- Cash on hand as of December 31, 2024: \$431,000
- Net cash used in operations of : (\$544,000)
- Working capital of: \$2.87 million

CEO Commentary

Reflecting on the company's strategic direction, Ted Clark, CEO stated, "In 2024, Wi2Wi made significant strategic progress by prioritizing our Frequency Control business and reducing emphasis on Wireless products. This shift allowed us to better allocate our resources toward areas with the greatest long-term potential, contributing to improved margins, a broader customer base, and a more sustainable growth trajectory. We enter 2025 with a growing pipeline and a clear view of the path ahead."

Operational & Financial Highlights

In FY2024, Wi2Wi generated USD \$6.31 million in revenue, versus USD \$6.34 million the previous year. The company's strategic initiatives have fortified its customer base with significant top-tier additions and sustained partnerships highlighting the Company's commitment to delivering high-performance, reliable solutions across diverse market sectors including Avionics, Military, Industrial, Navigation, Automotive and Medical.

In the first-quarter 2024, Wi2Wi announced it appointed Ted Clark as new Chief Executive Officer, bringing

a fresh perspective to accelerate our strategic initiatives and operational improvements.

In the fourth quarter, Wi2Wi identified a major account customer shipment that did not meet the Company's quality standards. The Company was able to immediately determine the root cause and take corrective action. This prompt response resulted in follow-on orders totaling nearly USD \$500,000 for the same component. The incident underscores the strength of Wi2Wi's customer relationships and its commitment to quality responsiveness. Wi2Wi is actively working to repair all affected returned parts in order to completely resolve this issue.

In the fourth quarter, Wi2Wi closed a non-brokered private placement by issuing a total of 12,000,000 Units at a price of \$0.05 per Unit, for total gross proceeds of \$600,000. The Company intends to use the net proceeds from the private placement for inventory and general working capital purposes.

Engages JT Pacific Capital Partners for Capital Markets Advisory

Wi2Wi announces that it has entered into a consulting agreement with JT Pacific Capital Partners Corp ("JT Capital"). Pursuant to the agreement, JT Capital will be focused on increasing investor awareness while introducing Wi2Wi to its network of professional investor contacts. JT Capital will also provide, among other things, investor outreach campaigns, assistance with investor materials and coordination of public events. JT Capital has been retained for a six-month term. In consideration for the services provided by JT Capital, JT Capital will receive compensation of CAD\$7,500 per month. JT Capital's principals own 1,968,000 shares and 1,000,000 warrants.

Announces Stock Option Grant

Wi2Wi announces that its board of directors has authorized and approved a grant of stock options to certain independent directors, executive officers, senior management, key employees, and key consultants in accordance with the Company's stock option plan. The Corporation has issued an aggregate of 300,000 options (the "Options") at an exercise price of \$0.05 per share. The granting of the Options and issuance of shares are subject to the terms and conditions of the Corporation's Stock Option Plan (the "Plan") adopted by the Corporation on January 28, 2013 and subject to approval by the TSX Venture Exchange, if any approval is needed. The Options will vest on May 31, 2025.

About Wi2Wi Corporation

Wi2Wi is a specialized electronic component supplier with expertise in all aspects of frequency control devices as well as in wireless technologies. Wi2Wi's Precision Devices brand of products has earned a premier spot in numerous key markets including avionics, aerospace, industrial equipment, government, and the US military. Wi2Wi's frequency control products are best-in-class and of the highest quality.

Founded in 2005, Wi2Wi's headquarters, design center and state-of-the-art manufacturing facility are located in the heart of America's industrial belt in Middleton, WI. Wi2Wi can deliver specific solutions using its in-house design and manufacturing expertise, as well as leveraging many tier-1 global partnerships with numerous industry leading silicon and wireless technology suppliers.

Wi2Wi has partnered with best-in-class sales leaders. The company uses a global network of manufacturer's representatives to promote its products and services, and has partnered with world class distributors for the fulfillment of orders all of which augment a US-based direct sales team.

Wi2Wi is extremely proud to serve hundreds of the world's top companies with its made-in-America products.
