

Ninepoint Launches Global Select Fund Featuring Lead Portfolio Manager, Sam Mitter, to Capture Global Growth Opportunities

Toronto, ON – September 17, 2025 – Ninepoint Partners LP (“Ninepoint”) today announced the launch of the [Ninepoint Global Select Fund](#) (the “Fund”), an actively managed, high-conviction portfolio designed to capture global growth opportunities. The Fund will be led by seasoned veteran in global equity fund management, Samarjit (Sam) Mitter, Senior Portfolio Manager at Ninepoint, who brings over 25 years of experience in growth investing.

The Fund brings together Ninepoint’s high-conviction global equity investment ideas in a focused, go-anywhere strategy, with an investment philosophy that emphasizes:

- **An all-cap universe:** Investing in global small-cap innovators and niche high-potential companies.
- **An unconstrained approach:** Seeking growth across any region or industry.
- **Data-driven selection:** Holdings that reflect today’s opportunities, not past trends.
- **Innovation:** A concentrated portfolio of global innovation leaders, drawing from Ninepoint’s experts across asset classes.

Ninepoint launched the Ninepoint Global Select Fund to capture opportunities created by the recent shift from U.S. to international equities. In building the Fund, Ninepoint leveraged PRISM, its investment and risk analysis platform, to conduct extensive scenario testing and forward-looking assessments to evaluate portfolio quality against relevant benchmarks.

Lead Portfolio Manager, Sam Mitter, spent more than a decade at AGF Investments, where he co-managed the AGF Global Select Fund, AGF U.S. Small & Mid Cap Fund and the AGF Large Cap Growth Fund. Before AGF, he served as an Associate Portfolio Manager at Sentry Investments, focusing on a global long-short equity mandate. *For Sam's full bio, [click here](#).*

"Investing globally reduces home-country concentration and taps into a world of growth that goes beyond any individual market, allowing investors to benefit from worldwide economic momentum and sector innovation, whether it's occurring in Boston or Bangkok," said Mitter. "By adding exposure to the Ninepoint Global Select Fund, investors can diversify their portfolio while capitalizing on emerging opportunities wherever they arise."

Investment Objective

The investment objective of the Ninepoint Global Select Fund is to capture the growth potential of dividend paying and non-dividend paying global equities and provide capital appreciation by investing in a concentrated portfolio of global innovative leaders.

The Fund is now available for purchase via FundServ, and as an ETF series on the TSX (Ticker: GBSL) as of the open of trading on September 17, 2025.
