Vancouver, British Columbia--(Newsfile Corp. - February 11, 2026) - **RED METAL RESOURCES LTD. (CSE: RMES) (OTC Pink: RMESF) (FSE: I660) ("Red Metal" or the "Company")** announces that it has closed the second and final tranche of its previously announced non-brokered private placement financing (the "**Offering**") (see news releases dated January 7, 2026, and January 19, 2026 and January 22, 2026) by issuing 7,496,633 units of the Company (the "**Units**") at a price of \$0.06 per Unit for gross proceeds of \$449,798 (the "**Second Tranche**"). The first tranche (the "First Tranche") of the Offering consisted of the sale of 9,125,000 Units for aggregate gross proceeds of \$547,500, and together with the Second Tranche, the aggregate gross proceeds of the Offering were \$997,298.

Caitlin Jeffs, President & CEO, commented: "We are very pleased with the strong support shown in this first tranche. The participation from both new and existing shareholders, including our insiders, reflects continued confidence in Red Metal's strategy and the potential of our projects in Chile. This funding strengthens our position as we advance our exploration plans for 2026."

Each Unit is comprised of one common share of the Company (a "**Share**") and one Share purchase warrant (a "**Warrant**"), with each Warrant exercisable to acquire one additional Share at a price of \$0.09 for the first 12 months from the date of issuance, \$0.12 for the 12-24 month period from issuance, and \$0.15 for the 24-36 month period from issuance.

The securities issued under the Second Tranche are subject to a statutory four month hold from the date of issuance. In connection with the Second Tranche, the Company paid \$18,480 in cash finder's fees and issued 308,000 finder's warrants. Each finder's warrant entitles the holder to purchase one Share of the Company at a price of \$0.06 per Share for a period of two years from the date of issuance.

The proceeds from the Offering will be used for general working capital purposes and to advance exploration on the Company's Carrizal copper project in Chile.

## **MI 61-101 Disclosure**

Two insiders participated in the Second Tranche for aggregate proceeds of \$58,600. Each insider's participation in the Offering constitutes a "related party transaction" as defined under Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"). The Company is relying on the exemptions under section 5.5(a) and section 5.7(1)(a) of MI 61-101 from the formal valuation and minority shareholder approval requirements of MI 61-101, as the fair market value of the Units issued to each of the related parties and the consideration paid by each of the related parties under the Second Tranche did not exceed 25% of the Company's market capitalization, as determined in accordance with MI 61-101. The Company did not file a material change report in respect of the related party transactions at least 21 days before the closing of the Second Tranche due to the Company's desire to close the Second Tranche expeditiously.
