrowed under our existing or future credit agreements, and equity funding generated by the issuance of shares of our capital stock to counterparties in transactions, or to the general public. Our ability to raise the required funding depends on the capacity of the capital markets to meet our financing needs in a timely fashion and on the basis of interest rates and share prices that are reasonable in the context of profitability objectives. Increasing interest rates, volatility in our share price, and the capacity of our current lenders to meet our liquidity requirements are all factors that may have an adverse impact on our access to the funding we require. If we are unable to obtain the necessary funding, we may be unable to achieve our growth objectives.

Foreign exchange risks

The majority of our revenue and costs are denominated in currencies other than the Canadian dollar. Foreign exchange fluctuations impact the results of our operations as they are reported in Canadian dollars. This risk is partially mitigated by a natural hedge in matching our costs with revenue denominated in the same currency and through the use of derivatives in our world-wide hedging strategy. However, as we continue our global expansion, natural hedges may begin to diminish. Other than the use of financial products to deliver on our hedging strategy, we do not trade derivative financial instruments.

With our expanded presence in Europe, uncertainty regarding the ability of certain European countries to continue servicing their sovereign debt and related austerity measures may destabilize the Euro. Similarly, given the scope of our U.S. operation, if the U.S. dollar continues to weaken against the Canadian dollar, our worldwide financial results may not reach expectations.

LEGAL PROCEEDINGS

The Company is involved in legal proceedings, audits, claims and litigation arising in the ordinary course of its business. Certain of these matters seek damages in significant amounts. Although the outcome of such matters is not predictable with assurance, the Company has no reason to believe that the disposition

of any such current matter could reasonably be expected to have a materially adverse impact on the Company's financial position, results of operations or the ability to carry on any of its business activities.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

The charter of the *Audit and Risk Management Committee* requires that the committee review all related party transactions.

In the normal course of business, CGI is party to contracts with Innovapost Inc. pursuant to which CGI is its preferred IT supplier. Prior to December 29, 2011, the Company exercised joint control over Innovapost Inc.'s operating, financing and investing activities through its 49% ownership interest. On December 29, 2011, the Company entered into a Share Purchase Agreement with Canada Post Corporation by which the Company divested itself of its 49% ownership interest in Innovapost Inc. to Canada Post Corporation.

TRANSFER AGENT AND REGISTRAR

The Company's transfer agent for the Company's Class A subordinate voting shares and Class B shares is *Computershare Investor Services Inc.* whose head office is situated in Toronto, Ontario. Share transfer service is available at Computershare's Montreal, Quebec, and Toronto, Ontario, offices as well as at the principal office of *Computershare Trust Company, N.A.* in Golden, Colorado.

MATERIAL CONTRACTS

The following material contracts were entered into by the Company during the fiscal year ended September 30, 2012:

- the Cooperation Agreement entered into by Logica and the Company on May 31, 2012;
- the Subscription Agreement entered into by the Caisse and the Company on May 31, 2012;
- the Subscription Receipt Agreement entered into by the Caisse, the Company and Computershare Trust Company of Canada, as subscription receipt agent, on May 31, 2012;
- the Registration Rights Agreement entered into by the Caisse and the Company on August 20, 2012; and
- the Term Loan Credit Agreement entered into by the Company and a syndicate of lenders on May 31, 2012, and the related Fee Letter and Syndication Letter.

These material contracts are described above under "*Description of CGI's Business - Significant Developments of the Three Most Recent Fiscal Years - Fiscal Year Ended September 30, 2012 - Acquisition of Logica plc*".

AUDITORS

The auditors of the Company are *Ernst & Young LLP*. They have confirmed their independence to the Company's *Audit and Risk Management Committee*.

ADDITIONAL INFORMATION

The Company will provide to any person, upon request to the Corporate Secretary of the Company, (i) a copy of the *Annual Information Form* of the Company, together with one copy of any document, or the pertinent pages of any document incorporated by reference in the *Annual Information Form*, (ii) a copy of the comparative consolidated financial statements of the Company for the year ended September 30, 2012 together with the accompanying report of the auditor and one copy of any subsequent interim financial statements, (iii) a copy of the *Management Proxy Circular* dated December 10, 2012 and (iv) a copy of the business booklet and of the financial booklet of the *2012 Annual Report* of the Company.

Additional information including directors' and officers' remuneration and indebtedness, securities authorized for issuance under equity compensation plans and principal holders of the Company's shares is included in the *Management Proxy Circular* dated December 10, 2012.

Additional financial information in relation to the last fiscal year ended September 30, 2012, is presented in the audited consolidated financial statements and in the *Management's Discussion & Analysis* contained in the financial booklet of the *2012 Annual Report* entitled *Numbers*.

The documents mentioned above are available on SEDAR at www.sedar.com and on the Company's web site at www.cgi.com as well as at the Company's head office:

Fundamental Texts of CGI Group Inc.

Presentation

This set of documents presents the fundamental texts that define CGI and its management approach. The fundamental texts address not only members of the board of directors, CGI's executive team and the company's shareholders, but also all CGI members as well as anyone who wishes to consult them. Their main objective is to provide a better understanding of the most essential aspects of the company. It is our hope that this understanding will generate a shared vision of what constitutes CGI and of the community of thought that is essential to the company's success. The document will also provide all CGI members with an understanding that will allow them to participate fully in the life of the company and to better represent CGI.

THE FUNDAMENTAL TEXTS INCLUDE:

- 1. Dream, Mission, Vision and Values2**
- 2. CGI Management Foundation.....12**
- 3. Documents and Policies Pertaining to Corporate Governance17**
 - 3.1 Charter of the Board of Directors.....18
 - 3.2 Charter of the Corporate Governance Committee27
 - 3.3 Charter of the Human Resources Committee33
 - 3.4 Charter of the Audit and Risk Management Committee38
- 4. Codes of Ethics48**
 - 4.1 Code of Ethics and Business Conduct49
 - for members, officers and directors of CGI49
 - 4.2 Executive Code of Conduct.....70
 - 4.3 Guidelines on Timely Disclosure of Material Information and Transactions
in Securities of CGI by Insiders.....73
- Appendix.....97**

1. Dream, Mission, Vision and Values

Dream, Mission, Vision and Values

This document constitutes Chapter 1 of the Fundamental Texts of CGI Group Inc. It begins with the mission statement of the company and is followed by the vision, the dream and the values of CGI. By "dream," we essentially mean the intent or initial desire that led to the creation of our company and continues to drive its operation and growth. It also extends to the main principles and governing ideas that define the company's philosophy in its important cultural and organic aspects. This presentation of CGI's dream and values is therefore intended to impart in a succinct manner the company's character, essence, dynamism, values and culture, and the creative impulse that culminated in its creation and of which it is an extension.

A. THE CGI DREAM

A number of governing ideas inspired the creation of CGI and continue to drive its development. These ideas constitute what we call the CGI "dream." It is a dream based on a set of values to which we are profoundly attached.

The dream has allowed us to assemble, all around the world, a team of extraordinary men and women who share it and are building a company that reflects their aspirations - who are, in fact, building their "own" company. Over the years, our team has built a clientele we are extremely proud of and whom we are dedicated to serving with the utmost skill.

This dream has its roots in the original and simple idea that first motivated CGI's founders when they created the company:

"To create an environment in which we enjoy working together and, as owners, contribute to building a company we can be proud of."

From this very basic idea grew an entire business philosophy.

It goes without saying that creating this type of environment is particularly challenging in consulting companies such as ours. Personnel generally work at client locations, making it difficult to develop a sense of belonging through a shared workplace. There is the risk of certain people being "forgotten" when they spend long periods at a client site, and this risk is amplified when these individuals have few CGI colleagues working on the same engagement.

B. THE CGI MISSION AND VISION

The mission of CGI is to help our clients with professional services of outstanding quality, competence and objectivity, delivering the best solutions to fully satisfy client objectives in information technology, business processes and management.

In all we do, we foster a culture of partnership, intrapreneurship, teamwork and integrity, building a world class IT and business process services company.

With this mission statement, we are endeavouring to describe not only the company's purpose, but also our ambition and values. In doing so, we hope, in a few words, to advance an overall understanding of these essential aspects of CGI.

Our vision is to be a world class IT and business process services leader helping our clients succeed.

The following section will foster a more thorough comprehension of the dream associated with this mission and the values referred to in the mission statement.

C. THE CGI CULTURE AND VALUES

To succeed in creating a highly favourable environment within such a context, CGI has fostered a corporate culture rooted in participation in the company and focused on each of its members. Developing a corporate culture, despite members often working at a distance, began with explicitly defining and then sharing common values. Our fundamental belief is that a company with an inspiring dream, unparalleled integrity, a caring, humane management philosophy and solid values is better able to attract and respond to the profound aspirations of remarkably high-calibre, competent people. These people in turn will seek out a select clientele, one aware of the company's values, and will deliver high-quality services at a competitive price, while meeting the company's profitability objectives. The growth and profitability generated as a result will allow CGI to offer its shareholders a superior and sustained return on their investment.

To support our dream and to create such an environment, we have adhered to a number of principles or governing ideas:

1. Sharing the same values
2. Embracing the objectives of our clients
3. Adopting a caring, humane approach towards our members
4. Focusing on synergy and the strength of teamwork
5. Participating in the development of our company as its owner-shareholders, and sharing in its wealth
6. Promoting robust, healthy and sustainable growth to the benefit of all stakeholders
7. Implementing a management model aligned with our dream and values

1. SHARING THE SAME VALUES

Sharing the same values allows us to enjoy considerable autonomy and swiftness of action without compromising our cohesiveness. It also allows us to mobilize teams more rapidly and bring together the most experienced individuals from across the company, who are able to quickly work as one to address a given challenge. And, of course, these values also guide our decisions and actions.

PARTNERSHIP AND QUALITY

For us, partnership and quality are both a philosophy and a way of life. We develop and follow the best management practices and we entrench these approaches into client relationships and service delivery frameworks in order to foster long term and strong partnerships with our clients. We listen to our clients and we are committed to their total satisfaction in everything we do.

OBJECTIVITY AND INTEGRITY

We exercise the highest degree of independent thinking in selecting the products, services and solutions we recommend to clients. In doing so, we adhere to the highest values of quality, objectivity and integrity. Consequently, strict rules of business and professional conduct are applied. We do not accept any remuneration from suppliers.

INTRAPRENEURSHIP AND SHARING

Our success is based on the competence, commitment and enthusiasm of our members. Therefore, we promote a climate of innovation and initiative where we are empowered with a sense of ownership in supporting clients, thus ensuring the firm's profitable growth. Through teamwork, sharing our know-how and expertise, we bring the best of CGI to our clients. As members, we share in the value we create through equity ownership and profit participation.

RESPECT

As a global company, we recognize the richness that diversity brings to the company and welcome this diversity while embracing the overall CGI culture. In all we do, we are respectful of our fellow members, clients, business partners and competitors.

FINANCIAL STRENGTH

We strive to deliver strong, consistent financial performance which sustains long term growth and rewards our members and shareholders. Financial strength enables us to continuously invest and improve services

and business solutions to the benefit of our clients. To this end, we manage our business to generate industry superior returns.

CORPORATE SOCIAL RESPONSIBILITY

Our business model is designed to ensure that we are close to our clients and communities. As members, we embrace our social responsibilities and contribute to the continuous development of the communities in which we live and work.

2. EMBRACING THE OBJECTIVES OF OUR CLIENTS

At CGI, we believe that accomplishing outstanding work provides one with a strong sense of fulfilment. Our high-quality work allows us to forge rewarding relationships with our colleagues and clients and to experience the pleasure of our own creativity when we find an ideal solution to address our clients' needs.

To this end, we strongly encourage our members to develop a listening attitude to ensure that an understanding of the client's particular situation and needs takes priority in all that we do. For this reason, we foster a culture of independence, objectivity and integrity. We want our clients to know that we understand their objectives and are committed to finding the solution that is right for them. Our flexibility in establishing customized business relationships demonstrates our keen interest in our clients' objectives, cultural environment and values.

This in-depth understanding of our clients' objectives is one of the keys to our success and is as present in our short-term engagements as it is in our outsourcing contracts extending over multiple years.

However, embracing the objectives of our clients goes far beyond simply understanding them. It demands, for example, that we sincerely commit to offering the very best of ourselves in order to demonstrate to clients that we support them as completely as if we were their own employees. It is essential that they "experience our commitment."

3. ADOPTING A CARING, HUMANE APPROACH TOWARDS OUR MEMBERS

Although the demands of our industry are considerable, CGI has always believed that this in no way conflicts with the very humane and caring approach we take in all of the relationships we foster. And while our human resources policies and Member Partnership Management Framework embody this concern and commitment, for CGI, this is also an issue of maturity and genuine leadership. It is a question of the quality of "being." To foster this attitude of caring and sensitivity towards others, CGI has led by example. Since the inception of the company, this approach has been transmitted, most notably through the example set by

our founders as well as by teamwork and the CGI Leadership Institute, and is today an integral component of CGI's spirit and culture.

4. FOCUSING ON SYNERGY AND THE STRENGTH OF TEAMWORK

CGI favours the accomplishment of work through synergy, which refers to the pooling of our members' skills, experience and creative abilities in all aspects of corporate life. Whether deciding on the direction to take in a service proposal or determining the best solution for a client, we incorporate synergy into everything we do.

Normally, a synergy group will hold meetings at key milestones throughout the entire lifespan of a given engagement. The group not only includes subject matter experts, but also less experienced members, who gain knowledge from their colleagues and are therefore able to more rapidly hone their own expertise. The objective is always to find appropriate and proven solutions for our clients. This practice is entrenched in our Quality System, which has earned ISO 9001 certification.

The practice of synergy underscores an outstanding cultural trait: at CGI, we believe that we are stronger and that everyone benefits when we work as a team. Our clients receive services of higher quality, and our members constantly learn from one another through concrete achievements.

5. PARTICIPATING IN THE DEVELOPMENT OF OUR COMPANY AS ITS OWNER-SHAREHOLDERS

It is important that our members consider CGI as "their" company and that they participate in its growth and development. Involvement in professional groups that help maintain CGI's leadership position is just one of the many such forms of participation.

However, for this involvement in the company to be complete and rewarding, we feel it necessary that all CGI members be able to also share in the benefits generated by their activities. For this reason, since its founding, CGI has offered all of its members the opportunity to be shareholders and owners of their company. To this end, CGI has implemented a Share Purchase Plan, through which it pays half the cost of shares up to a certain amount. Members also qualify for a portion of the company's annual profits when objectives are met (Profit Participation Plan). This capital sharing opportunity has existed since CGI was established.

It is an approach that incorporates many advantages:

FOR OUR CLIENTS

Because of this approach, CGI has very few freelance or contract employees. This helps assure our clients that the experience we acquire

through working with them is more likely to remain in the company. Moreover, the people they deal with at CGI are also owners of the company and are therefore completely committed to producing high-quality, dependable work in order to strengthen the client relationship.

FOR OUR SHAREHOLDERS

Our external shareholders can rest assured that, as fellow owners, all of CGI's members have their mutual interests at heart, i.e. a desire to see the company grow and the drive to execute each contract in a way that will yield the targeted profit margin. This also impacts business development, for, as shareholders, our members strive to promote the company's growth, but will not sacrifice profitability by submitting counter-productive bids. And finally, shareholders are also assured that all of our members will manage the company's costs as if they were their own.

FOR OUR MEMBERS

As members and shareholders, we feel above all that the growth in value, which we are contributing to, does provide us with a lucrative return over the long term. It is indeed more stimulating to work for a company that values the sharing of wealth. This also guarantees greater transparency in the management of the company. Because we must communicate our financial results to everyone, all of CGI's managers are more accountable to the people they lead and are more likely to involve them in the decision process. We believe that our approach to corporate ownership fosters greater overall dynamism and cohesiveness of action. This also allows us to attract and retain individuals with a genuine desire to build and develop the company.

6. PROMOTING ROBUST, HEALTHY AND SUSTAINED GROWTH TO THE BENEFIT OF ALL STAKEHOLDERS

Robust, healthy and sustained growth is vital to the company's success. Much of our clientele consists of large companies with operations extending over many countries. We are committed to serving these clients well, often through long-term relationships that require us to deploy professionals in sufficient numbers where clients operate. The growth of our clients' business requires that we grow with them. Also, as a result of our success, an increasing number of clients call upon us to provide them with services. Robust growth is therefore intrinsic to the nature of the business we are in.

Growth is not only a vital component of our activities and essential to our clients, it also benefits our members. It provides them with an opportunity to embark upon new and stimulating challenges and develop their own potential. And growth, when financially healthy and profitable, clearly benefits all of our shareholders (including our member shareholders) through the value it generates.

To maintain healthy and sustained growth, it is important that the companies or groups that join our ranks be welcomed and well integrated into our operations. In order to succeed in its growth strategy, CGI has developed its integration capability into a core competency. This capacity to integrate is based on three main axes. The first axis is aimed primarily at welcoming newcomers, answering their legitimate questions, confirming their new conditions of employment and, above all, allowing them to discover CGI by sharing its dream and values. The second axis is directed towards establishing the various synergy goals linked to an acquisition or an outsourcing deal. This encourages all parties to understand that this combination of strengths offers new, stimulating opportunities. The third axis is aimed at assuring the organizational transition and a rapid transfer to the CGI Management Foundation, especially with regards to the Quality System.

It follows that there ought to be an equilibrium of interests among all of the company's core stakeholders: clients, members and shareholders.

It is of course also essential that, as it grows, our company continues to act as a responsible corporate citizen by respecting and supporting the communities in which it operates and by respecting the environment.

The following are a few concrete examples of how this balanced approach promotes the healthy and sustained growth of CGI:

- ♦ We must ensure, at every step of our growth, that we preserve the quality of the services we offer to our current and future clients.
- ♦ We must also ensure that our members are adequately prepared to face the new challenges we offer them and that they have the resources needed to accomplish their work.
- ♦ Growth must not come at the expense of the communities where we do business, or of the environment in general. In fact, we are committed to participating in the development of these communities and the protection of the environment.
- ♦ We strive to ensure that our growth and development efforts provide short-term benefits without negatively impacting our long-term

performance. We believe this also to be in the best interests of our shareholders.

When the above conditions are met, robust, healthy, balanced and sustainable growth will follow.

7. IMPLEMENTING A MANAGEMENT MODEL ALIGNED WITH OUR DREAM AND VALUES

CGI's dream is being fulfilled every day through the constant efforts of our members who share and believe in this dream. It is also achieved through a disciplined management approach that is based on the company's objectives to produce high quality work for its clients, promote the development of its members and provide high value to its shareholders.

2. CGI Management Foundation

CGI Management Foundation

INTRODUCTION

© 2010 CGI Group Inc.

In the above diagram, we have assembled the key elements that define and guide the management of CGI. For this reason, these elements have been called the CGI Management "Foundation." They reflect our collective experience and have been developed to make our actions as efficient as possible. This efficiency must first and foremost respect a number of principles, which are themselves integrated into the CGI Management Foundation and deserve to be emphasized:

- 1) the primacy of the dream, the mission, the vision and the values of the company;
- 2) the equilibrium between the legitimate interests of our clients, members and shareholders;
- 3) the balance between the need to assure cohesiveness and rigour in the management of the company and the commitment to promote autonomy, initiative and entrepreneurship.

The CGI Management Foundation intends to guide rather than prescribe.

Thus, it offers a certain amount of freedom in order to remain focused on our essential goal: to provide high-quality services truly adapted to our clients' needs.

We will now examine the individual elements of the Foundation.

DREAM, MISSION, VISION, VALUES, QUALITY POLICIES, STRATEGIC DIRECTIONS AND PLANS

Dream, Mission, Vision, Values, Quality Policies, Strategic Directions & Plans

The first section of the diagram aims at ensuring that all decisions are well aligned on the dream, mission, vision and values of the company. These are described in the first section of this document.

The next component is our Quality Policy. It has earned ISO 9001 certification, which requires that CGI demonstrate every year to external evaluators that its Quality Policy is applied across all of its operations.

The final component of this uppermost section focuses on Strategic Directions and Plans. These are established on an annual and triennial basis according to a rigorous process that includes extensive participation from within the company as well as from our clients and our shareholders. The emphasis placed on involving all business units and corporate services in the planning process helps ensure that the objectives established and methods selected are shared by all to the fullest extent possible and that they generate enthusiastic commitment in their implementation.

GOVERNANCE POLICIES AND FRAMEWORKS, HUMAN RESOURCES POLICIES, FINANCIAL POLICIES AND ORGANIZATIONAL MODEL

Governance Policies, Management Frameworks, HR Policies, Financial Policies & Organizational Model

The first component of the second section refers to the company's governance policies and frameworks. These policies and frameworks are comprised of the following documents:

- 1) The Charters of the Board of Director and its committees;
- 2) the Codes of Ethics, to which members, officers and directors of the company must adhere;
- 3) the Operations Management Framework, which outlines the delegation framework with respect to decision making (e.g. who may authorize and sign a million dollar proposal; who may authorize promotion to a vice-president's position).

The second component involves human resources policies. All new members of the CGI team are asked to read You and CGI, which outlines all of the company's human resources policies, from compensation and training to career development.

The third component focuses on financial policies. It covers how we determine our profitability objectives, target ratios (e.g. profit margins, maximum percentage allotted to certain expenses), how and when our financial results are prepared, the rules governing disclosure of results, etc. These policies and rules are outlined in a document under the responsibility of the Chief Financial Officer, and the most pertinent elements are communicated to all of our members.

Finally, the organizational model favoured by CGI is one that provides considerable autonomy to our business units. This model consists of creating business units in major cities in the regions that we serve. We also put a high priority on establishing solid business relationships within these regions, particularly with the decision makers from the companies operating in these cities. Each of these "metropolitan" business units is structured according to the key economic sectors served by CGI (finance, telecommunications, etc.). The implementation of a service offering for clients which have operations in multiple regions or countries is achieved through collaboration among business units, which, in the case of large contracts and particularly those involving outsourcing, can result in entire business units being dedicated to our major clients or to groups of clients who share the same needs. Consulting services and centres of expertise throughout CGI ensure that knowledge, strategies and leading-edge solutions are shared within the entire company.

BUSINESS UNIT PROCESSES AND PARTNERSHIP MANAGEMENT FRAMEWORKS

Business Unit Processes					Corporate Processes
Client Partnership Management Framework					Shareholder Partnership Management Framework
Proposal	Contract	Management Plan	Delivery	Closing	
Technology Management Tier 1	Application Management Tier 2	System Integration & Development Tier 3	Business Process Management Tier 4	- Career and Leadership Development - Integration - Performance Assessment - Communications	- Relationship Management - Governance - Communications
(CMM level 5)					

The Business Unit Processes explain how the Client Partnership Management Framework and the Member Partnership Management Framework are applied locally in each business unit. They also describe how business development activities and other initiatives crucial to the smooth operation of each business unit should be managed.

The activities at the core of the operational management of CGI are aligned onto three management frameworks: the Client Partnership Management Framework, the Member Partnership Management Framework and the Shareholder Partnership Management Framework. These frameworks are the cornerstones of a continuous improvement process that is supported by the documentation and the systematic, audited application of our best

practices. The process is also constantly fuelled by client, member and shareholder evaluations of our activities and performance.

The first is the Client Partnership Management Framework. CGI's leadership position in its industry is contingent upon its ability to deliver services of the highest quality to its clients at competitive prices and within the established time frames. The Client Partnership Management Framework is the basis of how we manage our relationships with our clients. For each of type of mandates (outsourcing, projects, and consulting services), this framework guides our teams in the achievement of all phases of their work, from the proposal to its completion of the mandate. It is based not only on our best practices, but also relies on the industry's best standards and practices. A rigorous, regular program to evaluate the satisfaction of our clients allows us to measure our progress and continuously improve our practices. This evaluation is conducted on a face-to-face basis with the client, who must sign the evaluation. Each year, CGI establishes improvement objectives based on the results obtained the previous year.

The Member Partnership Management Framework guides all of our managers through the communications and dialogue activities they have with their teams. This cycle begins with welcoming activities and is followed by informal meetings, team meetings at various levels, career planning and performance reviews. We measure the satisfaction of our members annually through a survey conducted by an outside firm. Members can also use the survey to communicate their observations and suggestions to the head of their business unit or the CGI executive team. The results are published, and commitments are made by the leaders of both the business units and the company itself to address the comments submitted and make needed improvements.

The Shareholder Partnership Management Framework describes our information and relationship program with our investors beyond the prescribed activities associated with corporate governance, transparency and the disclosure of results.

Client Satisfaction Assessment Program	Member Satisfaction Assessment Program	Shareholder Satisfaction Assessment Program
---	---	--

The final section refers to the way we measure our results. First and foremost, we systematically measure the satisfaction levels of active clients regularly. We also measure member satisfaction annually, and we are currently developing a shareholder satisfaction measurement tool.

3. Documents and Policies Pertaining to Corporate Governance

Documents and Policies Pertaining to Corporate Governance

3.1 Charter of the Board of Directors

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Charter. This Charter should therefore be read in conjunction with Chapter 1.

1. INTERPRETATION

"Financially Literate" means the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

"Independent Director" means a director who meets the independence criteria set out in section 1.4 of Multilateral Instrument 52-110 Audit Committees adopted by the Canadian Securities Administrators and as amended and in effect as of June 30, 2005, which is reproduced in Appendix A.

2. OBJECTIVES

CGI's shareholders are the first and most important element in the Company's governance structures and processes. At each annual general meeting, the Company's shareholders elect the members of the Company's Board of Directors and give them a mandate to manage and oversee the management of the Company's affairs for the coming year.

In the normal course of operations, certain corporate actions which may be material to CGI are initiated from time to time by the Company's senior management and, at the appropriate time, are submitted to CGI's Board of Directors for consideration and approval. When appropriate, such matters are also submitted for consideration and approval by CGI's shareholders. All such approvals are sought in accordance with the charters of the Board of Directors and standing committees, CGI's corporate governance practices and applicable corporate and securities legislation.

The overall stewardship of the Company is the responsibility of the Board of Directors. In accomplishing the mandate it receives from the Company's shareholders, the Board of Directors may delegate certain of

its authority and responsibilities to committees and management and reserve certain powers to itself. Nonetheless, it will retain full effective control over the Company.

3. COMPOSITION

- 3.1 The majority of the Board of Directors shall be comprised of Independent Directors. The application of the definition of Independent Director to the circumstances of each individual director is the responsibility of the Board of Directors which will disclose on an annual basis whether it is constituted with the appropriate number of directors which are Independent Directors and the basis for its analysis. The Board of Directors will also disclose which directors are Independent Directors or not and provide a description of the business, family, direct and indirect shareholding or other relationship between each director and the Company.
- 3.2 The Company expects and requires directors to be and remain free of conflictual interests or relationships and to refrain from acting in ways which are actually or potentially harmful, conflictual or detrimental to the Company's best interests. Each director shall comply with the Company's formal code of ethics and business conduct that governs the behaviour of members, directors and officers and shall complete and file annually with the Company any and all documents required pursuant to such formal code of ethics and business conduct with respect to conflict of interests. This matter will also be reviewed annually by the Corporate Governance Committee. The Board of Directors will monitor compliance with said code as well as with the Company's executive code of conduct applicable to its principal executive officer, principal financial officer, principal accounting officer or controller, or other persons performing similar functions within the Company. The Board will also be responsible for the granting of any waivers from compliance with the codes for directors and officers. The Board of Directors will disclose in due time the adoption of such codes as well as all waivers and specify the circumstances and rationale for granting the waiver.
- 3.3 The Board of Directors, following advice of its Corporate Governance Committee, is responsible for evaluating its size and composition and establishing a Board comprised of members who facilitate effective decision-making. The Board of Directors has the ability to increase or decrease its size.
- 3.4 It is a general requirement under the Company's corporate governance practices that all directors possess both financial and operational literacy. In addition, the membership of the Board of Directors will include a sufficient number of directors who are Financially Literate and at least one director who qualifies as a financial expert as defined in the applicable corporate governance rules imposed by regulatory bodies in order to ensure that the Audit

and Risk Management Committee membership complies with those rules.

- 3.5 A director who makes a major change in principal occupation will forthwith disclose this fact to the Board of Directors and will offer his or her resignation to the Board of Directors for consideration. It is not intended that directors who retire or whose professional positions change should necessarily leave the Board of Directors. However, there should be an opportunity for the Board of Directors to review the continued appropriateness of the Board of Directors membership under such circumstances.
- 3.6 The Board of Directors is responsible for approving new nominees to the Board. New directors will be provided with an orientation and education program which will include written information about the duties and obligations of directors, the business and operations of the Company, documents from recent Board of Directors meetings and opportunities for meetings and discussion with senior management and other directors. The details of the orientation of each new director will be tailored to that director's individual needs and areas of interest. The prospective candidates should fully understand the role of the Board of Directors and its committees and the contribution expected from individual directors and the Board of Directors will ensure that they are provided with the appropriate information to that effect. In addition, the Board of Directors will ascertain and make available to its members, when required, continuing education as per the business and operations of the Company.

4. RESOURCES

- 4.1 The Board of Directors will implement structures and procedures to ensure that it functions independently of management.
- 4.2 The Board of Directors appreciates the value of having certain members of senior management attend each Board of Directors meeting to provide information and opinion to assist the directors in their deliberations. The Executive Chairman of the Board will seek the Board of Directors' concurrence in the event of any proposed change to the management attendees at Board of Directors meetings. Management attendees will be excused for any agenda items which are reserved for discussion among directors only.

5. RESPONSIBILITIES AND DUTIES

The principal responsibilities and duties of the Board of Directors include the following, it being understood that in carrying out their responsibilities and duties, directors may consult with management and may retain external advisors at the expense of the Company in appropriate circumstances. Any engagement of external advisors shall be subject to the approval of the Chair of the Corporate Governance Committee.

5.1 General Responsibilities

- 5.1.1 The Board of Directors will oversee the management of the Company. In doing so, the Board of Directors will establish a productive working relationship with the Executive Chairman of the Board and the Chief Executive Officer and other members of senior management.
- 5.1.2 The Board of Directors will oversee the formulation of long-term strategic, financial and organizational goals for the Company. It shall approve the Company's strategic plan and review same on at least an annual basis. This plan will take into account the opportunity and risks of the Company's business.
- 5.1.3 As part of the responsibility of the Board of Directors to oversee management of the Company, the Board of Directors will engage in active monitoring of the Company and its affairs in its stewardship capacity.
- 5.1.4 The Board of Directors will engage in a review of short and long-term performance of the Company in accordance with approved plans.
- 5.1.5 The officers of the Company, headed by the Executive Chairman of the Board and the Chief Executive Officer, shall be responsible for general day to day management of the Company and for making recommendations to the Board of Directors with respect to long term strategic, financial, organizational and related objectives.
- 5.1.6 The Board of Directors will periodically review the significant risks and opportunities affecting the Company and its business and oversee the actions, systems and controls in place to manage and monitor risks and opportunities. The Board of Directors may impose such limits as may be in the interests of the Company and its shareholders.
- 5.1.7 The Board of Directors will oversee how the Company communicates its goals and objectives to its shareholders and other relevant constituencies.
- 5.1.8 The Board of Directors will oversee the succession planning including appointing, training and monitoring senior management and the Executive Chairman of the Board in particular.
- 5.1.9 The Board of Directors is responsible for overseeing a Communication Policy for the Company. In doing so, the Board of Directors will ensure that the policy (i) addresses how the Company interacts with analysts, investors, other key stakeholders and the public, (ii) contains measures for

the Company to comply with its continuous and timely disclosure obligations and to avoid selective disclosure, and (iii) is reviewed at least annually.

5.1.10 The Board of Directors will oversee the integrity of the Company's internal control and management information systems.

5.1.11 The Board of Directors will make sure that the Company adopt prudent financial standards with respect to the business of the Company and prudent levels of debt in relation to the Company's consolidated capitalization.

5.1.12 The Board of Directors will also consider and approve:

- i) transactions out of the ordinary course of business including, without limitation, proposals on mergers, acquisitions or other major investments or divestitures;
- ii) all matters that would be expected to have a major impact on shareholders;
- iii) the appointment of any person to any position that would qualify such person as an officer of the Company; and
- iv) any proposed changes in compensation to be paid to members of the Board of Directors on the recommendation of the Human Resources Committee.

5.1.13 The Board of Directors will also receive reports and consider:

- i) The quality of relationships between the Company and its key customers;
- ii) Changes in the shareholder base of the Company from time to time and relationships between the Company and its significant shareholders;
- iii) Periodic reports from Board of Directors' committees with respect to matters considered by such committees;
- iv) Health, safety and environmental matters as they affect the Company and its business; and
- v) Such other matters as the Board of Directors may, from time to time, determine.

5.1.14 The Board of Directors will oversee management through an ongoing review process.

5.1.15 The Board of Directors will, together with the Executive Chairman of the Board develop a position descriptions for the Executive Chairman of the Board and the Chief Executive Officer. The Board of Directors will also approve the corporate objectives that the Executive Chairman of the Board is responsible for meeting and assess management's performance in relation to such objectives. The Board of Directors will raise any concerns related to the performance of the Chief Executive Officer with the Executive Chairman of the Board as appropriate.

5.1.16 The Board of Directors will receive a report from its Human Resources Committee on succession planning as set forth in such committee's mandate.

5.2 Annual Assessment of the Board of Directors

The Board of Directors will annually review the assessment of the Board of Directors' performance and recommendation provided by the Corporate Governance Committee. The objective of this review is to increase the effectiveness of the Board of Directors and contribute to a process of continuous improvement in the Board of Directors' execution of its responsibilities. It is expected that the result of such reviews will be to identify any areas where the directors and/or management believe that the Board of Directors and/or the directors individually could make a better contribution to the affairs of the Company. The Board of Directors will take appropriate action based upon the results of the review process.

5.3 Committees

5.3.1 The Board of Directors shall appoint committees to assist it in performing its duties and processing the quantity of information it receives.

5.3.2 Each committee operates according to a Board of Directors approved written mandate outlining its duties and responsibilities. This structure may be subject to change as the Board of Directors considers from time to time which of its responsibilities can best be fulfilled through more detailed review of matters in committee.

5.3.3 The Board of Directors will review annually the work undertaken by each committee and the responsibilities thereof.

5.3.4 The Board of Directors will annually evaluate the performance and review the work of its committees, including their respective mandates and the sufficiency of such mandates.

- 5.3.5 The Board of Directors will annually appoint a Lead Director as well as a member of each of its committees to act as Chair of the committee.
- 5.3.6 Subject to subsection 5.3.8, committees of the Board of Directors shall be composed of a majority of Independent Directors.
- 5.3.7 The Board of Directors shall appoint members of committees after considering the recommendations of the Corporate Governance Committee and the Executive Chairman of the Board as well as the skills and desires of individual Board members, all in accordance with the mandates of such committees approved by the Board.
- 5.3.8 The Audit Committee shall be composed only of Independent Directors. All members of the Audit Committee shall be Financially Literate and at least one member shall be a financial expert within the meaning of applicable regulatory requirements.

5.4 Lead Director

- 5.4.1 The Lead Director shall be an Independent Director. He will oversee that the Board of Directors discharges its responsibilities, ensure that the Board of Directors evaluates the performance of management objectively and that the Board of Directors understands the boundaries between the Board of Directors and management responsibilities.
- 5.4.2 The Lead Director will chair periodic meetings of the Independent Directors and assume other responsibilities which the Independent Directors as a whole might designate from time to time.
- 5.4.3 The Lead Director should be able to stand sufficiently back from the day-to-day running of the business to ensure that the Board of Directors is in full control of the Company's affairs and alert to its obligations to the shareholders.
- 5.4.4 The Lead Director shall provide input to the Executive Chairman of the Board on preparation of agendas for Board and committee meetings.
- 5.4.5 The Lead Director shall chair Board meetings when the Executive Chairman of the Board is not in attendance, subject to the provisions of the by-laws of the Company.
- 5.4.6 The Lead Director shall provide leadership for the independent directors and ensure that the effectiveness of the Board is assessed on a regular basis.

- 5.4.7 The Lead Director shall set the agenda for the meetings of the Independent Directors.
- 5.4.8 The Lead Director shall report to the Board concerning the deliberations of the independent directors as required.
- 5.4.9 The Lead Director shall, in conjunction with the Executive Chairman of the Board, facilitate the effective and transparent interaction of Board members and management;
- 5.4.10 The Lead Director shall provide feedback to the Executive Chairman of the Board and act as a sounding board with respect to strategies, accountability, relationships and other issues.

5.5 Review of the Board Mandate

In order to ensure that this mandate is kept current in the light of changes which may occur in corporate practice or the structure of the Company, the Board of Directors will annually reconfirm this mandate or initiate a review to revise it.

5.6 Board of Directors Compensation

The Human Resources Committee will review the adequacy and form of compensation of the senior management and directors each year. The Committee shall make recommendations to the Board of Directors for consideration when it believes changes in compensation are warranted. Furthermore, the Board of Directors will ensure the compensation realistically reflects the responsibility and risk involved in being a director.

6. COMMUNICATIONS POLICY

- 6.1 The Board of Directors will consider and review the means by which shareholders can communicate with the Company including the opportunity to do so at the annual meeting, communications interfaces through the Company's website and the adequacy of resources available within the Company to respond to shareholders through the office of the Corporate Secretary and otherwise. However, the Board of Directors believes that it is the function of the management to speak for the Company in its communications with the investment community, the media, customers, suppliers, employees, governments and the general public. It is understood that individual directors may from time to time be requested by management to assist with such communications. It is expected, if communications from stakeholders are made to individual directors, management will be informed and consulted to determine any appropriate response.

- 6.2 The Board of Directors has the responsibility for monitoring compliance by the Company with the corporate governance requirements and guidelines of the Toronto Stock Exchange and the New York Stock Exchange. The Board of Directors will approve the disclosure of the Company's system of governance and the operation of such system.

3.2 Charter of the Corporate Governance Committee

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Charter. This Charter should therefore be read in conjunction with Chapter 1.interpretation

"Committee" means the Corporate Governance Committee of the Board of Directors of the Company.

"Independent Director" means a director who meets the independence criteria set out in section 1.4 of Multilateral Instrument 52-110 Audit Committees adopted by the Canadian Securities Administrators and as amended and in effect as of June 30, 2005, which is reproduced in Appendix A.

1. OBJECTIVES

The Committee is responsible for: (a) developing the Company's approach to Board governance issues and the Company's response to the corporate governance guidelines; (b) reviewing the composition and contribution of the Board and its members and recommending Board nominees; (c) overseeing the orientation program for new directors; and (d) helping to maintain an effective working relationship between the Board of Directors of the Company and management.

2. COMPOSITION

- 3.1 The Committee shall be composed of a majority of Independent Directors.
- 3.2 The Board of Directors shall appoint an independent director as the Chair of the Committee. If the Chair is absent from a meeting, the members shall select a Chair from those in attendance to act as Chair of the meeting.

3. MEETINGS

- 4.1 Meetings of the Committee shall be held at the call of the Chair, but not less than twice annually. Meetings of the Committee may be called by the Chair of the Committee, the Executive Chairman of the Board or the Chief Executive Officer.
- 4.2 The powers of the Committee shall be exercisable by a meeting at which a quorum is present. A quorum shall be not less than two members of the Committee from time to time. Subject to the

foregoing requirement, unless otherwise determined by the Board of Directors, the Committee shall have the power to fix its quorum and to regulate its procedure. Matters decided by the Committee shall be decided by majority vote.

- 4.3 Notice of each meeting shall be given to each member, to the Executive Chairman of the Board, to the Chief Executive Officer and to the Corporate Secretary of the Company.
- 4.4 The Committee may invite from time to time such persons as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee, including in particular the Chief Executive Officer.
- 4.5 The Committee shall appoint a secretary to be the secretary of all meetings of the Committee and to maintain minutes of all meetings and deliberations of the Committee.

4. RESPONSIBILITIES AND DUTIES

5.1 Role and responsibilities of the Committee Chair:

5.1.1 The Chair of the Committee:

5.1.1.1 Provides leadership for the committee by ensuring that:

- (i) The responsibilities of the committee are well understood by committee members and management.
- (ii) The committee works as a cohesive team.
- (iii) Adequate resources and timely and relevant information are available to the committee to support its work.
- (iv) The effectiveness of the committee is assessed on a regular basis.
- (v) The committee's structure and mandate is appropriate and adequate to support the discharge of the committee's responsibilities.
- (vi) The scheduling, organization and procedures of committee meetings provide adequate time for the consideration and discussion of relevant issues.

5.1.1.2 Works with the Executive Chairman of the Board and Corporate Secretary to set the calendar of the committee's regular meetings.

- 5.1.1.3 Has the authority to convene special meetings as required.
- 5.1.1.4 Sets the agenda in collaboration with the Executive Chairman of the Board and the Corporate Secretary.
- 5.1.1.5 Presides at meetings.
- 5.1.1.6 Acts as liaison with management with regard to the work of the committee.
- 5.1.1.7 Reports to the Board concerning the work of the committee.
- 5.1.1.8 Exercises the authority specifically delegated to the Chair by the Committee, if any.

5.2 General Responsibilities

Board Members

- 5.2.1 Review criteria regarding the composition of the Board of Directors and committees of the Board of Directors, such as size, proportion of Independent Directors and as to criteria to determine "relatedness" as well as profile of the Board of Directors (age, geographical representation, disciplines, etc.) and establish a Board of Directors comprised of members who facilitate effective decision-making.
- 5.2.2 Review criteria relating to tenure as a director, such as limitations on the number of times a director may stand for re-election, and the continuation of directors in an honorary or similar capacity.
- 5.2.3 Review criteria for retention of directors unrelated to age or tenure, such as attendance at Board of Directors and committee meetings, health or the assumption of responsibilities which are incompatible with effective Board of Directors membership; and assess the effectiveness of the Board of Directors as a whole, the committees of the Board of Directors, the contribution of individual directors on an ongoing basis and establish in light of the opportunities and risks facing the Company, what competencies, skills and personal qualities it seeks in new Board members in order to add value to the Company.
- 5.2.4 Recommend to the Board of Directors the list of candidates for directors to be nominated for election by shareholders at annual meetings of shareholders.

- 5.2.5 Recommend to the Board of Directors candidates to fill vacancies on the Board of Directors occurring between annual meetings of shareholders.
- 5.2.6 Recommend to the Board of Directors the removal of a director in exceptional circumstances, for example (a) such director is in a position of conflict of interest or (b) the criteria underlying the appointment of such director change.
- 5.2.7 Ensure that the Board of Directors can function independently of management. To this end, arrange for meetings on a regular basis of the Independent Directors without management present. In such cases, meetings will be chaired by the Lead Director.

Director Orientation

- 5.2.8 As an integral element of the process for appointing new directors, put in place an orientation and education program for new recruits to the Board of Directors and review from time to time the value and benefit of such program.

Compliance

- 5.2.9 Ensure corporate compliance with applicable legislation including director and officer compliance.
- 5.2.10 Review proposed amendments to the Company's by-laws before making recommendations to the Board of Directors.

Codes of Business Conduct

- 5.2.11 Periodically review and make recommendations to the Board of Directors with respect to the Company's formal code of ethics and business conduct for its members, directors and officers and its executive code of conduct applicable to the Company's principal executive officer, principal financing officer, principal accounting officer or controller, or other persons performing similar functions within the Company; including the disclosure of the adoption of such codes.
- 5.2.12 Monitor adherence to the codes and review potential situations related thereto brought to the attention of the Committee by the Corporate Secretary of the Company in order to recommend or not in certain circumstances to the Board of Directors to grant or not waivers from compliance with the codes for directors and officers. The Committee shall also ensure that when such waivers are granted, the Board of Directors shall disclose same in due time and

specify the circumstances and rationale for granting the waiver.

Corporate Governance Principles

- 5.2.13 Make recommendations to the Board of Directors as deemed appropriate in the context of adherence to corporate governance guidelines in effect from time to time.
- 5.2.14 In conjunction with the Executive Chairman of the Board of Directors, recommend to the Board of Directors the membership and chairs of the committees of the Board of Directors.
- 5.2.15 Review annually the Board/management relationship.
- 5.2.16 Advise the Board of Directors on the disclosure to be contained in the Company's public disclosure documents, such as the Company's annual management proxy circular or annual report, on matters of corporate governance as required by the Toronto Stock Exchange, the New York Stock Exchange or any other applicable exchange or regulator.
- 5.2.17 Generally advise the Board of Directors on all other matters of corporate governance.

External and Internal Resources

- 5.2.18 Retain such independent external advisors as it may deem necessary and advisable for its purposes.
- 5.2.19 Report to the Board of Directors on its proceedings, reviews undertaken, and any associated recommendations.
- 5.2.20 Have adequate resources to discharge its responsibilities;
- 5.2.21 Have the right, for the purposes of discharging the powers and responsibilities of the Committee, to inspect any relevant records of the Company and its subsidiaries.
- 5.2.22 The Chair of the Committee shall review the opportunity for the Board of Directors of the Company or individual directors to retain external advisors at the expense of the Company in certain appropriate circumstances in carrying out their responsibilities.

Shareholder Proposals

5.2.23 Review and make recommendations on shareholder proposals to the Board of Directors or refer them to the Executive Chairman of the Board as appropriate.

5.3 Other Responsibilities

The Committee shall carry out such other mandates as the Board of Directors may request from time to time.

5.4 Review of Mandate of the Committee

The Board of Directors should review and reassess the adequacy of the mandate on an annual basis.

5.5 Compensation

Members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board of Directors may determine from time to time.

3.3 Charter of the Human Resources Committee

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Charter. This Charter should therefore be read in conjunction with Chapter 1.

1. INTERPRETATION

"Committee" means the Human Resources Committee of the Board of Directors of the Company.

"Independent Director" means a director who meets the independence criteria set out in section 1.4 of Multilateral Instrument 52-110 Audit Committees adopted by the Canadian Securities Administrators and as amended and in effect as of June 30, 2005, which is reproduced in Appendix A.

2. OBJECTIVES

The Committee is responsible for reviewing and making recommendations to the Board of Directors of the Company for the appointment of Senior Executives of the Company and for determining terms of employment of Senior Executives. It shall also perform functions such as reviewing succession planning and matters of compensation as well as such other matters the Committee may consider suitable with respect to compensation or as may be specifically directed by the Board of Directors of the Company from time to time.

3. COMPOSITION

- 3.1 The Committee shall be composed of a majority of Independent Directors.
- 3.2 The Board of Directors shall appoint one of the Independent Directors as the Chair of the Committee. If the Chair is absent from a meeting, the members shall select a Chair from those in attendance to act as Chair of the meeting.

4. MEETINGS

- 4.1 Meetings of the Committee shall be held at the call of the Chair, but not less than three times annually. Meetings of the Committee may be called by the Chair of the Committee, the Executive Chairman of the Board or the Chief Executive Officer.
- 4.2 The powers of the Committee shall be exercisable by a meeting at which a quorum is present. A quorum shall be not less than two members of the Committee from time to time. Subject to the

foregoing requirement, unless otherwise determined by the Board of Directors, the Committee shall have the power to fix its quorum and to regulate its procedure. Matters decided by the Committee shall be decided by majority vote.

- 4.3 Notice of each meeting shall be given to each member, to the Executive Chairman of the Board, to the Chief Executive Officer and to the Corporate Secretary of the Company.
- 4.4 The Committee may invite from time to time such persons as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee, including in particular the Executive Chairman of the Board.
- 4.5 The Committee shall appoint a secretary to be the secretary of all meetings of the Committee and to maintain minutes of all meetings and deliberations of the Committee.

5. RESPONSIBILITIES AND DUTIES

5.1 Role and responsibilities of the Committee Chair:

5.1.1 The Chair of the Committee:

5.1.1.1 Provides leadership for the committee by ensuring that:

- (i) The responsibilities of the committee are well understood by committee members and management.
- (ii) The committee works as a cohesive team.
- (iii) Adequate resources and timely and relevant information are available to the committee to support its work.
- (iv) The effectiveness of the committee is assessed on a regular basis.
- (v) The committee's structure and mandate is appropriate and adequate to support the discharge of the committee's responsibilities.
- (vi) The scheduling, organization and procedures of committee meetings provide adequate time for the consideration and discussion of relevant issues.

5.1.1.2 Works with the Executive Chairman of the Board and Corporate Secretary to set the calendar of the committee's regular meetings.

- 5.1.1.3 Has the authority to convene special meetings as required.
- 5.1.1.4 Sets the agenda in collaboration with the Executive Chairman of the Board and the Corporate Secretary.
- 5.1.1.5 Presides at meetings.
- 5.1.1.6 Acts as liaison with management with regard to the work of the committee.
- 5.1.1.7 Reports to the Board concerning the work of the committee.
- 5.1.1.8 Exercises the authority specifically delegated to the Chair by the Committee, if any.

5.2 General Responsibilities

- 5.2.1 The Committee shall, among other things, have responsibility to advise the Board of Directors on human resources planning, compensation of members of the Board of Directors, Executive Officers and other employees, short and long-term incentive plans, benefit plans, and Executive Officer appointments.
- 5.2.2 The Committee shall review and report to the Board of Directors on:
 - 5.2.2.1 Management's succession plans for Executive Officers, with special emphasis on the Executive Chairman of the Board and Chief Executive Officer succession;
 - 5.2.2.2 Compensation philosophy of the organization, including a remuneration strategy and remuneration policies for the Executive Officer level, as proposed by the Executive Chairman of the Board and the Chief Executive Officer;
 - 5.2.2.3 Recommendations to the Board of Directors for the appointment of the Executive Chairman of the Board, the Chief Executive Officer and other Executive Officers, corporate objectives which the Executive Chairman of the Board and such other Executive Officers, as the case may be, are responsible for meeting, assessment of the Executive Chairman of the Board and of the Chief Executive Officer against these objectives, monitoring of the Executive Chairman of the

- Board's performance and providing advice and counsel in the execution of his duties;
- 5.2.2.4 Total remuneration plan including adequacy and form of compensation realistically reflecting the responsibilities and risks of the position for the Executive Chairman of the Board and for the Chief Executive Officer of the Company and, in connection therewith, consider appropriate information, including information from the Board of Directors with respect to the overall performance of the Executive Chairman of the Board and of the Chief Executive Officer;
 - 5.2.2.5 Remuneration for Executive Officers, annual adjustment to executive salaries, and the design and administration of short and long-term incentive plans, stock options, benefits and perquisites as proposed by the Executive Chairman of the Board and the Chief Executive Officer;
 - 5.2.2.6 Employment and termination arrangements for senior management;
 - 5.2.2.7 Adoption of new, or significant modifications to, pay and benefit plans;
 - 5.2.2.8 Appointment of new officers as appropriate;
 - 5.2.2.9 Significant organizational changes;
 - 5.2.2.10 The Committee's proposed executive compensation report to be contained in the Company's annual proxy circular;
 - 5.2.2.11 Management development programs for the Company;
 - 5.2.2.12 Any special employment contracts or arrangements with officers of the Company including any contracts relating to change of control; and
 - 5.2.2.13 Remuneration for members of the Board of Directors and committees thereof, including adequacy and form of compensation realistically reflecting the responsibilities and risks of the positions and recommend changes where applicable.
- 5.2.3 The Committee shall perform such other duties as may from time to time be assigned to it by the Board of Directors

including those relating to compensation of officers and senior employees and the manpower resources of the Company.

5.3 Other Responsibilities

5.3.1 The Committee shall have the right to retain such independent external advisors as it may deem necessary and advisable for its purposes and to assess and review, on an annual basis or as deemed appropriate, the independence of such external advisors.

5.3.2 The Committee shall report to the Board of Directors on its proceedings, reviews undertaken, and any associated recommendations.

5.3.3 The Committee shall have adequate resources to discharge its responsibilities.

5.3.4 The Committee shall have the right, for the purposes of discharging the powers and responsibilities of the Committee, to inspect any relevant records of the Company and its subsidiaries.

5.4 Review of Mandate of the Committee

The Board of Directors should review and reassess the adequacy of this mandate on an annual basis.

5.5 Compensation

Members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board of Directors may determine from time to time.

3.4 Charter of the Audit and Risk Management Committee

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Charter. This Charter should therefore be read in conjunction with Chapter 1.

1. INTERPRETATION

"Committee" means the Audit and Risk Management Committee of the Board of Directors of the Company.

"Financially Literate" means the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

"Independent Director" means a director who meets the independence criteria set out in section 1.4 of Multilateral Instrument 52-110 Audit Committees adopted by the Canadian Securities Administrators and as amended and in effect as of June 30, 2005, which is reproduced in Appendix A.

2. OBJECTIVES

The Committee will assist the Board of Directors in fulfilling its oversight responsibilities. In performing its duties, the Committee will maintain effective working relationships with the Board of Directors, management, the internal auditors and the external auditors.

3. COMPOSITION

- 3.1 The Committee shall consist solely of Independent Directors, all of whom shall be Financially Literate and at least one of whom shall be a financial expert as defined in the applicable corporate governance rules imposed by regulatory bodies.
- 3.2 Following each annual meeting of shareholders, the Board of Directors shall elect three or more directors, who shall meet the independence and experience requirements of the New York Stock Exchange and the Toronto Stock Exchange as well as the other similar requirements under applicable securities regulations, to serve on the Committee until the close of the next annual meeting of shareholders of the Company or until the member ceases to be a director, resigns or is replaced, whichever first occurs. Any member

may be removed from office or replaced at any time by the Board of Directors.

- 3.3 The Board of Directors shall appoint one of the members of the Committee as the Chair of the Committee. If the Chair is absent from a meeting, the members shall select a Chair from those in attendance to act as Chair of the meeting.

4. MEETINGS AND RESOURCES

- 4.1 Regular meetings of the Committee shall be held quarterly. Special meetings of the Committee may be called by the Chair of the Committee, the external auditors, the Executive Chairman of the Board, the Chief Executive Officer or the Chief Financial Officer of the Company.
- 4.2 The powers of the Committee shall be exercisable by a meeting at which a quorum is present. A quorum shall be not less than two members of the Committee from time to time. Subject to the foregoing requirement, unless otherwise determined by the Board of Directors, the Committee shall have the power to fix its quorum and to regulate its procedure. Matters decided by the Committee shall be decided by majority vote.
- 4.3 Notice of each meeting shall be given to each member, the external auditors, the Executive Chairman of the Board, the Chief Executive Officer and the Chief Financial Officer of the Company, any or all of whom shall be entitled to attend. Notice of each meeting shall also be given, as the case may be, to the internal auditor who shall also attend whenever requested to do so by the Chair of the Committee or the Corporate Secretary.
- 4.4 Notice of meeting may be given orally or by letter, telephone facsimile transmission, telephone or electronic device not less than 24 hours before the time fixed for the meeting. Members may waive notice of any meeting. The notice need not state the purpose or purposes for which the meeting is being held.
- 4.5 Opportunities should be afforded periodically to the external auditors and, as the case may be, to the internal auditor and the senior management to meet separately with the Committee. In addition, the Committee may meet in camera, with only members of the Committee present, whenever the Committee determines that it is appropriate to do so.
- 4.6 The Committee shall have the authority to retain special legal counselling, accounting or other consultants as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee at the Company's expense.

- 4.7 The Corporate Secretary of the Company or designate of the Corporate Secretary shall be the Secretary of all meetings of the Committee and shall maintain minutes of all meetings and deliberations of the Committee.

5. RESPONSIBILITIES AND DUTIES

5.1 Role and responsibilities of the Committee Chair:

5.1.1 The Chair of the Committee:

5.1.1.1 Provides leadership for the committee by ensuring that:

- (i) The responsibilities of the committee are well understood by committee members and management.
- (ii) The committee works as a cohesive team.
- (iii) Adequate resources and timely and relevant information are available to the committee to support its work.
- (iv) The effectiveness of the committee is assessed on a regular basis.
- (v) The committee's structure and mandate is appropriate and adequate to support the discharge of the committee's responsibilities.
- (vi) The scheduling, organization and procedures of committee meetings provide adequate time for the consideration and discussion of relevant issues.

5.1.1.2 Works with the Executive Chairman of the Board, the Chief Financial Officer and the Corporate Secretary to set the calendar of the committee's regular meetings.

5.1.1.3 Has the authority to convene special meetings as required.

5.1.1.4 Sets the agenda in collaboration with the Executive Chairman of the Board, the Chief Financial Officer and the Corporate Secretary.

5.1.1.5 Presides at meetings.

5.1.1.6 Acts as liaison with management with regard to the work of the committee.

5.1.1.7 Reports to the Board concerning the work of the committee.

5.1.1.8 Exercises the authority specifically delegated to the Chair by the Committee, if any.

5.2 General Responsibilities

While the Committee has the responsibilities and powers set forth below, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate. This is the responsibility of management and the external auditors. Nor is it the duty of the Committee to conduct investigations, or to assure compliance with laws and regulations. The Committee shall review disagreements, if any, between management and the external auditors and shall make recommendations to resolve such disagreements. In the event that any such disagreement persists, the matter will be referred by the Committee to the Board of Directors for a final determination.

5.3 Review of Mandate of the Committee

The Board of Directors and the Committee shall review and reassess the adequacy of this mandate on an annual basis.

5.4 Publicly Disclosed Financial Information

5.4.1 The Committee shall review and recommend for approval by the Board of Directors, before release to the public:

5.4.1.1 interim unaudited financial statements;

5.4.1.2 audited annual financial statements, in conjunction with the report of the external auditors;

5.4.1.3 all public disclosure documents containing audited or unaudited financial information, including any prospectus, the annual information form and management's discussion and analysis of financial condition and results of operations, as well as related press releases, including earnings guidance; and

5.4.1.4 the compliance of management certification of financial reports with applicable legislation and attestation of the Company's disclosure controls and procedures.

5.4.2 The Committee shall review any report which accompanies published financial statements (to the extent such a report discusses financial condition or operating results) for

consistency of disclosure with the financial statements themselves.

- 5.4.3 In its review of financial statements, the Committee should obtain an explanation from management of all significant variances between comparative reporting periods and an explanation from management for items which vary from expected or budgeted amounts as well as from previous reporting periods.
- 5.4.4 In its review of financial statements, the Committee should review unusual or extraordinary items, transactions with related parties, and adequacy of disclosures, asset and liability carrying values, income tax status and related reserves, qualifications, if any, contained in letters of representation and business risks, uncertainties, commitments and contingent liabilities.
- 5.4.5 In its review of financial statements, the Committee shall review the appropriateness of the Company's significant accounting principles and practices, including acceptable alternatives, and the appropriateness of any significant changes in accounting principles and practices.
- 5.4.6 The Committee shall satisfy itself that adequate procedures are in place for the review of the Company's public disclosure of financial information extracted or derived from the Company's financial statements, and shall periodically assess the adequacy of those procedures.

5.5 Financial Reporting and Accounting Trends

The Committee shall:

- 5.5.1 Review and assess the effectiveness of accounting policies and practices concerning financial reporting;
- 5.5.2 Review with management and with the external auditors any proposed changes in major accounting policies, the presentation and impact of significant risks and uncertainties, and key estimates and judgments of management that may be material to financial reporting;
- 5.5.3 Question management and the external auditors regarding significant financial reporting issues discussed and the method of resolution; and
- 5.5.4 Review general accounting trends and issues of accounting policy, standards and practices which affect or may affect the Company.

5.6 Internal Controls

5.6.1 The Committee shall review and monitor the Company's internal control procedures, programs and policies, and assess the adequacy and effectiveness of internal controls over the accounting and financial reporting systems, with particular emphasis on controls over computerized systems.

5.6.2 The Committee shall review:

5.6.2.1 The evaluation of internal controls by the external auditors, together with management's response;

5.6.2.2 The working relationship between management and external auditors;

5.6.2.3 The appointments of the Chief Financial Officer and any key financial executives involved in the financial reporting process;

5.6.2.4 The review and approval of the Company's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of the Company;

5.6.2.5 Any decisions related to the need for internal auditing, including whether this function should be outsourced and, in such case, approving the supplier which shall not be the external auditors; and

5.6.2.6 Internal control procedures to ensure compliance with the law and avoidance of conflicts of interest.

5.6.3 The Committee shall undertake private discussions with staff of the internal audit function to establish internal audit independence, the level of co-operation received from management, the degree of interaction with the external auditors, and any unresolved material differences of opinion or disputes.

5.7 Internal Auditor

The Committee shall:

5.7.1 Review the mandate and annual objectives of the internal auditor, if the appointment of an internal auditor is deemed appropriate;

5.7.2 Review the adequacy of the Company's internal audit resources; and

5.7.3 Ensure the internal auditor has ongoing access to the Chair of the Committee as well as all officers of the Company,

particularly the Executive Chairman of the Board and the Chief Executive Officer.

- 5.7.4 Review the audit plans, performance and summaries of the reports of the internal audit function as well as management's response including follow-up to any identified weakness.

5.8 External Auditors

- 5.8.1 The Committee shall recommend to the Board of Directors the appointment of the external auditors, which firm is ultimately accountable to the Committee and the Board of Directors.
- 5.8.2 The Committee shall i) receive periodic reports from the external auditors regarding the auditors independence, the performance of the auditors, the qualifications of the key audit partner and audit managers, a periodic review of the auditors' quality control procedures, material issues arising from the periodic quality control review and the steps taken by the auditors to address such findings, ii) discuss such reports with the auditors, and if so determined by the Committee, iii) recommend that the Board of Directors take appropriate action to satisfy itself as to the independence of the auditors and the quality of their performance.
- 5.8.3 The Committee shall take appropriate steps to assure itself that the external auditors are satisfied with the quality of the Company's accounting principles and that the accounting estimates and judgments made by management reflect an appropriate application of generally accepted accounting principles.
- 5.8.4 The Committee shall undertake private discussions on a regular basis with the external auditors to review, among other matters, the quality of financial personnel, the level of co-operation received from management, any unresolved material differences of opinion or disputes with management regarding financial reporting and the effectiveness of the work of the internal audit function.
- 5.8.5 The Committee shall review the terms of the external auditors' engagement and the appropriateness and reasonableness of the proposed audit fees as well as the compensation of any advisors retained by the Committee.
- 5.8.6 The Committee shall review and pre-approve any engagements for non-audit services provided by the external auditors or their affiliates to the Company or its subsidiaries, together with the fees for such services, and consider the impact of this on the independence of the external auditors.

The Committee shall determine which non-audit services the external auditors are prohibited from providing.

5.8.7 When a change of auditors is proposed, the Committee shall review all issues related to the change, including the information required to be disclosed by regulations and the planned steps for an orderly transition.

5.8.8 The Committee shall review all reportable events, including disagreements, unresolved issues and consultations on a routine basis whether or not there is to be a change of auditors.

5.8.9 When discussing auditor independence, the Committee will consider both rotating the lead audit partner or audit partner responsible for reviewing the audit after a number of years and establishing hiring policies for employees or former employees of its external auditor.

5.9 Audit Procedures

5.9.1 The Committee shall review the audit plans of the internal and external audits, including the degree of co-ordination in those plans, and shall inquire as to the extent to which the planned audit scope can be relied upon to detect weaknesses in internal control or fraud or other illegal acts. The audit plans should be reviewed with the external auditors and with management, and the Committee should recommend to the Board of Directors the scope of the external audit as stated in the audit plan.

5.9.2 The Committee shall review any problems experienced by the external auditors in performing the audit, including any restrictions imposed by management or significant accounting issues on which there was a disagreement with management.

5.9.3 The Committee shall review the post-audit or management letter containing the recommendations of the external auditors, and management's response and subsequent follow-up to any identified weakness.

5.10 Risk Management and Other Responsibilities

5.10.1 The Committee shall put in place procedures to receive and handle complaints or concerns received by the Company about accounting or audit matters including the anonymous submission by employees of concerns respecting accounting or auditing matters.

5.10.2 The Committee shall review such litigation, claims, transactions or other contingencies as the internal auditor,

external auditors or any officer of the Company may bring to its attention, and shall periodically review the Company's risk management programs. In that regard the Committee shall review the Company's major risk exposures and the steps taken by management to monitor, control and report such exposures.

- 5.10.3 The Committee shall review the policy on use of derivatives and monitor the risk.
- 5.10.4 The Committee shall review the related party transactions in line with the New York Stock Exchange rules and regulations and those of any other applicable exchange or regulator.
- 5.10.5 The Committee shall review assurances of compliance with covenants in trust deeds or loan agreements.
- 5.10.6 The Committee shall review business risks that could affect the ability of the Company to achieve its business plan.
- 5.10.7 The Committee shall review uncertainties, commitments, and contingent liabilities material to financial reporting.
- 5.10.8 The Committee shall review the effectiveness of control and control systems utilized by the Company in connection with financial reporting and other identified business risks.
- 5.10.9 The Committee shall review incidents of fraud, illegal acts, conflicts of interest and related-party transactions.
- 5.10.10 The Committee shall review material valuation issues.
- 5.10.11 The Committee shall review the quality and accuracy of computerized accounting systems, the adequacy of the protections against damage and disruption, and security of confidential information through information systems reporting.
- 5.10.12 The Committee shall review material matters relating to audits of subsidiaries.
- 5.10.13 The Committee shall review cases where management has sought accounting advice on a specific issue from an accounting firm other than the one appointed as auditor.
- 5.10.14 The Committee shall review any legal matters that could have a significant impact on the financial statements.
- 5.10.15 The Committee shall consider other matters of a financial nature it feels are important to its mandate or as directed by the Board of Directors.

5.10.16 The Committee shall report regularly to the Board of Directors on its proceedings, reviews undertaken and any associated recommendations.

5.10.17 The Committee shall have the right, for the purpose of discharging the powers and responsibilities of the Committee, to inspect any relevant records of the Company and its subsidiaries.

5.11 Compensation

Members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board of Directors may determine from time to time.

4. Codes of Ethics

Codes of Ethics

4.1 Code of Ethics and Business Conduct

for members, officers and directors of CGI

To the CGI Team

This Code of Ethics and Business Conduct is based on the values and philosophy that have guided CGI successfully since the Company's inception in 1976. It constitutes a unique repository where the combination of CGI policies, guidelines, principles of conduct and best practices have been regrouped under one umbrella document, for the benefit of our members, officers and directors.

CGI's operations have grown significantly and now extend worldwide, and our business environment has become increasingly competitive and complex. The scope and pace of our business requires us to make quick and informed decisions, in a manner consistent with our values.

This Code provides guidance - and a global view - for CGI members, officers and directors to consistently achieve the professionalism that has earned our Company an enviable reputation among our clients and within our industry. It also provides guidance for CGI directors when acting for the Company.

This Code is not meant to be a complete list of ethics and business conduct covering every eventuality. It highlights situations that CGI's members, officers and directors may face in their duties and provides the basic principles to guide their actions. CGI recognizes the importance of supporting these individuals as ethical issues arise, and has an open door policy for resolving such issues with integrity.

Upon joining CGI, all members, as part of their employment contract, undertake to observe this Code in all aspects of their work. Furthermore, annually, all members shall renew such undertaking.

We must always behave responsibly and in line with the Company's core values when working on behalf of CGI for its clients and other stakeholders. By preserving our personal integrity and the professional reputation of CGI, I am confident that together we will succeed in achieving the Company's mission and vision.

Serge Godin

Founder and Executive Chairman of the Board

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Code of Ethics and Business Conduct. This Code should therefore be read in conjunction with Chapter 1.

1. VALUES, PHILOSOPHY, MISSION AND VISION

VALUES

CGI has always believed in investing in the future to ensure continued success. From the beginning, the Company has invested in developing a strong corporate culture, based on six core values that reflect its approach to business. These values are: quality and partnership, intrapreneurship and sharing, respect, objectivity and integrity, financial strength and corporate social responsibility. These values are at the heart of CGI's success. They ensure that CGI takes a long-term view on business issues, and it builds long-lasting partnerships with its clients.

PHILOSOPHY

The success of CGI Group Inc. and its subsidiaries is based on the knowledge, creativity and commitment of its members. CGI ensures this success by recruiting the most qualified people available. CGI's members share in the risks and rewards of CGI's business as partners of CGI and are committed to its objectives. They take a disciplined approach to their work and constantly strive for excellence to achieve the best results for every client. In exchange, CGI strives to recognize the value of its members by offering them a stimulating work environment that fosters their personal and professional development.

MISSION

The mission of CGI is to help our clients with professional services of outstanding quality, competence and objectivity, delivering the best solutions to fully satisfy client objectives in information technology, business processes and management.

In all we do, we foster a culture of partnership, intrapreneurship, teamwork and integrity, building a world class IT and business process services company.

VISION

Our vision is to be a world class IT and business process services leader helping our clients succeed.

2. PURPOSE AND SCOPE OF THE CODE

This Code of Ethics and Business Conduct (the "Code") defines CGI's character and guides the actions and decisions of the salaried employees ("members"), officers and directors of CGI. Compliance with the Code is essential for many reasons and notably to preserve and enhance CGI's reputation and maximize shareholder value. In keeping with CGI's values, the Code outlines the essential rules and guidelines necessary to preserve CGI's enviable reputation among its clients and within its industry. The Code is not meant to be a complete list of ethics and business conduct covering every eventuality. It highlights situations that CGI members, officers and directors may face in their duties. The code is meant to give them a broad and clear understanding of the conduct expected of them, wherever CGI does business. While the specific illustrations are primarily addressed to members, they should be read as being equally applicable to the members of CGI's Board of Directors to the extent that they may be applicable in the circumstances.

Should a member be confronted with a situation where further guidance is required, the matter should be discussed with the member's manager. CGI recognizes its obligation to support its members, officers and directors as ethical issues arise.

3. MEMBERS' CONDUCT AND BEHAVIOUR

GENERAL CONDUCT

Upon joining CGI, and annually thereafter, all members undertake, by signing the "Member Commitment to the Code of Ethics and Business Conduct," to abide by the Company Code of Ethics and Business Conduct and related policies and guidelines.

If a member ceases to be employed by CGI for any reason, the Member Commitment specifies which elements continue to apply, namely those related to the confidentiality obligations.

RESPECT AND INTEGRITY

All members of CGI support the Company's philosophy and contribute to CGI's development and good reputation by promoting synergy and teamwork, by expressing their ideas and by adopting the highest standards of service quality and integrity. The members of CGI are its ambassadors. They must always behave responsibly and demonstrate courtesy, honesty, civility and respect for other members of CGI, for its clients and for its suppliers.

LOYALTY

Members are expected to act at all times with diligence and loyalty towards CGI and in such a way as to safeguard CGI's interests. Members should not act in a way or publicly hold a position that might harm the image or reputation of CGI.

RELATIONS WITH CLIENTS

CGI's services often involve visiting or working at a client's place of business. A member working at a client's site must comply with the client's practices and procedures and treat the client's facilities with respect. The member must work as efficiently and meticulously as possible and leave the client's premises and property as he or she found them. As well, members must use the client's information and systems infrastructures for the sole purpose of the client's contract and protect those infrastructures and information at all times.

RELATIONS WITH COMPETITORS

If a member is working with a competitor of CGI on a joint project for a client, the member must avoid any situations that could cause conflicts. The member must respect the roles that the client has assigned to each party and work as a team in the client's best interests. CGI's members also have both an ethical and a legal responsibility to portray the Company's competitors fairly and accurately. CGI does not tolerate its members using improper means for gathering information about its competitors.

MAINTENANCE OF ASSETS

All members of CGI have a responsibility to protect CGI's assets against loss, theft, abuse and unauthorized use or disposal. If, in the course of his or her work, a member of CGI is supplied with any property belonging to CGI or to a third party, the member must use said property solely for work-related purposes as specified in the binding agreement he or she signed upon joining CGI. More specifically, the members must use CGI's systems infrastructures in a manner consistent with legal requirements, professional ethics, the policies established by the administrators of CGI's network and of any external networks that the member uses, and must respect the copyrights protecting any software that the member also uses. As well, members must never use the clients' systems infrastructures, including the clients' software, for any purpose that is not work-related. CGI applies a zero-tolerance policy to any abuse of its systems infrastructures or those of its clients.

At the end of employment, members are required to return all CGI property and assets in their possession to their manager or to a designated CGI representative.

4. INTEGRITY OF BOOKS AND RECORDS AND COMPLIANCE WITH SOUND ACCOUNTING PRACTICES

PREPARATION OF BOOKS AND RECORDS

Accuracy and reliability in the preparation of all business records is of critical importance to the decision-making process and to the proper discharge of financial, legal and reporting obligations. All business records, expense accounts, invoices, bills, payroll and member records and other reports are to be prepared with care and honesty. False or misleading entries are not permitted in CGI's books and records.

FINANCIAL TRANSACTIONS

All financial transactions are to be properly recorded in the books of account and accounting procedures are to be supported by the necessary internal controls. In turn, all books and records of CGI must be available for audit.

MEMBER RESPONSIBILITIES

CGI is committed to providing a safe and healthy work environment for all members.

Accordingly, members are expected to observe the following policies:

Drug-Free Workplace

CGI maintains a drug-free workplace. Accordingly, in the workplace, members may not:

- ♦ Use, sell, or possess illegal drugs;
- ♦ Abuse or misuse controlled substances, prescription drugs, or over-the-counter medications; or
- ♦ Abuse alcohol.

Restrictions on Alcohol Use

With the exception of specially-authorized CGI functions, no member may consume, serve, or be under the influence of alcohol while on CGI property or while performing CGI business.

Alcohol may be served at CGI functions only with the prior approval of a Senior Vice President. In such circumstances, CGI strongly encourages members to use discretion, act responsibly, and behave in a manner becoming to the Company. When working in parts of the world where

alcohol use or possession is prohibited, CGI members must comply with local laws.

In relation to CGI's books and records, members must:

- i) not intentionally cause Company documents to be incorrect in any way;
- ii) not create or participate in the creation of any records that are intended to conceal anything that is improper;
- iii) properly and promptly record all disbursements of funds;
- iv) co-operate with internal and external auditors;
- v) report any knowledge of any untruthful or inaccurate statements or records or transactions that do not seem to serve a legitimate commercial purpose; and
- vi) not make unusual financial arrangements with a client or a supplier (such as, over-invoicing or under-invoicing) for payments on their behalf to a party not related to the transaction.

The nature of CGI's business places special importance on the accuracy of time keeping and expense reporting.

Accurate Timekeeping

Client billing, member compensation, and cost estimating depends on CGI's ability to record and account for member time worked accurately.

Accordingly, CGI is committed to accurate total time accounting and reporting within all of its subsidiaries.

All members are required to comply with CGI's timekeeping policy and procedures and any applicable contract requirements. Members must record all time worked daily and submit reports weekly, accurately reflecting all time worked on both direct and indirect projects. Managers are responsible for ensuring that members know the correct project code for each project assignment

Knowingly mischarging your time or falsifying time records violates CGI policy and may also violate the law. No member may knowingly charge time inaccurately or knowingly approve mischarging. Similarly, shifting time worked on one project to another project also is strictly prohibited.

To ensure accurate time reporting, members must be sure that they understand and carefully follow CGI's timekeeping policy and procedures. Members must obtain the correct charge code before starting work on any new direct or indirect project. If a member has any questions regarding time charging, the question should be raised with their

manager. In all cases, members must take the steps necessary to ensure that their time records are current, accurate, and complete.

Expense Reimbursement

Members must honestly and accurately report their business-related expenses for reimbursement. A member's signature on an expense report certifies that the information provided is complete and accurate and represents a valid business expense.

BREACHES

Suspected breaches of the Code which directly or indirectly affect CGI's business must be reported to the Chief Financial Officer, the Chief Executive Officer or the Chair of the Audit and Risk Management Committee and to CGI's Corporate Secretary.

In addition, CGI has established a policy for incident reporting (often referred to as a "whistleblower policy") as well as a process under that policy which allows any person who has direct knowledge of specific facts to report incidents where the Company is exposed to a serious risk in matters of accounting, auditing, internal accounting controls, finance, banking or financial corruption. The process in place protects the incident reporter and ensures the confidentiality of the report. See the heading "Compliance with the Code" below.

5. CONFIDENTIAL INFORMATION AND INTELLECTUAL PROPERTY

DEFINITIONS

Confidential Information

"Confidential Information" means information about the Company's business dealings, development strategies and financial results; products or processes; client lists; vendor lists or purchase prices; cost, pricing, marketing or service strategies; results of research and development work, technical know-how, manufacturing processes, computer software; reports and information related to mergers, acquisitions and divestitures. "Confidential Information" also includes information that relates to intellectual property and may include, but is not limited to: business strategies, product marketing and costing information and information provided by suppliers and competitors. In addition, the way the Company puts publicly-known information together, to achieve a particular result, is often a valuable trade secret.

The following information and documents constitute confidential information or documents of CGI or its clients, as the case may be:

- i) methodologies;

- ii) all information related to: processes, formulas, research and development, products, financials, marketing; names and lists of customers, employees and suppliers as well as related data; computer programs, all software developed or to be developed including flow charts, source and object codes;
- iii) all information related to projects undertaken by the Company whether they are merger and acquisition or divestiture projects or projects related to large client contracts, including all information obtained in due diligence initiatives, whether such information pertains to CGI or to any third party; and
- iv) all other information or documents that, if disclosed, could be prejudicial to CGI or its clients.

Intellectual Property

"Intellectual Property" (IP) means patents, copyrights, trademarks, trade secrets and industrial designs of CGI.

NON-DISCLOSURE UNDERTAKING

CGI Confidential Information

During the normal course of business, members will have access to confidential information about CGI. In some cases, the information may affect the value of CGI shares. Each member must protect the confidentiality of all confidential CGI information and documents. Members cannot discuss them away from work, and cannot divulge any confidential CGI information or any information that could harm CGI. Confidential CGI information could include information from other members or information acquired from outside sources, sometimes under obligations of secrecy. Members are expected to use such information exclusively for business purposes and this information must not be disclosed externally without the approval of a member's manager.

Third Party Agreements

In cases where information or records are obtained under an agreement with a third party, such as software licenses or technology purchases, members must ensure that the provisions of such agreements are strictly adhered to so that CGI will not be deemed to be in default. Unauthorized disclosure or use of information or records associated with these agreements could expose the member involved and/or CGI to serious consequences.

DISCLOSURE GUIDELINES

Insider Information

Confidential information about CGI or other public companies may not be used as a basis for trading in CGI securities, or the securities of any other company in respect of which CGI or its members, consultants or advisers are in possession of insider information. For this purpose, CGI has an established policy regarding the use of insider information and trading in securities. This policy is entitled "Guidelines on Timely Disclosure of Material Information and Transactions in Securities by Insiders" which extends to all directors, officers and, when in possession of Confidential Information, members, those authorized to speak on behalf of CGI and all other insiders. It is designed to protect the integrity of the Company and its directors, officers and members while ensuring compliance with all applicable securities legislation in Canada, the United States and other countries. The law stipulates that insiders may not take advantage of inside information to trade in the securities of a company. Likewise, employees must not provide third parties with any information that would give them an unfair advantage when trading in securities of the company, including client companies or any other company that is the subject of an acquisition, divestiture or client related project.

Material Information

CGI's guidelines on disclosure also cover the disclosure of information with a material impact, defined as any information that, if disclosed to a potential investor, could affect his or her perception of the value of the Company as an investment. Because CGI is a publicly traded company, any information that may have a material impact on CGI's results or on the perception of the value of the stock must be communicated in accordance with CGI's "Guidelines on Timely Disclosure of Material Information and Transactions in Securities of CGI by Insiders." If a member thinks that he or she is in possession of a piece of information that is not known to management and may have a material impact on the Company, the member must communicate it immediately to either the Executive Chairman of the Board, the Chief Executive Officer, the Corporate Secretary, or the Chief Financial Officer, without divulging it to anyone else.

Client Information

Just as CGI's members must protect confidential information about CGI, they must also show discretion at all times with regard to the client's business affairs. Unless a member has the client's express authorization, he or she should never reveal any information that could harm the client's interests and should never use any information that he or she obtains in the course of a project or assignment for any purpose other than that project or assignment. If the client restricts the distribution of certain information within its own organization, the member must comply with those restrictions as well.

Member Information

CGI collects and maintains personal information relating to its members, including medical and benefits information. Access to such information is restricted to CGI personnel on a need-to-know basis. They must ensure that this information is not disclosed in violation of CGI's policies and practices. Personal information is released to outside parties only with the member's approval, except to satisfy the requirements considered by CGI to be appropriate for legal reasons.

Intellectual Property

In the course of their duties, members may develop or create new designs, inventions, systems or processes, products or documents. When these achievements have been made as a direct result of a member's employment with the Company and through use of CGI's resources, they belong to CGI. Moreover, CGI is free to use this work as it so wishes and members cannot use nor divulge, publish or otherwise disseminate it without prior written consent from CGI. Upon request, members will execute documents made necessary to confirm or complete the assignment of rights to CGI. Upon joining CGI, and in Canada only, members agree, by signing the Member Commitment to the Code of Ethics and Business Conduct, to waive their moral rights in favour of CGI.

Suppliers and Partners Information

All information on CGI suppliers and partners is also confidential and must not be disclosed without the express consent of the persons concerned.

6. CONFLICTS OF INTEREST**DEFINITION**

The members of CGI must avoid any actual or apparent conflicts of interest and should never engage in any conduct which is harmful to CGI or its reputation. A conflict of interest exists when a member favours his or her personal interests over those of CGI or its clients or when an obligation or situation arising from a member's personal activities or

financial affairs may adversely influence the member's judgement in the performance of his or her duties at CGI.

GUIDELINES

The following guidelines provide guidance for members to avoid situations which are or may appear to be in conflict with their responsibility to act in the best interest of the Company.

Financial Interests - A conflict of interest exists when a member who is able to influence business with CGI owns, directly or indirectly, a beneficial interest in an organization which is a competitor of CGI, or which has current or prospective business as a supplier, customer or contractor with CGI. This does not include the situation where the financial interest in question consists of shares, bonds or other securities of a company listed on a securities exchange and where the amount of this interest is less than one percent of the value of the class of security involved.

Outside Work - When a member, directly or indirectly, acts as a director, officer, employee, consultant or agent of an organization that is a competitor of CGI, or which has current or prospective business as a supplier, customer or contractor with CGI, there is a conflict of interest. Similarly, a conflict of interest may exist when a member undertakes to engage in an independent business venture or to perform work or services for another entity should that activity prevent such member from devoting the time and effort to the conduct of CGI's business, which his or her position requires.

Gifts or Favours - A conflict of interest will arise when a member, either directly or indirectly, solicits or accepts any gift or favour from any person or organization which is a competitor of CGI, or which has current or prospective business with CGI as a customer, supplier, partner or contractor.

For this purpose, a "gift" or "favour" includes any gratuitous service, loan, discount, money or article of value. It does not include articles of nominal value normally used for sales promotion purposes, ordinary business meals or reasonable entertainment consistent with local, social or business customs if received in a sporadic manner.

Commissions - CGI or its members will never accept any commissions from a third-party vendor when recommending software, hardware or any equipment to a client as part of a service agreement.

Trading with CGI - A conflict of interest may exist when a member is directly or indirectly a party to a transaction with CGI.

Misappropriation of Business Opportunities - A conflict of interest will exist when a member, without the knowledge and consent of CGI, appropriates for his or her own use, or that of another person or

organization, the benefit of any business venture, opportunity or potential opportunity about which the member may have learned or that he or she may have developed during the course of his or her employment.

Bribes - Neither CGI nor its members will pay bribes to clients or client representatives to obtain business from them.

REPORTING

If a member thinks that he or she has been placed in a conflict of interest, the member must inform his or her manager and work with him or her to determine how the situation may be corrected.

7. LAWS, STATUTES AND REGULATIONS

COMPLIANCE WITH THE LAW

It is CGI's policy to comply, not merely with the letter, but also with the spirit of the law. CGI is required to maintain compliance with various acts, statutes and regulations governing activities in the jurisdictions in which it carries on business and expects members acting on its behalf to do likewise. Members are also expected to report any situation of concern to CGI's Corporate Secretary.

GUIDELINES FOR COMPLIANCE

This Code does not seek to provide legal guidance for all laws, statutes and regulations that impact CGI's activities. Specialized resources - legal, tax, environmental, government relations, personnel - are available within CGI for that purpose. There are, however, several items of legislation that warrant specific mention. These are listed below along with some general guidelines for compliance.

HEALTH AND SAFETY LAWS

CGI is committed to creating and maintaining healthy and safe workplaces for its members. Members are expected to comply with all safety laws, regulations and directives from their managers (which may not necessarily be a law or regulation).

ENVIRONMENTAL LAWS

CGI is committed to preserving and enhancing the environment in the communities where its various businesses operate through responsible and environmentally-oriented operating practices. Members are encouraged to participate in undertakings geared to improving the environment in both their workplace and their community.

HUMAN RIGHTS LEGISLATION

Every person has the right to equal treatment with respect to employment and the right to be free of discrimination because of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, pregnancy, record of offences, marital status, social conditions, political beliefs, language, veteran status (U.S. only), family status, disability or means used to overcome a disability. The following are CGI's policies on equal employment opportunity, anti-discrimination and anti-harassment as well as the procedure for reporting any breach or violation of these policies:

i) **Equal Employment Opportunity** - CGI is committed to treating all people fairly and equitably, without discrimination. The company has established a program to ensure that groups which are often subject to discrimination are equitably represented within CGI and to eliminate any employment rules and practices that could be discriminatory. CGI regards diversity among its members as a priceless resource and one which enables the Company to work harmoniously with clients from around the world.

ii) **Anti-Harassment and Anti-Discrimination Policies** - CGI recognizes that everyone has the right to work in an environment free of sexual, psychological and racial harassment. CGI will do everything in its power to prevent its members from becoming victims of such harassment. CGI defines sexual, psychological or racial harassment as any behaviour, in the form of words, gestures, or actions, generally repeated, that has undesired sexual, psychological or racial connotations, that has a negative impact on a person's dignity or physical or psychological integrity, or that results in that person being subjected to unfavourable working conditions or dismissal.

CGI will prevent any form of harassment or discrimination against job candidates and members on any of the grounds mentioned above, whether during the hiring process or during employment. This commitment applies to such areas as training, performance assessment, promotions, transfers, layoffs, remuneration and all other employment practices and working conditions.

All CGI managers are personally accountable for enforcing this policy and must make every effort to prevent discriminatory or harassing behaviour and to intervene immediately if they observe a problem or if a problem is reported to them.

CGI requires that all members refrain from any form of harassment or discrimination against anyone else. CGI will not tolerate any violations of this policy whatsoever.

iii) **Procedure for Reporting Discrimination or Harassment** - Any member of CGI who feels discriminated against or harassed can and should, in all confidence and without fear of reprisal, personally report the facts to the vice-president of his or her business unit and to the human resources leader either in that business unit, in the country or

at the corporate head office. The facts will be examined carefully by these two individuals. Neither the name of the person reporting the facts nor the circumstances surrounding them will be disclosed to anyone whatsoever, unless such disclosure is necessary for an investigation or disciplinary action. Any disciplinary action will be determined by these same two people and will be proportional to the seriousness of the behaviour concerned. CGI will also provide appropriate assistance to any member who is a victim of discrimination or harassment. In addition, retaliation against persons who make complaints of harassment, witness harassment, offer testimony or are otherwise involved in the investigation of harassment complaints will not be tolerated.

COMPETITION ACT

CGI is required to make its own decisions on the basis of its best interest and must do so independent of agreements or understandings with competitors. The Competition Act (Canada) or corresponding provisions of foreign legislation in matters of competition prohibit certain arrangements or agreements with others regarding product prices, terms of sale, division of markets, allocation of customers or other practices that restrain competition. It is the responsibility of each manager to comply with the letter and spirit of all competition laws as they apply to CGI.

Should a question or doubt arise with respect to competition-sensitive issues, they must immediately be brought to the attention of CGI's Corporate Secretary.

SECURITIES LAWS AND INSIDER TRADING

Members who possess material non-public information may not buy or sell CGI securities while such information remains non-public and must refrain from passing such information on to others, including family and friends. These trading prohibitions apply to members at all levels - not just officers or managers. The prohibition on such trading is based on such information potentially providing an unfair advantage to the member.

"Material non-public information" is non-public information that is significant enough that, if publicly known, is likely to affect the market price of any of CGI's securities. CGI has adopted "Guidelines on Timely Disclosure of Material Information and Transactions in Securities of CGI by Insiders". Each member, officer and director must abide by the provisions of these guidelines, when applicable.

LAWS COMBATTING BRIBERY OF PUBLIC OFFICIALS

The global scope of CGI's business means that we do business in many countries around the globe. CGI complies, and it is essential that our members, officers and directors comply at all times, both with the letter

and with the spirit of the laws enacted to combat corruption and the bribery of public officials.

Examples of such laws include the *OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions*, and national laws such as the *Canadian Corruption of Foreign Public Officials Act* and the *US Foreign Corrupt Practices Act*, as well as similar laws that have been enacted by other countries in which we operate. Under these laws it is a serious criminal offense to participate, directly or indirectly, in any activity intended to influence a foreign official to act, or not act, in a way that would be in violation of their lawful duty, or to secure any improper advantage to allow CGI to obtain, or retain, business.

EXPORT AND IMPORT LAWS

CGI members may increasingly find themselves dealing with goods or services that are the subject of export or import restrictions, such as, for example, information or technology that has military or state security applications. Members who deal with controlled goods and services must comply with the CGI policies and procedures that are designed to ensure that the controls are respected.

LAWS THAT PROTECT CLASSIFIED INFORMATION

In the normal course of CGI's business with government clients, our members may be required to hold government security clearances and they may have access to information that is classified or facilities that are restricted. Members must comply with the letter and with the spirit of the laws, rules and regulations that apply to classified information and facilities that are restricted.

Whether a member holds a security clearance or not, members must not seek access to classified information or restricted facilities unless that access is required in order to allow them to carry out their assigned tasks. Members must not accept access to, retain, or otherwise deal with classified information, or enter restricted facilities, unless they hold a current and valid security clearance that entitles them to have the appropriate degree of access. If there is any doubt about whether information is classified or whether facilities are restricted, about the restrictions that may apply to information or facilities, or whether the member's security clearance is adequate in the circumstances, the member must first consult with the CGI security officer who has the authority to advise the member.

8. MEMBER, CLIENT, INVESTOR AND MEDIA RELATIONS

COMMUNICATIONS IN GENERAL

Communications Policy

- i) **Within CGI** - CGI's management philosophy demonstrates the value it places on its members' participation in the Company's activities. Communication is a key responsibility of all members. CGI encourages open communication and the sharing of information because it believes its members are its most valuable ambassadors.
- ii) **Outside of CGI** - CGI also believes in maintaining open communication with its clients, shareholders, the investment community, industry analysts, regulators, the media and other interested parties. Clear and professional communication enables CGI to promote its services and solutions to its various audiences.

Communications within CGI

- i) **Member Input** - CGI encourages its members to share their opinions and ideas, both at scheduled meetings and in the member surveys circulated for this purpose. Regular team meetings are held in all of CGI's business units, providing opportunities for its members to get to know their colleagues better, to discuss topics of common interest and to receive information about developments both in their business unit and in the company. During the annual tour of all business units, the senior managers of CGI provide a review for the members of the past year's performance and discuss CGI's strategies for the coming year.
- ii) **Member Satisfaction Assessment Process** - Each year, all members of CGI are asked to participate in the Member Satisfaction Assessment Process (MSAP) by filling out a survey questionnaire. The answers provided in this questionnaire and the comments made in the "Message to the Senior Management" section enable CGI corporate and operational management to improve policies and programs and develop action plans to achieve CGI's objective of becoming the best employer in the industry. Members of CGI can rest assured that their answers and comments on this questionnaire are kept entirely confidential.
- iii) **Newsletter, Other Communications and the Intranet site** - The purpose of internal communications is to fulfill CGI's promise to provide all members with complete, meaningful, up-to-date information about CGI's activities on an ongoing basis. Examples of ongoing communications initiatives include the member newsletter, Perspectives; quarterly (audio) webcasts, Ontrack, and CGI's enterprise Intranet site, all of which keep the members informed about CGI's current projects and recent successes. CGI's Intranet site is intended to implement an infrastructure that allows CGI to share information and corporate policies with all of its members more rapidly.

Corporate Communications Department

The Corporate Communications department of CGI is responsible for developing and managing the policies and programs for CGI's communications activities both within and outside of the company. The Corporate Communications team's mandate includes the establishment of a corporate identity that includes not only the visual branding, but also how to describe and talk about CGI. CGI's Corporate Communications Program has been designed to focus on three key audiences: members, clients and investors.

World Wide Web site

As a key component of the corporate communications program, the CGI Web site is designed to ensure a flow of information to current and future members, current and prospective clients and investors. CGI's Web site is constantly changing and evolving to achieve CGI's worldwide communication strategy. CGI encourages its members and shareholders to keep up with the latest news on CGI and its activities through CGI's Website at www.cgi.com.

COMMUNICATIONS WITH CLIENTS

- i) **Initiatives with Clients** - CGI is successful because it works hard at communicating effectively with its clients around the world. A Corporate Identity Manual is available in each of the business units. This manual provides guidelines which must be followed by all members for all external communications. A 'branding' section is posted on the Intranet that supports the overall branding effort, educating members on how best to manage the brand. It also provides rules, as well as tools, for sales collaterals and presentations, advertising, and trade show and conference participation.
- ii) **Marketing Materials** - A range of marketing materials has been developed in collaboration with leaders across CGI, representing its various business units, industry sectors and areas of expertise. Included are computer-based presentations and brochures about CGI. These materials are available to all members who work directly with the company's clients, and can be located on the company's Intranet site.

COMMUNICATIONS WITH INVESTORS AND MEDIA

CGI strives to maintain strong relations with its shareholders and has developed an integrated program to manage communications with its shareholders as well as with others in the investment community and with the media. As a publicly traded company, CGI must demonstrate discipline in dealing with external audiences. CGI has therefore adopted "Guidelines on Timely Disclosure of Material Information and Transactions in Securities of CGI by Insiders." Such guidelines include (i)

Timely Disclosure and Prohibition Against Selective Disclosure and (ii) CGI's Corporate Disclosure Policy.

Release of Information

CGI regularly issues news releases in North America, Europe and around the world when it concludes major agreements, signs important contracts or has any other news of general interest or material information. CGI also provides financial information to institutional investors and financial analysts and other interested parties by issuing quarterly financial news releases, quarterly shareholders' reports, annual reports, annual notices and corporate and financial profiles. These documents are distributed through newswires and/or posted on SEDAR and EDGAR, as well as on the CGI Web site. CGI also holds meetings with the investment community and hosts special events, such as its annual "Investor Day" and the annual general meeting of shareholders, where CGI communicates directly with the investment community and shareholders.

Internet Broadcasts

CGI strives to share information democratically by using Internet technology to broadcast its major communication events to all of its shareholders, other investors, analysts and the media. CGI broadcasts live and also archives its annual shareholders' meeting for replay via its Web site. It also broadcasts live and archives its regular and special telephone conferences with investors and analysts to disclose its quarterly financial results and major news. Where possible, it also broadcasts presentations at brokerage-sponsored conferences. CGI strives to give current and prospective shareholders and analysts a transparent picture of CGI. This information helps investors better understand CGI's strategy and strengths, so that its shares will trade on the market at their fair value.

Authorized Spokespersons

Media and investor interaction is the responsibility of authorized CGI spokespersons, who ensure the timely and informed communication of relevant information. All authorized spokespersons must demonstrate high standards of integrity and transparency, while refraining from unauthorized disclosure of proprietary or non-public material information.

Initiatives

All initiatives related to investor and media communications must be directed through CGI's Chief Executive Officer. Furthermore, members should make sure that CGI's authorized spokespersons know about any relevant issue of local or national interest that relates to CGI's business, of which they may not be aware.

9. COMMUNITY ACTIVITIES AND POLITICAL AND PUBLIC CONTRIBUTIONS

CGI respects and supports the right of its members as individuals to participate in both community and political activities outside of work hours. No contributions of any kind may be made by a member to any political party, candidate or campaign on behalf of CGI without the approval of CGI's Chief Executive Officer. However, CGI may itself make contributions to political parties as permitted by law.

10. COMPLIANCE WITH THE CODE

MANAGEMENT RESPONSIBILITIES

CGI's managers have a special duty to be role models of appropriate business conduct and to see that the principles and policies of this Code and of other CGI guidelines and policies referred to in this Code are upheld. This means:

- i) **Copy of the Code** - Ensuring that all members have a copy of the Code, and that they understand and comply with its provisions.
- ii) **Assistance** - Offering assistance and explanations to any member who has questions, doubts or is in a difficult situation. Managers are also required to counsel members promptly when their conduct or behaviour is inconsistent with the Code.
- iii) **Enforcement** - Taking prompt and decisive action when a violation of the Code has occurred, in consultation with CGI's Corporate Secretary . If a manager knows a member is contemplating a prohibited action and does nothing, the manager will be held responsible along with the member.

MEMBER RESPONSIBILITIES

Each member is accountable for observing the rules of conduct that are normally accepted as standard in a business enterprise. In addition they must abide by the following:

- i) **Compliance** - CGI's members are expected to comply with the Code and all policies and procedures of the company as well as to actively promote and support CGI's values.
- ii) **Preventing** - Members should take all necessary steps to prevent a Code violation.
- iii) **Reporting** - Members must immediately report to their manager (i) situations of non-compliance with respect to this Code of which they become aware and (ii) suspected violations of the Code. All information will, to the extent possible, be received in confidence. It is

corporate policy not to take action against a member who reports in good faith unless unusual circumstances warrant such action.

In addition, CGI has established a policy for incident reporting (often referred to as a “whistleblower policy”) as well as a process under that policy which allows any person who has direct knowledge of specific facts to report incidents in which the Company is exposed to a serious risk in matters of accounting, auditing, internal accounting controls, finance, banking or financial corruption. The process in place protects the incident reporter and ensures the confidentiality of the report.

Incident reports may be submitted either by telephone by dialing 1-800-422-3076 toll free, by dialing (503) 748-0564 and reversing the long distance charges, or by submitting an incident report online. For telephone reports, all long distances charges will be at the expense of CGI. For those who wish to submit incident reports online, a link to the incident reporting web site is provided on CGI's Enterprise Portal or members may access the incident reporting system directly at www.cgi-en.ethicspoint.com.

CGI's incident reporting system is managed by EthicsPoint, Inc., a company unrelated to CGI which has undertaken to ensure the confidentiality of all incident reporters as well as the confidentiality of the reports they submit.

CGI's policy on incident reporting is entitled the *Serious Ethical Incidents Reporting Policy* and is available on the CGI Enterprise Portal on the policies page.

- iv) **Consequences** - Unethical behaviour, violations of this Code and of CGI's other guidelines and policies, as well as withholding information during the course of an investigation regarding a possible violation of the Code, may result in disciplinary action which will be commensurate with the seriousness of the behaviour. Such action could include termination as well as civil or criminal action.

11. ADMINISTRATION OF THE CODE

PERIODIC REVIEW

Responsibility for the periodic review and revision of the Code lies with CGI's Corporate Governance Committee.

MONITORING COMPLIANCE

The Board of Directors of CGI will monitor compliance with the Code and will be responsible for the granting of any waivers from compliance with the Code for directors and officers of CGI. These waivers will be disclosed publicly in due course by the Board of Directors of CGI who shall also specify the circumstances and rationale for granting the waivers, as the case may be. The Corporate Secretary of CGI shall, when deemed appropriate, make reports to the Board of Directors of CGI with respect to compliance with this Code.

QUESTIONS

Questions concerning this Code should be referred to a member's manager who, when warranted, shall report to CGI's Corporate Secretary.

4.2 Executive Code of Conduct

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of this Executive Code of Conduct. This Code should therefore be read in conjunction with Chapter 1.

This Executive Code of Conduct (the "Code") is part of the commitment of CGI Group Inc. ("CGI") to ethical business conduct and practices. This Code reflects CGI's firm commitment, not only to adherence to the law, but also to the highest standards of ethical conduct.

This Code specifically covers CGI's principal executive officer, principal financial officer, principal accounting officer or controller, or other persons performing similar functions (collectively, the "officers").

1. HONEST AND ETHICAL CONDUCT

RESPECT AND INTEGRITY

The officers of CGI are its ambassadors. They must always behave responsibly and demonstrate courtesy, honesty, civility and respect for all other employees of CGI, for its clients and for its suppliers.

ETHICS

Supporting CGI's objectives, officers in performing their duties will carry out their responsibilities at all times in a way that promotes ethics in their leadership. The officers will:

- (i) Undertake their responsibilities in a vigilant manner in the interests of CGI and to avoid any real or perceived impression of personal advantage;
- (ii) Advance CGI's legitimate interests when the opportunity arises at all times ahead of their own interests;
- (iii) Proactively promote ethical behavior among subordinates and peers; and
- (iv) Use corporate assets and resources in a responsible and fair manner, having regard for the interests of CGI.

AVOIDANCE OF CONFLICT OF INTEREST

Officers must avoid any actual or apparent conflicts of interest and should never engage in any conduct that is harmful to CGI or its reputation. Such a conflict would exist when an officer favours his or her personal interests

over those of CGI or its clients or when an obligation or situation arising from an officer's personal activities or financial affairs may adversely influence the officer's judgment in the performance of his or her duties to CGI.

Officers will not knowingly do business with any parties related to CGI, any of CGI's clients or any firms with which CGI does business if such business would be material or would be outside of normal client related activity.

Officers shall not solicit or accept gifts or favours from related parties, clients or firms with which CGI does business beyond customary courtesies. For this purpose, a "gift" or "favour" includes any gratuitous service, loan, discount, money or article of value. It does not include articles of nominal value normally used for sales promotion purposes, ordinary business meals or reasonable entertainment consistent with local, social or business customs if received in a sporadic manner.

Officers will not perform work or render services for, or knowingly make a material investment in, organizations that compete with CGI or with which CGI does business without appropriate approval from CGI's Corporate Secretary.

If an officer thinks that he has been placed in a conflict of interest, the Officer must inform CGI's Corporate Secretary.

2. FULL, FAIR, ACCURATE, TIMELY AND UNDERSTANDABLE DISCLOSURE

ANNUAL AND QUARTERLY REPORTS

Each officer shall read each annual or quarterly report filed or submitted under the applicable securities laws and satisfy himself or herself that the report does not contain any untrue statement of a material fact or omit to state a material fact that is necessary in order for the statements made not to be misleading, in light of the circumstances in which such statements were made.

FINANCIAL STATEMENTS

Each officer shall satisfy himself or herself that the financial statements, and other financial information included in the report, fairly present in all material respects the financial condition and results of operations of CGI as of, and for, the periods presented in the report.

REPORTS TO SECURITIES REGULATORS

Officers shall perform their responsibilities with a view to causing periodic reports filed with securities regulators to contain information which is accurate, complete, fair and understandable and to be filed in a timely fashion.

REPORTING CONCERNS AND COMPLAINTS

An officer who believes it is necessary or appropriate to do so can refer concerns about the quality and scope of financial or related reporting requirements to the Chair of the Audit Committee. Any officer who receives a bona fide material complaint about financial reporting from any employee shall report such complaints to the Audit Committee. Any officer who has disclosed such concerns in good faith shall not face any form of retribution.

3. COMPLIANCE WITH LAWS, RULES AND REGULATIONS

The officers are cognizant of their leadership roles within the organization and the importance of compliance with the letter and spirit of applicable laws, rules and regulations relating to financial and related reporting.

4. COMPLIANCE WITH THE CODE

GENERAL RESPONSIBILITIES

Officers have a special duty to be role models of appropriate business conduct and see that the principles and policies of this Code and other CGI guidelines and policies are upheld.

REPORTING

Any violation or suspected violation of the Code should be personally reported by an officer to CGI's Corporate Secretary.

ACCOUNTABILITY

Non-compliance with this Code in every respect by an officer will be a matter for consideration and review by the Board of Directors of CGI.

4.3 Guidelines on Timely Disclosure of Material Information and Transactions in Securities of CGI by Insiders

The present document is divided into three sections. The first section is a summary of the applicable legislation and policies regarding timely disclosure and prohibitions against selective disclosure. The second section is CGI's corporate disclosure policy which is destined to ensure compliance by CGI of the timely disclosure requirements and avoid selective disclosure of material information. Finally, the third section refers to restrictions applicable to transactions in securities of CGI by insiders.

IMPORTANT NOTE

Chapter 1, Dream, Mission, Vision and Values of the CGI Group Inc. Fundamental Texts constitutes the fundamental principles of these Guidelines on timely disclosure of material information and transactions in securities of CGI by insiders. These Guidelines should therefore be read in conjunction with Chapter 1.

I. TIMELY DISCLOSURE AND PROHIBITIONS AGAINST SELECTIVE DISCLOSURE¹

It is fundamental that all persons investing in securities have equal access to information that may influence their investment decisions, therefore placing all participants in the market on an equal footing. The timely disclosure policies of the Toronto Stock Exchange (the "TSX")² and the New York Stock Exchange (the "NYSE") (collectively, the "Exchanges") and of the Canadian Securities Administrators (the "CSA") (individually, a "Timely Disclosure Policy" and collectively, the "Timely Disclosure Policies") elaborate upon the provisions of the Securities Act (Québec), and the securities legislation of all of the provinces of Canada (collectively, the "Legislation") which require that when a material change occurs which is not generally known, a press release disclosing the substance of the change must be issued.

DEFINITION OF MATERIAL INFORMATION

Material information is any information relating to the business and affairs of CGI that results in or would reasonably be expected to result in a significant change in the market price or value of CGI securities (the "CGI Securities"). Material information consists of both "material changes"³ and "material facts"⁴ relating to the business and affairs of CGI. A material change includes a decision to implement such a change made by the board of directors or by senior management who believe that confirmation of the decision by the board of directors is probable.

¹ Definitions provided in Sections I and II apply only to those Sections.

² Respectively, the Toronto Stock Exchange Policy Statement on Timely Disclosure, the Listed Company Manual of the New York Stock Exchange (both available on the TSX website) and National Policy 51-201 on disclosure standards and which provide guidance on best disclosure practices.

³ A material change is a change in the business, operations or capital of the issuer that would reasonably be expected to have a significant effect on the market price or value of any of the securities of the issuer and includes a decision to implement a change made by the board of directors of the issuer or by senior management of the issuer who believe that confirmation of the decision by the board of directors is probable.

⁴ A material fact is a fact that significantly affects, or would reasonably be expected to have a significant effect on, the market price or value of a security of the issuer. The Securities Act (Québec) refers to "privileged information" which is defined as "any information that has not been disclosed to the public and that could affect the decision of a reasonable investor". (Refer to Section III of this document).

It is the responsibility of CGI to determine the materiality of information, as it relates to CGI. When making materiality judgments, CGI should consider factors such as the nature of the information, the volatility of CGI Securities and prevailing market conditions. Ongoing monitoring and assessment of market reaction by CGI to different disclosures will be helpful when making materiality judgments in the future. As a guiding principle, if there is any doubt about whether particular information is material⁵, the CSA encourage companies to err on the side of caution and release information publicly.

Pursuant to the Timely Disclosure Policy of the TSX, the following examples of corporate developments are likely to constitute material information requiring prompt disclosure:

- ♦ a change in share ownership that may affect the control of the company;
- ♦ a change in the corporate structure such as a merger, an amalgamation or a reorganization;
- ♦ a take-over bid or issuer bid;
- ♦ a major corporate acquisition, disposition or joint venture;
- ♦ a stock split, consolidation, stock dividend or other change in capital structure;
- ♦ the borrowing of a significant amount of funds;
- ♦ the public or private sale of additional securities;
- ♦ the development of a new product and/or a development affecting the company's resources, technology, products or markets;
- ♦ entering into or loss of a significant contract;
- ♦ firm evidence of a significant increase or decrease in near term earnings prospects;
- ♦ an important change in capital investment plans or corporate objectives;
- ♦ a significant change in management;
- ♦ significant litigation;
- ♦ a major labour dispute or a dispute with a major contractor or supplier;
- ♦ an event of default under a financing or other agreement;

⁵ U.S. case law has interpreted information to be material if "there is a substantial likelihood that a reasonable shareholder would consider it important" in making an investment decision. Also, according to the U.S. case law, information will be considered material if there is a substantial likelihood that a fact "would have been viewed by the reasonable investor as having significantly altered the "total mix" of information available".

- ♦ a declaration or omission of dividends;
- ♦ a call of securities for redemption; and
- ♦ any other development relating to the business and affairs of a company that would reasonably be expected to significantly affect the market price or value of any of the Company's securities or that would reasonably be expected to have a significant influence on an informed investor's investment decisions.

TIMING OF PUBLIC ANNOUNCEMENT

Pursuant to Timely Disclosure Policies and Legislation, CGI is required to disclose material information concerning its business and affairs immediately upon the information becoming known to management or a development being approved by the Board of Directors, or in the case of information previously known, immediately upon it becoming apparent that the information is material⁶. Immediate release of material information is necessary to ensure that it is promptly available to all investors and to reduce the risk that persons with access to that information will act upon undisclosed information. The disclosure of material change must be made by way of a broadly disseminated news release that is followed by a material change report filed with the appropriate CSA members.

The announcement of an intention to proceed with a transaction or activity should be made when a decision has been taken to proceed with it by CGI's board of directors or by senior management with the expectation in that case of such decision being further agreed to by CGI's board of directors. However, as discussed below, a corporate development in CGI's affairs in respect of which no firm decision has yet been made, may require immediate disclosure if leaks or rumours of such corporate development are reflected in the market place.

Disclosure of corporate developments must be managed with care and judgment by company officials as to the timing of an announcement of material information whether late or premature may affect the credibility and reputation of the company and of the securities market.

In limited circumstances, disclosure of material information may be delayed for reasons of corporate confidentiality.

⁶ Where the material information constitutes a material change, such disclosure must be followed by a material change report filed within ten days of the date on which the change occurred with the relevant securities commissions.

DEALING WITH RUMOURS

Except in certain circumstances, CGI is not required to respond to market rumours. It may choose a "no comment" response to market rumours. An effective way of saying "no comment" is to say, "We do not respond to market rumours". To maintain a consistent "no comment" policy, a company should not selectively comment, even if no significant corporate developments are taking place or the company knows of no reason for unusual market activity. For example, it is an inconsistent (and likely ineffective) use of a "no comment" policy if a company were to say, "There are no significant corporate developments at this time," when such is the case, but respond, "no comment" when material developments or transactions are under consideration. Using a "no comment" policy in this fashion may act as a signal to the market and defeats the purpose of the policy.

If, however, the rumour is about a material change in the company's business, operations or capital or other material information that the company has withheld from general disclosure under its confidentiality privilege, the company's obligation to make immediate disclosure of that change or information will be triggered. In the face of a rumour regarding undisclosed material information, it is impossible for a company to continue a request for confidentiality. In addition, CSA members or stock exchanges may request that a company respond to a rumour if it is the source of the rumour or if market activity indicates that trading is being affected by the rumour.

Upon such a request, prompt clarification or denial of the rumour through a news release will be necessary and, if the rumour is correct in whole or in part, immediate disclosure of the relevant material information should be made. Pending dissemination of a response to such a request, the relevant stock exchanges, or less frequently, the CSA member, may decide to halt trading in securities of the company.

Companies are often asked to respond to rumours or inquiries regarding possible differences in earnings from current Street estimates. When a company has provided no guidance on analysts' earnings estimates, except in certain circumstances, the company is under no obligation to respond to such rumours or inquiries. If it is a company's policy not to comment on analysts' earnings estimates, the company should state this policy in response to any such questions it receives.

If earnings rumours are affecting the company's share price, the company may wish to consider issuing a full news release if it believes earnings will be significantly different than Street expectations, or if it believes the rumours to be false and wants to counter them.

MAINTAINING CONFIDENTIALITY

Pursuant to Timely Disclosure Policies, the withholding of material information may only be justified where the potential harm to CGI or to its

investors caused by immediate disclosure may reasonably be considered to exceed the negative consequences of delaying disclosure. Pursuant to the Legislation, CGI will not be required to prepare a press release if senior management has reasonable ground to believe that disclosure would be seriously prejudicial to the interests of CGI and that no transaction in CGI Securities has been or will be carried out on the basis of the information not generally known⁷. In any case, confidentiality may not be maintained beyond the short term. Furthermore, in any situation where material information is being kept confidential because disclosure would be unduly detrimental to CGI's best interests, CGI's management is responsible for taking every possible precaution to ensure that no trading whatsoever takes place by any insider or any employee of CGI in possession of such information before it is generally disclosed to the public.

If the information that CGI wants to keep confidential is a "material change" in its business, operations or capital, CGI must file a report of that change with the appropriate CSA members on a confidential basis, together with an explanation of the reasons for the non-disclosure. To maintain the confidentiality of the filing, CGI must renew its confidential filing every 10 days in certain jurisdictions.

The Timely Disclosure Policy of the TSX enumerates as follows situations where prompt disclosure might be unduly detrimental to CGI's interests:

- ♦ release of the information would prejudice CGI's ability to pursue specific and limited objectives or complete a transaction or series of transactions that are underway. For instance, premature disclosure of the fact that CGI intends to purchase a significant asset may increase the cost of the acquisition;
- ♦ disclosure of the information would provide competitors with confidential corporate information that would significantly benefit them. Such information may be kept confidential if CGI is of the opinion that the detriment to it resulting from disclosure would exceed the detriment to the market in not having access to the information. A decision to release a new product, or details on the features of a new product, may be withheld for competitive reasons, but such information should not be withheld if it is available to competitors from other sources;

⁷ However, in such circumstances CGI is nonetheless required to file a "confidential" material change report indicating the reasons why disclosure is being delayed must be provided in writing. If CGI wishes to keep the material information confidential, it must renew the confidential filing every 10 days following such filing.

- ♦ disclosure of information concerning the status of ongoing negotiations would prejudice the successful completion of these negotiations. It is unnecessary to make a series of announcements concerning the status of negotiations with another party concerning a particular transaction. If it seems that the situation is going to stabilize within a short period, public disclosure may be delayed until a definitive announcement can be made. Disclosure should be made once "concrete information" is available, such as a final decision to proceed with the transaction or, at a later point in time, finalization of the terms of the transaction.

Again, when the disclosure of material information is to be delayed, complete confidentiality must be maintained. In the event that such information has leaked or appears to be impacting the market, CGI must then take immediate steps to ensure that full disclosure to the public is made and contact the Exchanges immediately and ask that trading be halted pending the issuance of a news release.

PROHIBITIONS AGAINST SELECTIVE DISCLOSURE

The Legislation prohibits CGI or any person or company in a special relationship⁸ with CGI from informing anyone, other than in the necessary course of business, of a material information before it has been generally disclosed. This prohibition is commonly known as "tipping". Tipping is prohibited in order to ensure equal access to, and opportunity to act upon, material information.

The tipping prohibition is very broad. It covers disclosure made by any person in a special relationship with CGI to anyone (other than in the "necessary course of business" as discussed below) and is not limited to communications made to securities market professionals, analysts and institutional investors⁹.

The tipping provisions however permit an issuer to make a selective disclosure in the necessary course of business. This exception exists so as not to interfere with a company's everyday business. However, whether a particular disclosure has been made in the necessary course of business is dependent on the facts of each case. The CSA set out a list of parties that the necessary course of business exception would generally permit communication to, including:

- ♦ vendors, suppliers, or strategic partners on issues such as research and development, sales and marketing and supply contracts;
- ♦ employees, officers and board members;
- ♦ lenders, legal counsel, auditors, financial advisors and underwriters;

⁸ Persons in a special relationship with CGI, include, but are not limited to: (a) insiders of CGI; (b) directors, officers and employees of CGI; (c) persons engaging in professional or business activities for or on behalf of CGI; and (d) anyone who learns of material information from someone that is known or should be known to be in a special relationship with CGI.

⁹ The CSA point out that although selective disclosure most often occurs in one-on-one discussions and private meetings, it can occur in a variety of situations including annual meetings.

- ♦ parties to negotiations;
- ♦ labour unions and industry associations; and
- ♦ government agencies and non-governmental regulators; and
- ♦ credit rating agencies (provided that the information is disclosed for the purpose of assisting the agency to formulate a credit rating and the ratings are or will be publicly available).

The CSA advise however that the necessary course of business exception would not generally allow selective disclosure to analysts, the media or institutional investors.

In relying on the necessary course of business exception when disclosing material information, CGI must ensure that those receiving the information are aware that they cannot disclose the information to any other party, other than in the necessary course of business, or trade on the information, until it has been generally disclosed.

The selective disclosure prohibition continues until material information has been "generally disclosed"¹⁰.

The CSA encourage issuers to satisfy the general disclosure requirement under the tipping provisions by using one or a combination of news releases through a widely circulated service, press conferences and conference calls where the public is given appropriate notice by news release and may attend or listen. Although issuers are encouraged to file news releases on SEDAR and post information on their website, the CSA point out that currently neither of these methods alone will constitute general disclosure.

If CGI makes an unintentional selective disclosure, it must take immediate steps to ensure that a full public announcement is made. The CSA suggest that, pending issuance of a news release, a company which has made an unintentional selective disclosure shall request a halt trading of its securities and advise anyone with knowledge of the information that it is material and has not been generally disclosed.

Although the Legislation does not provide for a safe harbour for unintentional selective disclosure¹¹, the CSA will look at all of the surrounding circumstances in a selective disclosure enforcement proceeding. Factors that will be considered include:

- ♦ whether and to what extent an issuer has implemented, maintained and followed reasonable selective disclosure policies and procedures ;

¹⁰ The Legislation does not define the term "generally disclosed". Insider trading jurisprudence however states that information has been generally disclosed when it has been disseminated in a manner calculated to effectively reach the market place and public investors have been given a reasonable amount of time to analyze the information. What constitutes a "reasonable amount of time" will depend on a number of factors including the circumstances in which the event arises, the particulars of the information, the nature of the market for the issuer's securities and the disclosure method used.

¹¹ Unlike Regulation FD which will be discussed below.

- ♦ whether any selective disclosure was intentional; and
- ♦ what steps were taken to disseminate information that had been unintentionally disclosed, including how quickly the information was disclosed.

ANNOUNCEMENT AND ISSUANCE OF A PRESS RELEASE

As discussed above, the Timely Disclosure Policies, as well as the Legislation, require that when a material change in CGI's affairs occurs that is likely to have a significant influence on the value or the market price of CGI Securities, and is not generally known, CGI shall immediately prepare and distribute a press release disclosing the substance of the change. The press release should be factual and balanced and avoid unnecessary details, exaggerated reports or promotional commentary. When a press release is to be issued during the trading hours, it is essential that CGI officials notify the Market Surveillance Division of the TSX (which will normally coordinate with the NYSE) prior to the issuance of such press release, in order to permit the Market Surveillance Staff to determine whether trading in any of CGI Securities should be temporarily halted. Normally, a trading halt in a security will only be justified if the announcement of the material information is imminent.

The NYSE Company Manual requires that when an announcement of news of a material event or a statement dealing with a rumour which calls for immediate release is made shortly before the opening or during the market hours, the company's NYSE representative be notified by telephone at least ten minutes prior to the release of the announcement to the news media. To ensure adequate coverage, the news release requiring immediate publicity should be given to Dow Jones & Company, Inc., Reuters Economic Services and Bloomberg Business News.

CGI is also required to release material information to the media by the quickest possible method and by one which provides the widest possible dissemination. Because dissemination of news is essential to ensure that all investors trade on equal information, the responsibility of ensuring appropriate dissemination of news releases belongs to CGI.

DISSEMINATION OF MATERIAL INFORMATION THROUGH WEBSITES

The dissemination of information through a website¹² is also subject to the Legislation and Timely Disclosure Policies and the information to be issued through electronic communications must be guided by the same rules as the information disseminated by traditional forms, such as a press release. Consequently, electronic information cannot be misleading to investors (by being incomplete, out of date or by omitting facts) nor of a promotional nature and cannot be used to disseminate material information not yet disclosed to the general public. CGI must regularly review, update or correct, if need be, the information posted on the website. CGI should date all material information posted on its website and should disclaim any duty to update.

¹² The dissemination of information through a website is governed by the TSX Electronic Communications Disclosure Guidelines (which may be found on the TSX website).

In addition, CGI should either delete outdated information or move it to an archive. If CGI updates or corrects material information on its website, it should take steps to ensure that it properly disseminates that information to the public on a timely basis. No material information is to be disseminated through electronic communications prior to being disseminated on a news wire service.

REGULATION FD

The Securities and Exchange Commission's Regulation FD (Fair Disclosure)¹³ requires that reporting companies disclose material information through broad public means and not selectively to securities analysts and other market professionals. However, it is to be noted that Regulation FD does not impose an obligation to disclose material non-public information but rather mandates that if such information is disclosed voluntarily, it must be done on a broad non-exclusive basis. Essentially, if an issuer, or any person acting on its behalf discloses material non-public information to specified persons, Regulation FD requires that the issuer must simultaneously (for intentional disclosures) or promptly (for non-intentional disclosures) make public disclosure of that information.

Since CGI is considered under U.S. securities laws to be a foreign private issuer, Regulation FD will not technically apply to it. It is however important to note that Regulation FD is, to some extent, simply a codification of the U.S. Securities and Exchange Commission's (the "SEC") previous position and that selective disclosure of material non-public information about CGI could, in certain circumstances, even if not technically in violation of Regulation FD, expose the person making the disclosure to liability under the SEC's anti-fraud rules under the Exchange Act¹⁴.

II. CGI CORPORATE DISCLOSURE POLICY

CGI's management believes that the implementation and maintenance of a written corporate disclosure policy will promote consistent, appropriate, timely and broadly disseminated disclosure of its material information and reinforce compliance with the Legislation and the Timely Disclosure Policies.

This disclosure policy confirms in writing our existing disclosure policies and practices. Its goal is to raise awareness of the Company's approach to disclosure among the board of directors, senior management and employees.

¹³ Which became effective on October 23, 2000.

¹⁴ The Securities Act of 1934, as amended.

This disclosure policy extends to all employees of the Company, its board of directors, those authorized to speak on its behalf and all other insiders. It covers disclosures in documents filed with the securities regulators, financial disclosure, including management's discussion and analysis (MD&A) and written statements made in the Company's annual and quarterly reports, news releases, letters to shareholders, presentations by senior management and information contained on the Company's Web site and other electronic communications. It extends to oral statements made in meetings and telephone conversations with analysts and investors, interviews with the media as well as speeches, press conferences and conference calls.

DISCLOSURE POLICY COMMITTEE

The board of directors has established a disclosure policy committee (the "Committee") responsible for all regulatory disclosure requirements and overseeing the Company's disclosure practices. The Committee consists of the Executive Chairman of the Board, Chief Executive Officer, the Corporate Secretary, the Chief Financial Officer and the Executive Vice-President and Chief Legal Officer.

It is essential that the Committee be kept fully apprised of all pending material Company developments in order to evaluate and discuss those events and to determine the appropriateness and timing for public release of information. If it is deemed that material information should remain confidential, the Committee will determine how that inside information will be controlled.

The Committee will identify appropriate industry and Company benchmarks for a preliminary assessment of materiality. Guided by these benchmarks the Committee will use experience and judgement to determine the appropriateness and timing for public release of material information. The Committee will review all core disclosure documents prior to their release or filing, including the Company's MD&A. The Committee will meet quarterly or as conditions dictate and the Vice-President, Corporate Communications & Investor Relations will keep records of these meetings.

The Committee will review and update, if necessary, this disclosure policy annually or as needed to ensure compliance with changing regulatory requirements. The Committee will report to the board of directors quarterly. The Committee is also responsible for ensuring that Company spokespersons receive adequate training.

NEWS RELEASES

Once the Committee determines that a development is material, it will authorize the issuance of a news release unless the Committee determines that such developments must remain confidential for the time being. If developments are to remain confidential, appropriate confidential filings must be made and control of the inside information must be instituted. Should a material statement inadvertently be made in a selective forum, the Company will immediately issue a news release to

fully disclose that information.

If the stock exchanges upon which shares of the Company are listed are open for trading at the time of a proposed announcement, prior notice of a news release announcing material information must be provided to the exchanges' market surveillance departments to enable a trading halt, if deemed necessary by the stock exchanges. If a news release announcing material information is issued outside of trading hours, market surveillance must be notified before the market opens.

Annual and interim financial results will be publicly released immediately following audit committee or board approval of the MD&A, financial statements and notes.

The Vice-President, Corporate Communications & Investor Relations must ensure that the material information disclosed in the press release is factual, balanced and complete and avoid including unnecessary details, exaggerated reports or promotional commentaries. The disclosure must allow a reasonable and objective valuation of the information (i.e. nature of the agreement, length, costs and revenues involved, etc.) and comments on future events concerning the affairs of CGI should be limited to the strict minimum.

News releases will be disseminated through an approved news wire service that provides simultaneous national and/or international distribution. News releases will be transmitted to all stock exchange members, relevant regulatory bodies, major business wires, national financial media, and the local media in areas where the Company has its headquarters and operations. As a general rule, procedure for dissemination of material information shall be applied consistently.

DISSEMINATION OF THE MATERIAL INFORMATION

Once the information has been qualified as material, the responsibility of its immediate disclosure by the issuance of a press release belongs to the Vice-President, Corporate Communications & Investor Relations.

A pre-notice of such press release must be sent to the TSX and NYSE before its issuance in order to allow the Market Surveillance Staff to determine whether it is necessary to temporarily halt trading in CGI Securities pending the announcement.

The press release shall be distributed through a widely circulated news or wire service. Refer to heading below "Investor Conference Calls", if an investor conference call is scheduled in connection with the information announced in the press release.

News releases will be posted on the Company's Web site immediately after release over the news wire. The news release page of the Web site will include a notice that advises the reader that the information posted

was accurate at the time of posting, but may be superseded by subsequent news releases.

PRINCIPLES OF DISCLOSURE OF MATERIAL INFORMATION

Material information is any information relating to the business and affairs of the Company that results in, or would reasonably be expected to result in, a significant change in the market price or value of the Company's securities or that would reasonably be expected to have a significant influence on a reasonable investor's investment decisions. In complying with the requirement to immediately disclose all material information under applicable laws and stock exchange rules, the Company will adhere to the following basic disclosure principles:

- ♦ Material information will be publicly disclosed immediately via news release.
- ♦ In certain circumstances, the Committee may determine that such disclosure would be unduly detrimental to the Company (for example if release of the information would prejudice negotiations in a corporate transaction), in which case the information will be kept confidential until the Committee determines it is appropriate to publicly disclose. In these circumstances, the Committee will cause a confidential material change report to be filed with the applicable securities regulators, and will periodically (at least every 10 days) review its decision to keep the information confidential (also see 'Dealing with Rumours').
- ♦ Disclosure must include any information the omission of which would make the rest of the disclosure misleading (half truths are misleading).
- ♦ Unfavourable material information must be disclosed as promptly and completely as favourable information.
- ♦ There must be no selective disclosure. Previously undisclosed material information must not be disclosed to selected individuals (for example, in an interview with an analyst or in a telephone conversation with an investor). If previously undisclosed material information has been inadvertently disclosed to an analyst or any other person not bound by an express confidentiality obligation, this information must be broadly disclosed immediately via news release.
- ♦ Disclosure on the Company's Web site alone does not constitute adequate disclosure of material information.
- ♦ Disclosure must be corrected immediately if the Company subsequently learns that earlier disclosure contained a material error at the time it was given.

DESIGNATED SPOKESPERSONS

The Company designates a limited number of spokespersons with authority for communication with the investment community, regulators or the media. The Chief Executive Officer, Chief Financial Officer and Vice-President, Corporate Communications & Investor Relations shall be the official spokespersons for the Company. Individuals holding these offices may, from time to time, designate others within the Company with authority to speak on behalf of the Company as back-ups or to respond to specific inquiries.

Employees who are not authorized spokespersons must not respond under any circumstances to inquiries from the investment community, the media or others, unless specifically asked to do so by an authorized spokesperson. All such inquiries are to be referred to the Vice-President, Corporate Communications & Investor Relations.

All external information requests from the investment community regarding CGI will be initially directed to the Vice-President, Corporate Communications & Investor Relations, who is responsible for communications with the investment community and securities analysts. However, in certain circumstances such requests shall be directed to the Executive Chairman of the Board, the Corporate Secretary, the Chief Financial Officer or the Senior Vice-President, Finance and Treasury (collectively, the "Authorized Spokespersons").

All employees who are not Authorized Spokespersons must refer calls to the Authorized Spokespersons or to the Vice-President, Corporate Communications & Investor Relations or to the media relations managers, depending on the particular call.

It is very important that any comment made by the Authorized Spokespersons reflects only material information already generally disclosed. To that effect, all relevant public information regarding CGI (news releases, financial analyst reports, notes following communication with analysts, etc.) will be kept in a specific file in order to ensure complete compilation of the public information and to assist the Vice-President, Corporate Communications & Investor Relations in his or her functions.

Information relating to CGI in the market place and reactions by the market place to such information shall be closely monitored by the Vice-President, Corporate Communications & Investor Relations to ensure a prompt reaction to non-intentional selective disclosures. All employees shall report any such disclosure to the Vice-President, Corporate Communications & Investor Relations.

CONFIDENTIALITY OF THE INFORMATION

The Disclosure Policies and the Legislation allow material information to be kept confidential when immediate disclosure of such information would

be unduly detrimental to CGI (to that effect, refer to heading "Maintaining Confidentiality" of Section I above).

In order to ensure the confidential nature of the information, CGI establishes the following rules:

- a) the number of CGI employees with access to confidential information must be limited, to the extent possible;
- b) appropriate measures are to be taken in order to avoid unauthorized access to the confidential documents through technology or otherwise;

Moreover, any CGI employee in possession of material information will not disclose the information to anyone (including financial analysts and institutional investors) except in the necessary course of business (as discussed above) and when disclosed in such manner, all parties involved will be reminded that such information is to be kept confidential.

During the period when the material information is being kept confidential, the Vice-President, Corporate Communications & Investor Relations will carefully monitor the market activity in CGI Securities. In some cases, he or she may request the market surveillance department of one or both stock exchanges where it is listed to place the company's securities on 'stock watch' to monitor trading activity.

If the confidential material information, or rumours about it, has leaked or appears to be impacting the market, the Vice-President, Corporate Communications & Investor Relations, on the direction of the Disclosure Policy Committee will have to take immediate steps to ensure that a full public announcement is made. This includes contacting the Exchanges and asking that trading be halted pending the issuance of a news release. Furthermore, pending the public release of the material information, those who have knowledge of the information shall be told that the information is material and that it has not been generally disclosed.

DEALING WITH RUMOURS

The Company does not comment, affirmatively or negatively, on rumours. This also applies to rumours on the Internet. The Company's spokespersons will respond consistently to any rumours, saying, "It is our policy not to comment on market rumours or speculation."

Should the stock exchange request that the Company make a definitive statement in response to a market rumour that is causing significant volatility in the stock, the Committee will consider the matter and decide whether to make a policy exception. If the rumour is true in whole or in part, this may be evidence of a leak, and the Company then will immediately issue a news release disclosing the relevant material information.

TRADING RESTRICTIONS, BLACKOUT PERIODS AND PRE CLEARING OF TRADES

It is illegal for anyone with knowledge of material information affecting a public company that has not been publicly disclosed to purchase or sell securities of that company. It is also illegal for anyone to inform any other person of material non-public information, except in the necessary course of business. Therefore, insiders and employees with knowledge of confidential or material information about the Company or information about counter-parties in negotiations of transactions that are potentially material to the Company or to such counterparty, are prohibited from trading securities of the Company or any counter-party until the information has been fully disclosed and a reasonable period has passed for the information to be widely disseminated.

Insiders are personally responsible for filing accurate and timely insider trading reports. Insiders are required to provide a copy of all insider reports to the Corporate Secretary or other designated person concurrent with their filing to regulatory authorities. For trading blackouts for designated employees in possession of privileged information, please refer to Section III below "Restrictions Applicable to Transactions in Securities by Insiders".

Quarterly trading periods, blackout periods and the requirement to pre clear trades with the Corporate Secretary apply to certain insiders and to CGI employees who normally have access to Privileged Information regarding CGI. These restrictions are set out in the *CGI Policy on Insider Trading Restrictions and Blackout Periods*.

Blackout periods may also be prescribed from time to time by the Disclosure Policy Committee as a result of special circumstances relating to the Company when certain insiders and CGI employees who have access to Privileged Information regarding CGI would be precluded from trading in its securities. All parties with knowledge of such special circumstances should be covered by the blackout. These parties may include external advisors such as legal counsel, investment bankers, investor relations consultants and other professional advisors, and counter-parties in negotiations of material potential transactions.

CONTACTS WITH ANALYSTS, INVESTORS AND THE MEDIA

Disclosure in individual or group meetings does not constitute adequate disclosure of information that is considered material non-public information. If the Company intends to announce material information at an analyst or shareholder meeting or a press conference or conference call, the announcement must be preceded by a news release.

The Company recognizes that meetings with analysts and significant investors are an important element of its investor relations program. The Company will meet with analysts and investors individually or in small groups as needed and will initiate contacts or respond to analyst and

investor calls in a timely, consistent and accurate fashion in accordance with this disclosure policy. All analysts will receive fair treatment regardless of whether they are recommending buying or selling the Company's securities.

The Company will provide only non-material information through individual and group meetings, in addition to publicly disclosed information, recognizing that an analyst or investor may construct this information into a mosaic that could result in material information. The Company cannot alter the materiality of information by breaking down the information into smaller, non-material components.

CGI representatives meeting privately with financial analysts and investors will carry out research on the people they are meeting in order to prepare for their expected line of questioning. Statements and responses to anticipated questions will be discussed with the Vice-President, Corporate Communications & Investor Relations prior to the meeting. The Vice-President, Corporate Communications & Investor Relations will be present at each private meeting to ensure consistency of corporate answers and to determine whether any unintentional selective disclosure occurred during the meeting.

The Company will provide the same sort of detailed, non-material information to individual investors or reporters that it has provided to analysts and institutional investors and may post this information on its Web site.

Spokespersons will keep notes of telephone conversations with analysts and investors and where practicable more than one Company representative will be present at all individual and group meetings. A debriefing will be held after these meetings and if it determines that selective disclosure of previously undisclosed material information has occurred, the Company will immediately disclose the information broadly via news release.

INVESTOR CONFERENCE CALLS

The following steps shall be followed when holding investor conference calls to disclose material information:

- i) a press release containing the material information shall have been previously released through a widely circulated news or wire service. Such press release shall contain the date and time of the call, the subject matter and the means for accessing it;
- ii) CGI representatives participating in the analyst conference call will meet before the call to prepare for anticipated questions. Statements and responses to anticipated questions will be discussed and scripted in advance and reviewed by the Company's executive management.

- iii) the conference call shall be held in an open manner, permitting investors to listen either by telephone or through Internet Webcasting;
- iv) a dial-in replay will be provided for a period of at least one week after the investor conference call and a web replay will be provided for a period of at least 90 days after the call.
- v) a detailed transcript of the conference call will be kept and reviewed to determine whether any unintentional selective disclosure occurred during the conference call. If so, immediate steps to ensure full public announcement shall be made including contacting the Exchanges and asking that trading be halted pending the issuance of a news release.

REVIEWING ANALYST REPORTS AND FINANCIAL MODELS

Upon request, the Company may review analysts' draft research reports or financial models for factual accuracy based on publicly disclosed information. The Company will not confirm, or attempt to influence, an analyst's opinions or conclusions and will not express comfort with the analyst's financial model and earnings estimates.

To avoid appearing to endorse an analyst's report or model, the Company will provide its comments orally or will attach a disclaimer to written comments to indicate the report was reviewed only for factual accuracy.

QUIET PERIODS

To avoid the potential for selective disclosure or even the perception or appearance of selective disclosure, the Company will observe quiet periods prior to quarterly earnings announcements or when material changes are pending. Regular quiet periods will commence two days before the end of a quarter and end on the date of a news release disclosing results for the quarter just ended.

During a quiet period, the Company will not initiate any meetings or telephone contacts with analysts and investors, but will respond to unsolicited inquiries concerning factual matters. However, the Company may accept invitations to participate in investment meetings and conferences organized by others, as long as material, non-public information is not selectively disclosed.

FORWARD-LOOKING INFORMATION

When CGI elects to disclose forward-looking information in continuous disclosure documents, speeches, conference calls, etc., the following guidelines will be observed.

- ♦ All material forward-looking information will be broadly disseminated via news release and included in the Company's annual and quarterly

MD&A. The Committee will assess whether an update is required on a quarterly basis or as circumstances warrant.

- ♦ The information will be clearly identified as forward looking.
- ♦ The Company will identify all material assumptions used in the preparation of the forward-looking information.
- ♦ The information will be accompanied by a statement that identifies, in specific terms, the risks and uncertainties that may cause the actual results to differ materially from those projected in the statement.
- ♦ The information may be accompanied by supplementary information such as a range of reasonably possible outcomes or a sensitivity analysis to indicate the extent to which different business conditions may affect the actual outcome.
- ♦ The information will be accompanied by a statement that the information is as of the current date and subject to change after that date and the Company disclaims any intention to update or revise the forward-looking information, whether as a result of new information, future events or otherwise.
- ♦ Once forward looking information has been disclosed, CGI will regularly assess whether an update is required and ensure that past disclosure of forward-looking information is accurately reflected in current MD&A.
- ♦ Forward-looking statements shall be updated, if necessary, by issuing a press release and filing a material change report.

DISCLOSURE RECORD

The Vice-President, Corporate Communications & Investor Relations will maintain a five-year record of all public information about the Company, including continuous disclosure documents, news releases, analysts' reports, transcripts or tape recordings of conference calls, debriefing notes, notes from meetings and telephone conversations with analysts and investors, and newspaper articles.

ELECTRONIC COMMUNICATIONS

Employees must not use electronic communications to leak or discuss in any way undisclosed material information regarding CGI's affairs and business.

- a) Officers responsible for monitoring CGI's electronic communications:
 - i) The Vice-President, Corporate Communications & Investor Relations, under the authority of the Disclosure Policy Committee, and

- ii) Such officers will be responsible for monitoring CGI's electronic communications and enforcing compliance with CGI's guidelines. Moreover, in order to ensure the integrity and security of CGI's electronic communications, regular review and update of its security systems will be executed. The Vice-President, Corporate Communications & Investor Relations will maintain a log indicating the date that material information is posted and/or removed from the IR section of the Web site. Documents filed with securities regulators will be maintained on the web site for a minimum of two years.
- b) CGI's website:
- i) The Vice-President, Corporate Communications & Investor Relations, under the authority of the Disclosure Policy Committee shall be responsible for maintaining CGI's website up-to-date and accurate. All material information shall be dated when posted or modified and outdated information shall be archived, and
 - ii) All CGI corporate "timely disclosure" documents as well as any other public documents filed with the Exchanges and the Canadian securities commissions or required to be posted on the website shall be posted in their entirety on CGI's website. Such documents include:
 - ♦ the annual and interim financial statements and related auditors report and MD&A;
 - ♦ the annual report;
 - ♦ interim shareholder reports;
 - ♦ the annual information form;
 - ♦ press releases (whether or not favourable);
 - ♦ management proxy circulars;
 - ♦ CEO and CFO financial statements certifications;
 - ♦ Corporate governance Guidelines;
 - ♦ Board and Board Committee Charters;
 - ♦ Code of Business Conduct and Ethics;
 - ♦ Insider trading reports; and
 - ♦ any other communications transmitted to shareholders.

No material information shall be posted on CGI's website before it has been widely disseminated.

The Vice-President, Corporate Communications & Investor Relations must approve all links from the Company Web site to a third party web site. The Web site will include a notice that advises readers they are leaving the Company's Web site and that the Company is not responsible for the contents of the other site.

The Vice-President, Corporate Communications & Investor Relations will be responsible for the responses to electronic inquiries. Only public information or information that could otherwise be disclosed in accordance with this disclosure policy shall be used to respond to electronic inquiries.

c) Rumours on the Internet:

Rumours about CGI on the Internet through chat-rooms, web logs, news groups or otherwise shall be handled similarly to rumours spread in a traditional way (refer to heading "Dealing with Rumours" of Section I).

d) Supplemental information:

It is understood that any non material information disseminated to third parties (including private investors, financial analysts, institutional investors) should also be available to all investors. Consequently, such information will be posted on CGI's website unless the volume or format makes it unduly complicated. In such case, CGI will provide a contact name on its website so that investors may have access to such information, if requested. The supplemental information includes data books, fact sheets, slides of investor presentations and other materials distributed at analyst or industry presentations.

e) Investor Relations contact information:

CGI will maintain an e-mail link on its website allowing investors to communicate directly with CGI's Investor Relations representatives. Such representatives shall ensure that any risk of selective disclosure is avoided when responding to investor e-mails. When possible, they will respond to investor enquiries by telephone.

CGI will maintain a phone number for the media, to assist them in receiving responses to questions in a timely manner in order to meet their print deadlines.

f) Utilization and exclusion of certain information:

i) Employee use of electronic information:

- ♦ CGI employees are hereby reminded that all correspondence received and sent via e-mail is to be considered corporate correspondence and therefore must not transmit confidential information externally unless protected by appropriate encryption technology;
- ♦ CGI employees are prohibited from participating in, hosting or linking to any Internet chat-rooms, bulletin boards, web logs or news groups in communications involving CGI or its securities

(even if the intention of CGI employees is to correct rumours or defend CGI);

- ♦ CGI employees are encouraged to report to the Vice-President, Corporate Communications & Investor Relations any discussion pertaining to CGI which they find on the Internet.

ii) Analyst reports and third party information:

Analyst reports are proprietary products of the analyst's firm. Distributing analyst reports or providing links to them may be viewed as an endorsement by the Company of the reports. For these reasons, the Company will not provide analyst reports through any means to persons outside of the Company or generally to employees of the Company, including posting such information on its Web site. The Company will post on its Web site a complete list, regardless of the recommendation, of all the investment firms and analysts who provide research coverage on the Company. This list will not include links to the analysts' or any other third party Web sites or publications.

Notwithstanding the foregoing, the Company will distribute analyst reports to its directors and senior officers to assist them in understanding how the marketplace values the company and what corporate developments analysts typically consider important. This information is useful in monitoring the communications of the company, and in developing messages to better guide investor expectations.

g) Legal disclaimer:

A legal disclaimer regarding the accuracy, timeliness and completeness of the information posted on the website must be included on CGI's website at all times.

COMMUNICATION, EDUCATION AND ENFORCEMENT

This disclosure policy extends to all employees of the Company, its board of directors and authorized spokespersons. New directors, officers and employees will be provided with a copy of this disclosure policy and educated about its importance. This disclosure policy will be posted on the Company's internal Web site and changes will be communicated to all employees.

Any employee who violates this disclosure policy may face disciplinary action up to and including termination of employment with the Company without notice. The violation of this disclosure policy may also violate certain securities laws, which could expose directors, officers or employees to personal liability. If it appears that an employee may have violated such securities laws, the Company may refer the matter to the

appropriate regulatory authorities, which could lead to fines or other penalties.

III. RESTRICTIONS APPLICABLE TO TRANSACTIONS IN SECURITIES BY INSIDERS

The acquisition or the sale of CGI securities (the "CGI Securities") by its senior executives (which means under Canadian securities legislation (the "Legislation")), a person exercising the functions of a director or of a president, vice-president, secretary, treasurer, controller or similar functions) entails under the terms of the Legislation, civil, penal and criminal liability if they carry out these operations while they have at their disposal information which has not been disclosed to the public and which information may be susceptible of affecting the decision of a reasonable investor, as well as any information that may affect the value or market price of CGI Securities. All insiders of CGI are subject to the Legislation. These insiders include CGI, its senior executives and the senior executives of its subsidiaries as well as any person or company who exercises control over 10% or more of outstanding CGI Securities.

The Legislation also provides for civil, penal and criminal liability for any person who trades in the securities of any public company if they carry out these operations while they have at their disposal information which they have reason to believe has not been disclosed to the public and that may be susceptible of affecting the decision of a reasonable investor, as well as any information that may affect the value or market price of such securities.

Any such information, whether it relates to CGI or to any other public company, is hereafter referred to as "Privileged Information".

The underlying principle of the Legislation in respect to insider restrictions is that all persons investing in securities should have access to information that may affect their investment decisions. Consequently, no insider having Privileged Information relating to CGI Securities may trade in such securities, except if such insider is justified in believing that the information is generally known or known to the other party or, as the case may be, he avails himself of an automatic subscription plan or any other automatic plan established by CGI, according to conditions set down in writing, before he learned of the information. Furthermore, no insider may disclose such Privileged Information unless he is justified in believing that the information is generally known or known to the other party or such insider must disclose the information in the necessary course of business, having no ground to believe it will be used or disclosed contrary to the guidelines set out herein.

The Legislation extends the prohibition in engaging in transactions with CGI Securities at the time when a person possesses Privileged Information to:

- (i) any person who possesses Privileged Information as a result of any relationship he may have with CGI in the performance of his duties, or within the scope of commercial or professional activities
- (ii) any person who possesses Privileged Information coming from, to his knowledge, an insider or another person targeted by this prohibition and
- (iii) any person who possesses Privileged Information which he knows to be such, with respect to CGI.

TRANSACTIONS BY SENIOR EXECUTIVES OF CGI

CGI believes that it is important to establish rules of conduct in order to ensure the respect of all Legislation pertaining to senior executives' transactions in CGI Securities as well as in the securities of other public companies. These rules of conduct are the following, their application being cumulative and not exclusive:

- a) Directors, senior executives, insiders and CGI employees who have access to Privileged Information regarding CGI or any other public Company may not carry out any transaction with CGI Securities when in possession of Privileged Information.
- b) Subject to the restrictions provided for in the Legislation, these persons must pre clear their trades with the Corporate Secretary and may only trade in CGI Securities within the periods permitted under the *CGI Policy on Insider Trading and Blackout Periods*.
- c) The directors may not carry out any transaction with CGI Securities from the date of receipt of any notice concerning a meeting of the Board of Directors, or of any other notice, whether or not this notice discloses any Privileged Information.
- d) Directors and senior executives shall avoid frequent transactions in the market in order to avoid the appearance of speculation.
- e) Directors and senior executives shall not engage in short selling in respect of CGI Securities and shall not sell a call or buy a put in respect of CGI Securities.

The foregoing rules exist in order to help the directors and senior executives of CGI satisfy themselves and all third parties, that they only carry out transactions in CGI Securities at times when it is reasonable for them to believe that all Privileged Information regarding CGI has been publicly disclosed.

DISCLOSURE OF PRIVILEGED INFORMATION

As mentioned above, the Legislation prohibits the disclosure of Privileged Information. This prohibition extends to the same persons who are not

permitted to carry out transactions when in possession of Privileged Information.

CGI believes it is important to establish the following additional rules of conduct concerning the disclosure of Privileged Information:

- g) Material information regarding the activities and affairs of CGI will be disclosed in a timely manner, in accordance with the requirements of the timely disclosure policies of the TSX and the NYSE and applicable securities legislation (as discussed in Section I).
- h) It is forbidden for management, insiders and employees of CGI to convey to any person whatsoever, any and all material information related to the activities and affairs of CGI before CGI's shareholders and the general public have been notified (by way of media or other means), except in the necessary course of business and subject to an obligation of confidentiality.

INSIDER REPORTS

Any person who becomes an insider of CGI shall file an electronic profile in the System for Electronic Disclosure by Insiders ("SEDI") www.sedi.ca.

In addition, CGI insiders are required to declare any modifications or changes (whatever the percentage) to their holdings in CGI Securities within 5 days of such a change, except in certain limited exceptions. In this regard, an insider report must be completed and filed in SEDI. The insider of CGI who registers or causes to be registered any CGI Securities in the name of a third person shall file an insider report, except in the case of a bona fide transfer in guarantee. In such case and where the insider fails to file the report provided for by the Legislation, the third person shall file the report himself on becoming aware of the failure.

The obligation to complete insider reports shall continue for as long as the person qualifies as an insider.

An insider is required to file an amended insider profile within ten days of a change in the insider's name or relationship to CGI. If there is a change in any other information in the insider profile, an amended insider profile is only required at the time of the insider's next SEDI filing.

As a matter of law, the responsibility for filing and updating an electronic profile and for filing insider reports in SEDI lies solely with the insider. However, CGI's secretariat staff will send three days prior to the end of each month to each insider of the Company a reminder to complete an insider report, if necessary. It is recommended that each insider inform the Company's Corporate Secretary prior to completion of any transaction on CGI Securities.

Appendix

APPENDIX A

Definition of Independence in effect as of June 30, 2005 under CSA Multilateral Instrument 52-110

1.4 Meaning of independence

- (1) An audit committee member is independent if he or she has no direct or indirect material relationship with the issuer.
- (2) For the purposes of subsection (1), a "material relationship" is a relationship which could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgement.
- (3) Despite subsection (2), the following individuals are considered to have a material relationship with an issuer:
 - (a) an individual who is, or has been within the last three years, an employee or executive officer of the issuer;
 - (b) an individual whose immediate family member is, or has been within the last three years, an executive officer of the issuer;
 - (c) an individual who:
 - (i) is a partner of a firm that is the issuer's internal or external auditor,
 - (ii) is an employee of that firm, or
 - (iii) was within the last three years a partner or employee of that firm and personally worked on the issuer's audit within that time;
 - (d) an individual whose spouse, minor child or stepchild, or child or stepchild who shares a home with the individual:
 - (i) is a partner of a firm that is the issuer's internal or external auditor,
 - (ii) is an employee of that firm and participates in its audit, assurance or tax compliance (but not tax planning) practice, or
 - (iii) was within the last three years a partner or employee of that firm and personally worked on the issuer's audit within that time;

- (e) an individual who, or whose immediate family member, is or has been within the last three years, an executive officer of an entity if any of the issuer's current executive officers serves or served at that same time on the entity's compensation committee; and
 - (f) an individual who received, or whose immediate family member who is employed as an executive officer of the issuer received, more than \$75,000 in direct compensation from the issuer during any 12 month period within the last three years.
- (4) Despite subsection (3), an individual will not be considered to have a material relationship with the issuer solely because
 - (a) he or she had a relationship identified in subsection (3) if that relationship ended before March 30, 2004; or
 - (b) he or she had a relationship identified in subsection (3) by virtue of subsection (8) if that relationship ended before June 30, 2005.
- (5) For the purposes of clauses (3)(c) and (3)(d), a partner does not include a fixed income partner whose interest in the firm that is the internal or external auditor is limited to the receipt of fixed amounts of compensation (including deferred compensation) for prior service with that firm if the compensation is not contingent in any way on continued service.
- (6) For the purposes of clause (3)(f), direct compensation does not include:
 - (a) remuneration for acting as a member of the board of directors or of any board committee of the issuer, and
 - (b) the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the issuer if the compensation is not contingent in any way on continued service.
- (7) Despite subsection (3), an individual will not be considered to have a material relationship with the issuer solely because the individual or his or her immediate family member
 - (a) has previously acted as an interim chief executive officer of the issuer, or
 - (b) acts, or has previously acted, as a chair or vice-chair of the board of directors or of any board committee of the issuer on a part-time basis.

- (8) For the purpose of section 1.4, an issuer includes a subsidiary entity of the issuer and a parent of the issuer.

1.5 additional independence requirements

- (1) Despite any determination made under section 1.4, an individual who
 - (a) accepts, directly or indirectly, any consulting, advisory or other compensatory fee from the issuer or any subsidiary entity of the issuer, other than as remuneration for acting in his or her capacity as a member of the board of directors or any board committee, or as a part time chair or vice-chair of the board or any board committee; or
 - (b) is an affiliated entity of the issuer or any of its subsidiary entities, is considered to have a material relationship with the issuer.
- (2) For the purposes of subsection (1), the indirect acceptance by an individual of any consulting, advisory or other compensatory fee includes acceptance of a fee by
 - (a) an individual's spouse, minor child or stepchild, or a child or stepchild who shares the individual's home; or
 - (b) an entity in which such individual is a partner, member, an officer such as a managing director occupying a comparable position or executive officer, or occupies a similar position (except limited partners, non-managing members and those occupying similar positions who, in each case, have no active role in providing services to the entity) and which provides accounting, consulting, legal, investment banking or financial advisory services to the issuer or any subsidiary entity of the issuer.
- (3) For the purposes of subsection (1), compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the issuer if the compensation is not contingent in any way on continued service.
